Research outputs
Listing of Research outputs

**Systematic review and meta-analysis of risk of gestational diabetes in women with preconception mental disorders**
Research output: Contribution to journal › Article › peer-review

**Autism spectrum disorders as a risk factor for adolescent self-harm: a retrospective cohort study of 113,286 young people in the UK**
Research output: Contribution to journal › Article › peer-review

**Developing a user-informed intervention study of a virtual reality therapy for social anxiety in autistic adolescents**
Research output: Contribution to journal › Article › peer-review

**Systematic Review and Meta-analysis: Efficacy of Pharmacological Interventions for Irritability and Emotional Dysregulation in Autism Spectrum Disorder and Predictors of Response**
Research output: Contribution to journal › Article › peer-review

**Examining clinicians’ concerns delivering telemental health interventions directly to autistic individuals during COVID-19**
Research output: Contribution to journal › Article › peer-review

**Development of type 2 diabetes in women with comorbid gestational diabetes and common mental disorders in the Born in Bradford cohort**
Research output: Contribution to journal › Article › peer-review

**Development of Type 2 diabetes in women with co-morbid gestational diabetes and common mental disorders in the Born in Bradford cohort**
Research output: Contribution to journal › Article › peer-review

**Acquisition and loss of best walking skills in children and young people with bilateral cerebral palsy**
Research output: Contribution to journal › Article › peer-review

**Parent, Teacher and Observational Reports of Emotional and Behavioral Problems in Young Autistic Children**
Research output: Contribution to journal › Article › peer-review

**Systematic Review and Meta-analysis: Screening Tools for Attention-Deficit/Hyperactivity Disorder in Children and Adolescents**
Editorial: The Long-term Impact of Attention-Deficit/Hyperactivity Disorder: Lessons From the Past and Directions for the Future
Research output: Contribution to journal › Editorial › peer-review

Lancet Commission on the Future of Care and Clinical Research in Autism
Research output: Contribution to journal › Article › peer-review

The feasibility of a strategy for the remote recruitment, consenting and assessment of recent referrals: A protocol for Phase 1 of the On-Line Parent Training for the Initial Management of ADHD referrals (OPTIMA).
Research output: Contribution to journal › Article › peer-review

Preference for biological motion is reduced in ASD: implications for clinical trials and the search for biomarkers
the LEAP Team*, Dec 2021, In: Molecular Autism. 12, 1, 74.
Research output: Contribution to journal › Article › peer-review

A Novel Group Parenting Intervention for Emotional and Behavioral Difficulties in Young Autistic Children: Autism Spectrum Treatment and Resilience (ASTAR): A Randomized Controlled Trial
Research output: Contribution to journal › Article › peer-review

The management of ADHD in children and adolescents: bringing evidence to the clinic: perspective from the European ADHD Guidelines Group (EAGG)
Research output: Contribution to journal › Article › peer-review

Association Between Prenatal Exposure to Antipsychotics and Attention-Deficit/Hyperactivity Disorder, Autism Spectrum Disorder, Preterm Birth, and Small for Gestational Age
Research output: Contribution to journal › Article › peer-review

Exploring the impact of adolescent cognitive inflexibility on emotional and behavioural problems experienced by autistic adults
Research output: Contribution to journal › Article › peer-review

The association of adverse life events and parental mental health with emotional and behavioral outcomes in young adults with autism spectrum disorder
Research output: Contribution to journal › Article › peer-review
Behavioural and physiological response to frustration in autistic youth: associations with irritability
Research output: Contribution to journal › Article › peer-review

Technology-Based Assessments and Treatments of Anxiety in Autistic Individuals: Systematic Review and Narrative Synthesis
Research output: Contribution to journal › Review article › peer-review

COVID-19 health and social care access for autistic people: European policy review
Research output: Contribution to journal › Article › peer-review

The Association of Adverse Life Events and Parental Mental Health on Emotional and Behavioural Outcomes in Young Adults with Autism Spectrum Disorder: Life Events and Mental Health in Adults with ASD
Research output: Contribution to journal › Article › peer-review

