Research outputs
Listing of Research outputs

A new inner-city specialist programme reduces re-admission rates in frequently admitted patients with bipolar disorder.
Young, A., Mantingh, T. & Macritchie, K. A. N. 8 Nov 2018 (Accepted/In press) In : BJPsych Bulletin.
Research output: Contribution to journal › Article

Gut feeling: Randomised Controlled Trials of Probiotics for the Treatment of Clinical Depression Systematic Review and Meta-Analysis
Nikolova, V. L., Zaidi, S., Young, A., Cleare, A. J. & Stone, J. M. 8 Nov 2018 (Submitted)
Research output: Working paper

Adjunctive Simvastatin for Treatment-Resistant Depression: Study Protocol of a 12-Week Randomised Controlled Trial
Young, A., Chaudhry, I. B. & Husain, M. I. 6 Nov 2018 (Accepted/In press) In : BJPsych Open.
Research output: Contribution to journal › Article

Psychiatry foretold
Research output: Contribution to journal › Article

Treatment-resistant and Multi-therapy resistant criteria for bipolar depression: A consensus definition
Hidalgo-Mazzei, D., Berk, M., Cipriani, A., Cleare, A. J., Di Florio, A., Dietch, D., Geddes, J., Goodwin, G. M.,
Grunze, H., Hayes, J. F., Jones, I., Kasper, S., Macritchie, K. A. N., McAllister-Williams, R. H., Morriss, R., Nayrouz,
S., Pappa, S., Soares, J. C., Smith, D. J., Suppes, T. & 6 others Talbot, P. S., Vieta, E., Watson, S., Yatham, L. N.,
Research output: Contribution to journal › Article

Hair cortisol and childhood trauma predict psychological therapy response in depression and anxiety disorders
Scandinavica. 0, 0
Research output: Contribution to journal › Article

Restrictions on drugs with medical value: Moving beyond stalemate
Psychopharmacology. 32, 10, 269881118798609
Research output: Contribution to journal › Editorial

Revising DSM-5 criteria for the bipolar disorders: Phase I of the AREDOC project.
Cleare, A. J., Young, A. & Parker, G. 2 Oct 2018 (Accepted/In press) In : Australian and New Zealand Journal of
Psychiatry.
Research output: Contribution to journal › Article

Prescreening clinical trial volunteers using an online personality questionnaire
Patrick, F., Young, A. H., Williams, S. CR. & Perkins, A. M. 5 Sep 2018 In : Neuropsychiatric Disease and Treatment . 14,
p. 2297-2303 6 p.
Research output: Contribution to journal › Article

Mixed states in bipolar and major depressive disorders: systematic review and quality appraisal of guidelines
Research output: Contribution to journal › Review article

Growth Factor Proteins and Treatment-Resistant Depression: A Place on the Path to Precision
Research output: Contribution to journal › Article
OpenSIMPLe: A real-world implementation feasibility study of a smartphone-based psychoeducation programme for bipolar disorder
Research output: Contribution to journal › Article

Inflammation as a Marker of Clinical Response to Treatment: A Focus on Treatment-Resistant Depression
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Ideology over evidence?
Research output: Contribution to journal › Letter

Behavioural biomarkers and mobile mental health: a new paradigm
Hidalgo-Mazzei, D., Young, A. H., Vieta, E. & Colom, F. 6 May 2018 In: International Journal of Bipolar Disorders. 6, 1, p. 9
Research output: Contribution to journal › Article

Multiple-therapy-resistant-Major Depressive Disorder (MTR-MDD): a clinically important concept
Research output: Contribution to journal › Article

Biomarkers for depression: recent insights, current challenges and future prospects
Strawbridge, R. C., Young, A. & Cleare, A. J. 27 Apr 2018 In: Focus: The journal of lifelong learning in psychiatry. 16, 2, p. 194-209
Research output: Contribution to journal › Article

