Research outputs
Listing of Research outputs

**Does the ‘diffusion of innovations’ model enrich understanding of research use? Case studies of the implementation of thrombolysis services for stroke**
Boaz, A., Baeza, J. & Fraser, A. Oct 2016 In : Journal of health services research & policy. 21, 4, p. 229-234
Research output: Contribution to journal › Article

**The roles of specialisation and evidence-based practice in inter-professional jurisdictions: A qualitative study of stroke services in England, Sweden and Poland**
Research output: Contribution to journal › Article

**Evidence-based practice: reflections from five European case studies**
Research output: Contribution to journal › Article

**Integration in stroke services: The challenges for primary and community care services**
Research output: Contribution to journal › Article

**The importance of normative integration in stroke services: case study evidence from Sweden and England**
Research output: Contribution to journal › Article

**Deep and wide: new perspectives on evidence and policy**
Boaz, A. & Gough, D. May 2012 In : Evidence & Policy. 8, 2, p. 139-140 2 p.
Research output: Contribution to journal › Editorial

**Complexity and clarity in evidence use**
Boaz, A. & Gough, D. 2012 In : Evidence & Policy. 8, 1, p. 3 - 5 3 p.
Research output: Contribution to journal › Editorial

**Implementing ‘translational’ biomedical research: Convergence and divergence among clinical and basic scientists**
Research output: Contribution to journal › Article

**Real-world approaches to assessing the impact of environmental research on policy**
Research output: Contribution to journal › Article

**Why do parents enrol their children in research: a narrative synthesis**
Research output: Contribution to journal › Article

**Beyond the 'simple logic' of evidence-based policy**
Research output: Contribution to journal › Editorial

**Different patterns of evidence production and use**
Research output: Contribution to journal › Editorial
Implementing a translational model of research: convergence and divergence among clinical and basic scientists.
Research output: Contribution to journal › Article

The practice of policy making
Research output: Contribution to journal › Editorial

Improving the use of evidence in health impact assessment
Research output: Contribution to journal › Article

Evidence and policy in six European countries: diverse approaches and common challenges
Research output: Contribution to journal › Editorial