Editors' Note and Special Communication: Research Priorities in Child and Adolescent Mental Health Emerging From the COVID-19 Pandemic
Research output: Contribution to journal › Editorial › peer-review

Autism Spectrum Disorder and Mental Health Problems: Patterns of Difficulties and Longitudinal Trajectories in a Population-Based Twin Sample
Research output: Contribution to journal › Article › peer-review

Inspecting the Glass Half-Full Identifies Strengths in the Development of Children With Autism Spectrum Disorder
Research output: Contribution to journal › Comment/debate

A white paper on a neurodevelopmental framework for drug discovery in autism and other neurodevelopmental disorders
Research output: Contribution to journal › Review article › peer-review

Pilot Randomised Controlled Trial of a Novel Group Parenting Intervention for Emotional and Behavioural Difficulties in Young Autistic Children: Feasibility and Preliminary Outcomes
Research output: Contribution to journal › Article › peer-review
Exploring the cognitive, emotional and sensory correlates of social anxiety in autistic and neurotypical adolescents
Research output: Contribution to journal › Article › peer-review

Neural Correlates of Theory of Mind in Autism Spectrum Disorder, Attention-Deficit/Hyperactivity Disorder, and the Comorbid Condition
Research output: Contribution to journal › Article › peer-review

Is there an association between anxiety and depression prior to and during pregnancy and gestational diabetes? An analysis of the Born in Bradford cohort
Research output: Contribution to journal › Article › peer-review

Development and Psychometric Properties of a New Questionnaire to Assess Mental Health and Concerning Behaviors in Children and Young People with Autism Spectrum Disorder (ASD): The Assessment of Concerning Behavior (ACB) Scale
Research output: Contribution to journal › Article › peer-review

User Perspectives of Mood-Monitoring Apps Available to Young People: Qualitative Content Analysis
Research output: Contribution to journal › Article › peer-review

COVID-19 health and social care access for autistic people and individuals with intellectual disability: A European policy review.
Research output: Contribution to journal › Review article

How do core autism traits and associated symptoms relate to quality of life? Findings from the Longitudinal European Autism Project
Research output: Contribution to journal › Article › peer-review

Informing the development of an E-platform for monitoring wellbeing in schools: Involving young people in a co-design process
Research output: Contribution to journal › Article › peer-review

A Qualitative Content Analysis of User Perspectives of Mood-Monitoring Apps Available to Young People.
Research output: Contribution to journal › Article › peer-review

Developing an E-Platform for Monitoring Wellbeing in London Schools: Involving Young People in a Co-Design Process
Research output: Contribution to journal › Article › peer-review
Investigating the Factors Underlying Adaptive Functioning in Autism in the EU-AIMS Longitudinal European Autism Project
Research output: Contribution to journal › Article › peer-review

Altered Connectivity Between Cerebellum, Visual, and Sensory-Motor Networks in Autism Spectrum Disorder: Results from the EU-AIMS Longitudinal European Autism Project
Research output: Contribution to journal › Article › peer-review

Anxiety in young people with autism spectrum disorder: Common and autism-related anxiety experiences and their associations with individual characteristics
Research output: Contribution to journal › Article › peer-review

Factors associated with pain in adolescents with bilateral cerebral palsy
Research output: Contribution to journal › Article › peer-review

Preconception health
Research output: Contribution to journal › Letter › peer-review

Neural Correlates of Duration Discrimination in Young Adults with Autism Spectrum Disorder, Attention-Deficit/Hyperactivity Disorder and Their Comorbid Presentation
Research output: Contribution to journal › Article › peer-review

Unbalanced risk-benefit analysis of ADHD drugs – Authors' reply
Research output: Contribution to journal › Letter › peer-review

Brief Report: Testing the Psychometric Properties of the Spence Children’s Anxiety Scale (SCAS) and the Screen for Child Anxiety Related Emotional Disorders (SCARED) in Autism Spectrum Disorder
Research output: Contribution to journal › Article › peer-review