A Morphometric Signature of Depressive Symptoms in Unmedicated patients with Mood Disorders. Grey matter correlates of depressive and hypomanic symptoms
Research output: Contribution to journal › Article

Challenges facing primary care in the pharmacological management of major depressive disorder: implications of residual symptoms and functioning
Rasmussen, J. & Young, A. 11 Apr 2018 (Accepted/In press) In: Progress in Neurology and Psychiatry.
Research output: Contribution to journal › Article

Non-Analytical Obstacles to Stateless Law: Differentiation based on the history of early life stress and psychoneuroendocrine measures
Young, A., Cleare, A. J. & Pereira Juruena, M. F. 11 Apr 2018 (Accepted/In press) In: Behavioural Brain Research.
Research output: Contribution to journal › Article

Is lithium monitoring NICE? Lithium monitoring in a UK secondary care setting
Research output: Contribution to journal › Article

Rethinking the spectrum of mood disorders: implications for diagnosis and management: Proceedings of a symposium presented at the 30th Annual European College of Neuropsychopharmacology Congress, 4 September 2017, Paris, France
Young, A., McIntyre, R. & Haddad, P. M. 25 Mar 2018 In: Therapeutic Advances in Psychopharmacology.
Research output: Contribution to journal › Conference paper
Is recurrence in major depressive disorder related to bipolarity and mixed features? Results from the BRIDGE-II-Mix study
Research output: Contribution to journal › Article

Improving genetic prediction by leveraging genetic correlations among human diseases and traits
Research output: Contribution to journal › Article

Psychotic Major Depression: Challenges in Clinical Practice and Research
Heslin, M. & Young, A. H. 1 Mar 2018 In : British Journal of Psychiatry. p. 131-133
Research output: Contribution to journal › Editorial

Short-term and long-term measures of cortisol in saliva and hair in atypical and non-atypical depression
Research output: Contribution to journal › Article

Glutamatergic hypofunction in medication-free major depression: Secondary effects of affective diagnosis and relationship to peripheral glutaminase
Research output: Contribution to journal › Article

Caveat emptor: Folate in unipolar depressive illness, a systematic review and meta-analysis
Research output: Contribution to journal › Article

Elevated fingernail cortisol levels in major depressive episodes
Research output: Contribution to journal › Article

Assessing and addressing cognitive impairment in bipolar disorder: the International Society for Bipolar Disorders Targeting Cognition Task Force recommendations for clinicians
Research output: Contribution to journal › Review article

Bipolar disorder and addictions: The elephant in the room
Research output: Contribution to journal › Editorial

The Role of Early Life Stress in HPA Axis and Depression
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Cortical abnormalities in bipolar disorder: an MRI analysis of 6503 individuals from the ENIGMA Bipolar Disorder Working Group

Research output: Contribution to journal › Article

Is a SIMPLe smartphone application capable of improving biological rhythms in bipolar disorder?

Research output: Contribution to journal › Article

The evidence for lithium in suicide prevention

Research output: Contribution to journal › Letter

Use of licensed medicines for unlicensed applications in psychiatric practice

Research output: Book/Report › Book

Anxiety, irritability, and agitation as indicators of bipolar mania with depressive symptoms: a post hoc analysis of two clinical trials
Suppes, T., Eberhard, J., Lemming, O., Young, A. H. & McIntyre, R. S. 6 Nov 2017 In : International Journal of Bipolar Disorders. 5, 1, p. 36 IJBD-D-17-00017R1

Research output: Contribution to journal › Article

Clinical and demographic differences between patients with manic, depressive and schizophrenia-spectrum psychoses presenting to Early Intervention Services in London

Research output: Contribution to journal › Article

A Test of the Transdiagnostic Dopamine Hypothesis of Psychosis Using Positron Emission Tomographic Imaging in Bipolar Affective Disorder and Schizophrenia

Research output: Contribution to journal › Article

Atypical Depression and Non Atypical Depression: Is HPA Axis Function a Biomarker? A Systematic Review

