

Research outputs

Listing of Research outputs

Exploring the ultra-light to sub-MeV dark matter window with atomic clocks and co-magnetometers

Alonso, R., Blas, D. & Wolf, P., 1 Jul 2019, In : *Journal of High Energy Physics*. 2019, 7, 69.

Research output: Contribution to journal › Article

Scattering of light dark matter in atomic clocks

Wolf, P., Alonso, R. & Blas, D., 17 May 2019, In : *Physical Review D*. 99, 9, 095019.

Research output: Contribution to journal › Article

Searching for ultra-light dark matter with atomic spectroscopy

Wolf, P., Alonso, R. & Blas, D., 1 Jan 2019, *Proceedings of the 54th Rencontres de Moriond - 2019 Gravitation*. Auge, E., Dumarchez, J. & Tran Thanh Van, J. (eds.). ARISF, p. 183-189 7 p. (Proceedings of the 54th Rencontres de Moriond - 2019 Gravitation).

Research output: Chapter in Book/Report/Conference proceeding › Conference paper

The above report is produced using the following setup

Ordered by: null