Comparative efficacy and tolerability of medications for attention-deficit hyperactivity disorder in children, adolescents, and adults: a systematic review and network meta-analysis
Research output: Contribution to journal › Article › peer-review
Alterations in Electrophysiological Indices of Perceptual Processing and Discrimination are Associated with Co-occurring Emotional and Behavioural Problems in Adolescents with Autism Spectrum Disorder
Research output: Contribution to journal › Article › peer-review

Demand avoidance is not necessarily defiance – Authors' reply
Research output: Contribution to journal › Comment/debate › peer-review

Should Clinicians Split or Lump Psychiatric Symptoms? The Structure of Psychopathology in Two Large Pediatric Clinical Samples from England and Norway
Research output: Contribution to journal › Article › peer-review

Specificity of executive function and theory of mind performance in relation to attention-deficit/hyperactivity symptoms in autism spectrum disorders
Research output: Contribution to journal › Article › peer-review

The Association Between Comorbid Autism Spectrum Disorders and Antipsychotic Treatment Failure in Early-Onset Psychosis: A Historical Cohort Study Using Electronic Health Records
Research output: Contribution to journal › Article › peer-review

Practitioner Review: Current best practice in the use of parent training and other behavioural interventions in the treatment of children and adolescents with attention deficit hyperactivity disorder
Research output: Contribution to journal › Article › peer-review

Language growth in children with heterogeneous language disorders: a population study
Research output: Contribution to journal › Article › peer-review

The association between theory of mind, executive function and the symptoms of autism spectrum disorder
Research output: Contribution to journal › Article › peer-review

Unlocking anxiety expressions in autism spectrum disorders: Evidence from the lab and clinical settings
Research output: Contribution to journal › Poster abstract › peer-review

The EU-AIMS Longitudinal European Autism Project (LEAP): Clinical characterisation
The EU-AIMS Longitudinal European Autism Project (LEAP): Design and methodologies to identify and validate stratification biomarkers for autism spectrum disorders
Research output: Contribution to journal › Article › peer-review

The measurement properties of the spence children's anxiety scale-parent version in a large international pooled sample of young people with autism spectrum disorder
Research output: Contribution to journal › Article › peer-review

Measurement of urine indolylacroylglycine is not useful in the diagnosis or dietary management of autism
Research output: Contribution to journal › Article › peer-review

Comparative efficacy and tolerability of pharmacological interventions for attention-deficit/hyperactivity disorder in children, adolescents and adults: protocol for a systematic review and network meta-analysis
Research output: Contribution to journal › Article › peer-review

Prevalence of Anxiety in Autism Spectrum Disorders
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

The European ADHD Guidelines Group replies
Research output: Contribution to journal › Letter › peer-review

Screening for co-occurring conditions in adults with autism spectrum disorder using the Strengths and Difficulties Questionnaire: a pilot study
Research output: Contribution to journal › Article › peer-review

Screening for co-occurring conditions in adults with autism spectrum disorder using the strengths and difficulties questionnaire: A pilot study
The impact of nonverbal ability on prevalence and clinical presentation of language disorder: evidence from a population study
Research output: Contribution to journal › Article › peer-review

Methylphenidate for ADHD in children and adolescents: throwing the baby out with the bathwater
Banaschewski, T., Buitelaar, J., Chui, C., Cortese, S., Simonoff, E. & Wong, I. C. K., 8 Sep 2016, (Accepted/In press) In: Evidence-Based BMJ.
Research output: Contribution to journal › Article › peer-review

Phonological processing in children with specific language impairment with and without reading difficulties
Research output: Contribution to journal › Article › peer-review

Research output: Contribution to journal › Article › peer-review

Dual Cognitive and Biological Correlates of Anxiety in Autism Spectrum Disorders
Research output: Contribution to journal › Article › peer-review

Predicting the diagnosis of autism in adults using the Autism-Spectrum Quotient (AQ) questionnaire
Research output: Contribution to journal › Article › peer-review

Clinical predictors of antipsychotic use in children and adolescents with autism spectrum disorders: a historical open cohort study using electronic health records
Research output: Contribution to journal › Article › peer-review