Research output: Contribution to journal › Article

Monitoring for antidepressant-associated adverse events in the treatment of patients with major depressive disorder: An international consensus statement

Research output: Contribution to journal › Article
Predictors of rehospitalization in a naturalistic cohort of patients with bipolar affective disorder
Research output: Contribution to journal › Article

The dopamine hypothesis of Bipolar Affective Disorder: the state of the art and implications for treatment
Research output: Contribution to journal › Article

169 - Modulation of Anxiety-Relevant Neural Circuits in Generalized Anxiety Disorder: A Novel Cholinergic System Pharmacotherapy Approach: 72nd Annual Scientific Convention and Meeting
Research output: Contribution to journal › Article

Research output: Contribution to journal › Article

Instability of default mode network connectivity in major depression: a two-sample confirmation study
Research output: Contribution to journal › Article

Adapting to Stress: Understanding the Neurobiology of Resilience
Research output: Contribution to journal › Review article

Pharmacological treatment of mixed states
Research output: Contribution to journal › Article

Footnotes to Kraepelin: changes in the classification of mood disorders with DSM-5
Young, A. & Kalk, N. J. 4 Apr 2017 (Accepted/In press) In : British Journal of Psychiatry Open . 3, 3, p. e1-e3
Research output: Contribution to journal › Editorial

Cortisol levels in fingernails, neurocognitive performance and clinical variables in euthymic bipolar I disorder
Research output: Contribution to journal › Article

Bidirectional relationships between general medical conditions and bipolar disorder: treatment considerations
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Going beyond 'good enough' teaching in psychiatric training
Research output: Contribution to journal › Article
A translational approach to clinical practice via stress-responsive glucocorticoid receptor signaling
Research output: Contribution to journal › Article

Neuropsychological changes in melancholic and atypical depression: A systematic review
Research output: Contribution to journal › Article

Pilot study of a culturally adapted psychoeducation (CaPE) intervention for bipolar disorder in Pakistan
Research output: Contribution to journal › Article

Analysing UK clinicians' understanding of cognitive symptoms in major depression: a survey of primary care physicians and psychiatrists
Research output: Contribution to journal › Article

Minocycline and celecoxib as adjunctive treatments for bipolar depression: A study protocol for a multicenter factorial design randomized controlled trial
Research output: Contribution to journal › Article

Cortisol levels in typical and non-typical major depressive episodes, using hair and saliva specimens
Research output: Contribution to journal › Article

Pharmacological treatment of unipolar depressive disorders in primary care: Summary of WFSBP guidelines
Research output: Contribution to journal › Article

The prevalence and incidence of perinatal anxiety disorders among women experiencing a medically complicated pregnancy
Research output: Contribution to journal › Article

Childhood trauma and mixed episodes are associated with poor response to lithium in bipolar disorders
Research output: Contribution to journal › Article

The International College of Neuro-Psychopharmacology (CINP) treatment guidelines for Bipolar disorder in adults (CINP-BD-2017), part 3: The clinical guidelines
Research output: Contribution to journal › Article

Psychedelics in the treatment of unipolar mood disorders: A systematic review
The International College of Neuro-Psychopharmacology (CINP) treatment guidelines for Bipolar disorder in adults (CINP-BD-2017), part 2: Review, grading of the evidence and a precise algorithm

The International College of Neuropsychopharmacology (CINP) Treatment Guidelines for Bipolar Disorder in Adults (CINP-BD-2017), Part 1: Background and Methods of the Development of Guidelines

S-adenosyl methionine (SAMe) for depression in adults

Carving depression at its joints?
Young, A. & Colasanti, A. Oct 2016 In: World Psychiatry. 15, 3, p. 239-241

The International College of Neuropsychopharmacology (CINP) treatment guidelines for bipolar disorder in adults (CINP-BD-2017), part 4: Unmet needs in the treatment of Bipolar disorder and recommendations for future research