Neurofeedback for attention-deficit/hyperactivity disorder: meta-analysis of clinical and neuropsychological outcomes from randomized controlled trials
Research output: Contribution to journal › Review article › peer-review

Disentangling the autism-anxiety overlap: fMRI of reward processing in a community-based longitudinal study
Research output: Contribution to journal › Article › peer-review

Alexithymia in Adolescents with Autism Spectrum Disorder: Its Relationship to Internalising Difficulties, Sensory Modulation and Social Cognition
Comparison of parental estimate of developmental age with measured IQ in children with neurodevelopmental disorders

Protocol for the development and validation of a questionnaire to assess concerning behaviours and mental health in individuals with autism spectrum disorders: The Assessment of Concerning Behaviour (ACB) scale

Emotional and behavioural problems in young children with autism spectrum disorder

Autism Spectrum Disorders and Other Mental Health Problems: Exploring Etiological Overlaps and Phenotypic Causal Associations

Elephants in Pyjamas: Testing the Weak Central Coherence Account of Autism Spectrum Disorders Using a Syntactic Disambiguation Task

Identification and validation of biomarkers for autism spectrum disorders

Callous-unemotional traits in adolescents with autism spectrum disorder

Genome-wide analysis identifies a role for common copy number variants in specific language impairment

Irritability in boys with autism spectrum disorders: an investigation of physiological reactivity
Testing two screening instruments for autism spectrum disorder in UK community child health services
Research output: Contribution to journal › Article › peer-review

Co-occurring Psychiatric Disorders in Preschool and Elementary School-Aged Children with Autism Spectrum Disorder
Research output: Contribution to journal › Article › peer-review

Younger children experience lower levels of language competence and academic progress in the first year of school: Evidence from a population study
Research output: Contribution to journal › Article › peer-review

Systematic review of tools to measure outcomes for young children with autism spectrum disorder
Research output: Contribution to journal › Article › peer-review

Lack of replication for the myosin-18B association with mathematical ability in independent cohorts
Research output: Contribution to journal › Article › peer-review

Exome Sequencing in an Admixed Isolated Population Indicates NFXL1 Variants Confer a Risk for Specific Language Impairment
Research output: Contribution to journal › Article › peer-review

Determination of psychosis-related clinical profiles in children with autism spectrum disorders using latent class analysis
Research output: Contribution to journal › Article › peer-review

Exposure to selective serotonin reuptake inhibitors during pregnancy and risk of autism spectrum disorder in children: A systematic review and meta-analysis of observational studies
Research output: Contribution to journal › Literature review › peer-review

Treatment of Children with Attention Deficit Hyperactivity Disorder (ADHD) and Irritability: Results from the Multimodal Treatment Study of Children with ADHD (MTA)
Research output: Contribution to journal › Article › peer-review
Genome-wide screening for DNA variants associated with reading and language traits
Research output: Contribution to journal › Article › peer-review

Differences in HPA-axis and heart rate responsiveness to psychosocial stress in children with autism spectrum disorders with and without co-morbid anxiety
Research output: Contribution to journal › Article › peer-review

Gut Permeability in Autism Spectrum Disorders
Research output: Contribution to journal › Article › peer-review

Frequency and patterns of eating disorder symptoms in early adolescence
Research output: Contribution to journal › Article › peer-review

Research Review: The role of diet in the treatment of attention-deficit/hyperactivity disorder: an appraisal of the evidence on efficacy and recommendations on the design of future studies
Research output: Contribution to journal › Literature review › peer-review

The effects of maternal eating disorders on offspring childhood and early adolescent psychiatric disorders
Research output: Contribution to journal › Article › peer-review

The Association Between Social Cognition and Executive Functioning and Symptoms of Anxiety and Depression in Adolescents With Autism Spectrum Disorders
Research output: Contribution to journal › Article › peer-review

Psychopharmacological prescriptions for people with autism spectrum disorder (ASD): a multinational study
Research output: Contribution to journal › Article › peer-review