Topiramate for acute affective episodes in bipolar disorder in adults
Pigott, K., Galizia, I., Vasudev, K., Watson, S., Geddes, J. & Young, A. H. 3 Sep 2016 In: Cochrane Database of Systematic Reviews. 9, p. CD003384

The Cognitive Remediation in Bipolar (CRiB) pilot study: Study protocol for a randomised controlled trial
Strawbridge, R., Fish, J., Halari, R., Hodsoll, J., Reeder, C., Macritchie, K., McCrone, P., Wykes, T. & Young, A. H. 29 Jul 2016 In: Trials. 17, 1, 371

Evidence-based guidelines for treating bipolar disorder: Revised third edition recommendations from the British Association for Psychopharmacology

Is chronic fatigue syndrome an inflammatory disorder?

Alterations in regional homogeneity of resting-state brain activity in patients with major depressive disorder screening positive on the 32-item hypomania checklist (HCL-32)
Bipolar Disorders: Basic Mechanisms and Therapeutic Implications
Research output: Book/Report > Book

Common and Distinct Patterns of Grey Matter Volume Alteration in Major Depression and Bipolar Disorder: Evidence from Voxel-Based Meta-Analysis: Grey matter volume in affective disorders
Research output: Contribution to journal > Article

Lithium and suicide prevention
Yang, H. & Young, A. H. 20 May 2016 In : Encephale.
Research output: Contribution to journal > Comment/debate

BAP Position Statement: Off-label prescribing of psychotropic medication to children and adolescents
Research output: Contribution to journal > Article

A Method to Exploit the Structure of Genetic Ancestry Space to Enhance Case-Control Studies
Research output: Contribution to journal > Article

Perinatal anxiety disorder prevalence and incidence
Research output: Contribution to journal > Article

Neuroprotective Effects of Li - It is Elementary
Research output: Contribution to journal > Editorial

Psychotherapies should be assessed for both benefit and harm†
Research output: Contribution to journal > Article

Clinical characteristics of patients assessed within an Improving Access to Psychological Therapies (IAPT) service: results from a naturalistic cohort study (Predicting Outcome Following Psychological Therapy; PROMPT)
Research output: Contribution to journal > Article

Ketamine modulates subgenual cingulate connectivity with the memory-related neural circuit—a mechanism of relevance to resistant depression?
Wong, J. J., O'Daly, O., Mehta, M. A., Young, A. H. & Stone, J. M. 16 Feb 2016 In : PeerJ. 4, e1710
Research output: Contribution to journal > Article

Voxel-Based Meta-Analytical Evidence of Structural Disconnectivity in Major Depression and Bipolar Disorder
Research output: Contribution to journal > Article
Subcortical volumetric abnormalities in bipolar disorder
Research output: Contribution to journal › Article

Recruiting for research studies using online public advertisements: examples from research in affective disorders
Research output: Contribution to journal › Article

Relationships between mixed features and borderline personality disorder in 2811 patients with major depressive episode
Research output: Contribution to journal › Article

Antidepressant treatment response: 'I want it all, and I want it now!'†
Research output: Contribution to journal › Article

Parity of publication for psychiatry
Research output: Contribution to journal › Article

The neuroendocrinology of stress in the pathophysiology of bipolar disorders
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Cortisol levels in atypical and non-atypical depression using hair and saliva specimens
Research output: Contribution to journal › Article

Theory of mind in bipolar disorder, with comparison to the impairments observed in schizophrenia.
Mitchell, R. L. C. & Young, A. 27 Dec 2015 (Accepted/In press) In : Frontiers in Psychiatry. p. 188
Research output: Contribution to journal › Article

Hippocampal Neuroinflammation, Functional Connectivity, and Depressive Symptoms in Multiple Sclerosis
Research output: Contribution to journal › Article

An exploration of testosterone levels in patients with bipolar disorder
Research output: Contribution to journal › Article
The relationship between cortisol, stress and psychiatric illness: New insights using hair analysis
Research output: Contribution to journal › Review article

Cortisol levels in fingernails and neurocognitive performance in euthymic bipolar I patients and healthy controls
Research output: Contribution to journal › Article

Neurocognitive intra-individual variability in mood disorders: effects on attentional response time distributions
Research output: Contribution to journal › Article

High heterogeneity and low reliability in the diagnosis of major depression will impair the development of new drugs
Lieblich, S. M., Castle, D. J., Pantelis, C., Hopwood, M., Young, A. H. & Everall, I. P. Oct 2015 In : British Journal of Psychiatry Open . 1, 2, p. e5-e7
Research output: Contribution to journal › Article

Chapter 5 'Mood stabilizers': lithium and anticonvulsants
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Suicide attempts in major depressive episode: evidence from the BRIDGE-II-Mix study
Popovic, D., Vieta, E., Azorin, J-M., Angst, J., Bowden, C. L., Mosolov, S., Young, A. H. & Perugi, G. 29 Sep 2015 In : BIPOLAR DISORDERS. 17, 7, p. 795–803
Research output: Contribution to journal › Article

Minocycline as an adjunct for treatment-resistant depressive symptoms: study protocol for a pilot randomised controlled trial
Research output: Contribution to journal › Article

Diagnosis, Epidemiology and Management of Mixed States in Bipolar Disorder
Research output: Contribution to journal › Article

Depression and anxiety during the perinatal period
Research output: Contribution to journal › Article

The role of self-blame and worthlessness in the psychopathology of major depressive disorder
Research output: Contribution to journal › Article

Strategies for Improving Randomized Trial Evidence for Treatment of Bipolar Disorder
Research output: Chapter in Book/Report/Conference proceeding › Chapter
Evidence-based guidelines for treating depressive disorders with antidepressants: A revision of the 2008 British Association for Psychopharmacology guidelines
Research output: Contribution to journal › Article

Does long term use of psychiatric drugs cause more harm than good?
Research output: Contribution to journal › Comment/debate

Hippocampal Inflammation and Depressive Symptoms are Associated to the Strength of Hippocampal Functional Connectivity in Multiple Sclerosis: A Study with TSPO-PET and Resting-State fMRI
Research output: Contribution to journal › Article

RE: Is There a Correlation Between Androgens and Sexual Desire in Women?
Research output: Contribution to journal › Letter

Evaluating depressive symptoms in mania: a naturalistic study of patients with bipolar disorder
Young, A. H. & Eberhard, J. 29 Apr 2015 In : Neuropsychiatric Disease and Treatment . 11, p. 1137-1143 7 p.
Research output: Contribution to journal › Article

Book Reviews The Clinician's Guide to Bipolar Disorder
Young, A. H. 8 Apr 2015 In : British Journal of Hospital Medicine. 76, 4, p. 250 1 p.
Research output: Contribution to journal › Book/Film/Article review

Mixed features in patients with a major depressive episode: the BRIDGE-II-MIX study
Research output: Contribution to journal › Article

A comparison of schizophrenia, schizoaffective disorder, and bipolar disorder: Results from the Second Australian national psychosis survey
Research output: Contribution to journal › Article

Antiglucocorticoid treatments for mood disorders (Withdrawn Paper. 2015, Art. no. CD005168)
Gallagher, P., Malik, N., Newham, J., Young, A. H., Ferrier, I. N. & Mackin, P. 2015 In : Cochrane Database of Systematic Reviews. 6, CD005168
Research output: Contribution to journal › Article

Comparative efficacy and acceptability of drug treatments for bipolar depression: a multiple-treatments meta-analysis
Research output: Contribution to journal › Article

The Effects of HPA Axis Function on Cognition and Its Implications for the Pathophysiology of Bipolar Disorder
Research output: Contribution to journal › Article
Bipolar disorder: recent clinical trials and emerging therapies for depressive episodes and maintenance treatment
Research output: Contribution to journal › Article

Lithium and suicide
Research output: Contribution to journal › Comment/debate

Diagnostic and therapeutic utility of neuroimaging in depression: an overview
Research output: Contribution to journal › Article

Differential diagnosis, comorbidity, and treatment of attention-deficit/hyperactivity disorder in relation to bipolar disorder or borderline personality disorder in adults
Research output: Contribution to journal › Article

Predicting outcome following psychological therapy in IAPT (PROMPT): A naturalistic project protocol
Research output: Contribution to journal › Article

Childhood trauma in bipolar disorder
Research output: Contribution to journal › Article

Identification of pathways for bipolar disorder: a meta-analysis
Research output: Contribution to journal › Article

Emerging drugs for bipolar depression: an update
Keedwell, P. A. & Young, A. H. Mar 2014 In : Expert Opinion on Emerging Drugs. 19, 1, p. 25-36 12 p., N/A
Research output: Contribution to journal › Review article

A systematic review and meta-analysis of the evidence base for add-on treatment for patients with major depressive disorder who have not responded to antidepressant treatment: A European perspective
Research output: Contribution to journal › Article

Brain stimulation treatments in bipolar disorder: A review of the current literature
Research output: Contribution to journal › Article

Genetic pleiotropy between multiple sclerosis and schizophrenia but not bipolar disorder: differential involvement of immune-related gene loci
Research output: Contribution to journal › Article
Lurasidone: new development for the treatment of psychosis
Research output: Contribution to journal › Article

The International Society for Bipolar Disorders (ISBD) Task Force Report on Antidepressant Use In Bipolar Disorders
Research output: Contribution to journal › Article

Bipolar Disorder is associated with the rs6971 polymorphism in the gene encoding 18kDa Translocator Protein (TSPO)
Research output: Contribution to journal › Article

Lithium reduces the risk of suicide compared with placebo in people with depression and bipolar disorder
Young, A. H. Nov 2013 In : Evidence-Based Mental Health. 16, 4, p. 112-112 1 p., N/A
Research output: Contribution to journal › Review article

Genetic relationship between five psychiatric disorders estimated from genome-wide SNPs
Research output: Contribution to journal › Article

The size, burden and cost of disorders of the brain in the UK
Research output: Contribution to journal › Article

Performance monitoring and executive control of attention in euthymic bipolar disorder: Employing the CPT-AX paradigm
Research output: Contribution to journal › Article

Cognitive performance is impaired in euthymic Chinese patients with Bipolar 1 Disorder
Research output: Contribution to journal › Article

Transcultural validity of the Hypomania Checklist-32 (HCL-32) in patients with major depressive episodes
Gamma, A., Angst, J., Azorin, J-M., Bowden, C. L., Perugi, G., Vieta, E. & Young, A. H. 12 Jul 2013 In : Bipolar Disorders.
Research output: Contribution to journal › Article
Evidence-based definitions of bipolar-I and bipolar-II disorders among 5,635 patients with major depressive episodes in the Bridge Study: validity and comorbidity
Angst, J., Gamma, A., Bowden, C. L., Azorin, J. M., Perugi, G., Vieta, E. & Young, A. H. 31 Jan 2013 In : European Archives Of Psychiatry And Clinical Neuroscience. Research output: Contribution to journal › Article

Mosaic PPM1D mutations are associated with predisposition to breast and ovarian cancer

Is comorbid borderline personality disorder in patients with major depressive episode and bipolarity a developmental subtype? Findings from the international BRIDGE study
Perugi, G., Angst, J., Azorin, J-M., Bowden, C., Vieta, E., Young, A. & BRIDGE Study Grp 10 Jan 2013 In : Journal of Affective Disorders. 144, 1-2, p. 72-78 7 p. Research output: Contribution to journal › Article

Environmental Lithium Exposure in the North of Chile-II. Natural Food Sources

Corpus callosum changes in euthymic bipolar affective disorder

Neurocognitive functioning in bipolar depression: a component structure analysis

Novel loci associated with increased risk of sudden cardiac death in the context of coronary artery disease

Valproate reopens critical-period learning of absolute pitch

Valproic acid, valproate and divalproex in the maintenance treatment of bipolar disorder
Cipriani, A., Reid, K., Young, A. H., Macritchie, K. & Geddes, J. 2013 In : Cochrane Database of Systematic Reviews. 2013, 10, p. N/A 50 p., CD003196 Research output: Contribution to journal › Article

Are bipolar disorders underdiagnosed in patients with depressive episodes? Results of the multicenter BRIDGE screening study in Germany
Bschor, T., Angst, J., Azorin, J. M., Bowden, C. L., Perugi, G., Vieta, E., Young, A. & Krueger, S. 15 Dec 2012 In : Journal of Affective Disorders. 142, 1-3, p. 45-52 8 p., N/A
Research output: Contribution to journal › Article

Tiatagabin for acute affective episodes in bipolar disorder
Research output: Contribution to journal › Literature review

A Randomized Trial to Examine the Effect of Mifepristone on Neuropsychological Performance and Mood in Patients with Bipolar Depression
Watson, S., Gallagher, P., Porter, R. J., Smith, M. S., Herron, L. J., Bulmer, S., Young, A., Ferrier, I. N. & North-East Mood Disorders Clinical 1 Dec 2012 In : Biological Psychiatry. 72, 11, p. 943-949 7 p., N/A
Research output: Contribution to journal › Article

Environmental Lithium Exposure in the North of Chile-I. Natural Water Sources
Research output: Contribution to journal › Article

BRIDGE Study Warrants Critique-Reply
Research output: Contribution to journal › Letter

Antidepressants for major depressive episodes: A modest proposal
Research output: Contribution to journal › Editorial

A randomised, placebo-controlled 52-week trial of continued quetiapine treatment in recently depressed patients with bipolar I and bipolar II disorder
Research output: Contribution to journal › Article

Diagnostic criteria for bipolarity based on an international sample of 5,635 patients with DSM-IV major depressive episodes
Angst, J., Gamma, A., Bowden, C. L., Azorin, J. M., Perugi, G., Vieta, E. & Young, A. Feb 2012 In : European Archives Of Psychiatry And Clinical Neuroscience. 262, 1, p. 3-11 9 p.
Research output: Contribution to journal › Article

Identifying features of bipolarity in patients with first-episode postpartum depression: Findings from the international BRIDGE study
Research output: Contribution to journal › Article

Valproate in acute mania: is our practice evidence based?
Vasudev, K., Mead, A., Macnichie, K. & Young, A. H. 2012 In : INTERNATIONAL JOURNAL OF HEALTH CARE QUALITY ASSURANCE. 25, 1, p. 41-52 12 p., N/A
Research output: Contribution to journal › Article

Glucocorticoid receptors in the prefrontal cortex regulate stress-evoked dopamine efflux and aspects of executive function
Research output: Contribution to journal › Article
Annual cost of managing bipolar disorder to the UK healthcare system
Research output: Contribution to journal › Article

Identifying a cognitive impairment subgroup in adults with mood disorders
Iverson, G. L., Brooks, B. L., Langenecker, S. A. & Young, A. H. Aug 2011 In : Journal of Affective Disorders. 132, 3, p. 360-367 8 p., N/A
Research output: Contribution to journal › Article

Prevalence and Characteristics of Undiagnosed Bipolar Disorders in Patients With a Major Depressive Episode: The BRIDGE Study
Angst, J., Azorin, J-M., Bowden, C. L., Perugi, G., Vieta, E., Gamma, A., Young, A. & BRIDGE Study Grp Aug 2011 In : JAMA Psychiatry. 68, 8, p. 791-799 9 p., N/A
Research output: Contribution to journal › Article

Detection of bipolar disorder
Young, A. & MacPherson, H. Jul 2011 In : British Journal of Psychiatry. 199, 1, p. 3-4 2 p., N/A
Research output: Contribution to journal › Editorial

More good news about the magic ion: lithium may prevent dementia
Young, A. H. May 2011 In : British Journal of Psychiatry. 198, 5, p. 336-337 2 p., N/A
Research output: Contribution to journal › Editorial

Oxcarbazepine for acute affective episodes in bipolar disorder
Research output: Contribution to journal › Literature review

Tiagabine in the maintenance treatment of bipolar disorder
Research output: Contribution to journal › Literature review

In search of optimal lithium levels and olanzapine doses in the long-term treatment of bipolar I disorder. A post-hoc analysis of the maintenance study by Tohen et al. 2005
Research output: Contribution to journal › Article

Sex dependence of brain size and shape in bipolar disorder: an exploratory study
Research output: Contribution to journal › Article

Rare Copy Number Variants A Point of Rarity in Genetic Risk for Bipolar Disorder and Schizophrenia
Research output: Contribution to journal › Article

A Double-Blind, Placebo-Controlled Study of Quetiapine and Lithium Monotherapy in Adults in the Acute Phase of Bipolar Depression (EMBOLDEN I)
White matter microstructural abnormalities in euthymic bipolar disorder

Abnormal response to failure in unmedicated major depression

The role of dopamine in bipolar disorder
Cousins, D. A., Butts, K. & Young, A. Dec 2009 In : BIPOLAR DISORDERS. 11, 8, p. 787-806 20 p., N/A

Profound Changes in Dopaminergic Neurotransmission in the Prefrontal Cortex in Response to Flattening of the Diurnal Glucocorticoid Rhythm: Implications for Bipolar Disorder

Persistent effects of mifepristone (RU-486) on cortisol levels in bipolar disorder and schizophrenia

Effect of chronic lithium treatment on D-2/3 autoreceptor regulation of dopaminergic function in the rat

Adequacy of venlafaxine dose prescribing in major depression and hospital resources implications

Bouncing back: is the bipolar rebound phenomenon peculiar to lithium? A retrospective naturalistic study

Antiglucocorticoid treatments for mood disorders

Soft neurological signs do not increase with age in euthymic bipolar subjects

A double blind, randomized, placebo-controlled trial of quetiapine as an add-on therapy to lithium or divalproex for the treatment of bipolar mania
Genome-wide association study of 14,000 cases of seven common diseases and 3,000 shared controls
Research output: Contribution to journal › Article

Lithium, arginine vasopressin and the dexamethasone/CRH test in mood disordered patients
Research output: Contribution to journal › Article

The armamentarium of treatments for bipolar disorder: a review of the literature
Research output: Contribution to journal › Literature review

The nature of abnormal language processing in euthymic bipolar I disorder: evidence for a relationship between task demand and prefrontal function
Research output: Contribution to journal › Article

Changes in brain-derived neurotrophic factor following treatment with mifepristone in bipolar disorder and schizophrenia
Research output: Contribution to journal › Article

Plasma cortisol-dehydroepiandrosterone (DHEA) ratios in schizophrenia and bipolar disorder
Research output: Contribution to journal › Article

The progesterone metabolite allopregnanolone potentiates GABA(A) receptor-mediated inhibition of 5-HT neuronal activity
Research output: Contribution to journal › Article

Neurocognitive function following remission in major depressive disorder: potential objective marker of response?
Research output: Contribution to journal › Article

Executive and visuospatial sketchpad resources in euthymic bipolar disorder: Implications for visuospatial working memory architecture
Research output: Contribution to journal › Article

Childhood IQ and deaths up to middle age: The Newcastle Thousand Families Study
Research output: Contribution to journal › Article

Culture and assessment of manic symptoms
Research output: Contribution to journal › Article
Assessing cortisol and dehydroepiandrosterone (DHEA) in saliva: effects of collection method
Research output: Contribution to journal › Article