Childhood psychopathology in children of women with eating disorders: understanding risk mechanisms
Research output: Contribution to journal › Article › peer-review

Comparing service use and costs among adolescents with autism spectrum disorders, special needs and typical development
Research output: Contribution to journal › Article › peer-review
The Variation of Psychopharmacological Prescription Rates for People With Autism Spectrum Disorder (ASD) in 30 Countries

Research output: Contribution to journal › Article › peer-review

Parent-Reported Gastro-intestinal Symptoms in Children with Autism Spectrum Disorders

Research output: Contribution to journal › Article › peer-review

The relationship between attentional bias and anxiety in children and adolescents with autism spectrum disorders

Research output: Contribution to journal › Article › peer-review

Commentary: RCT of optimal dose methylphenidate in children and adolescents with severe ADHD and ID - a reply to Arnold (2013)

Research output: Contribution to journal › Comment/debate › peer-review

Pharmacological treatments prescribed to people with autism spectrum disorder (ASD) in primary health care

Research output: Contribution to journal › Article › peer-review

Randomized controlled double-blind trial of optimal dose methylphenidate in children and adolescents with severe attention deficit hyperactivity disorder and intellectual disability

Research output: Contribution to journal › Article › peer-review

Nonpharmacological interventions for ADHD: systematic review and meta-analyses of randomized controlled trials of dietary and psychological treatments

Research output: Contribution to journal › Article › peer-review

Spoken word recognition in adolescents with autism spectrum disorders and specific language impairment

Research output: Contribution to journal › Article › peer-review

The persistence and stability of psychiatric problems in adolescents with autism spectrum disorders

Research output: Contribution to journal › Article › peer-review

Autism as a strongly genetic disorder: Evidence from a British twin study

Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review
No Evidence for a Fundamental Visual Motion Processing Deficit in Adolescents with Autism Spectrum Disorders
Research output: Contribution to journal › Article › peer-review

Impairment in non-word repetition: a marker for language impairment or reading impairment?
Research output: Contribution to journal › Article › peer-review

Maternal eating disorders and infant feeding difficulties: maternal and child mediators in a longitudinal general population study
Research output: Contribution to journal › Article › peer-review

Pregnancy and post-partum depression and anxiety in a longitudinal general population cohort: The effect of eating disorders and past depression
Research output: Contribution to journal › Article › peer-review

'Everyday Memory' Impairments in Autism Spectrum Disorders
Research output: Contribution to journal › Article › peer-review

Defining the cognitive phenotype of autism
Research output: Contribution to journal › Article › peer-review

A multimodal approach to emotion recognition ability in autism spectrum disorders
Research output: Contribution to journal › Article › peer-review

IQ in children with autism spectrum disorders: data from the Special Needs and Autism Project (SNAP)
Research output: Contribution to journal › Article › peer-review

European guidelines on managing adverse effects of medication for ADHD
Research output: Contribution to journal › Article › peer-review

Non-word repetition in adolescents with Specific Language Impairment and Autism plus Language Impairments: A qualitative analysis
Research output: Contribution to journal › Article › peer-review

Parental help-seeking in primary care for child and adolescent mental health concerns: qualitative study
No evidence for MMR-ASD link
Research output: Contribution to journal › Article › peer-review

Efficacy of three screening instruments in the identification of autistic-spectrum disorders
Research output: Contribution to journal › Article › peer-review

Influence of childhood adversity on health among male UK military personnel
Research output: Contribution to journal › Article › peer-review

Early childhood stunting is associated with poor psychological functioning in late adolescence and effects are reduced by psychosocial stimulation
Research output: Contribution to journal › Article › peer-review

Validation of the social communication questionnaire in a population cohort of children with autism spectrum disorders
Research output: Contribution to journal › Article › peer-review

Eating disorders symptoms in pregnancy: A longitudinal study of women with recent and past eating disorders and obesity
Research output: Contribution to journal › Article › peer-review

ADHD symptoms in children with mild intellectual disability
Research output: Contribution to journal › Article › peer-review

Risk of major adverse perinatal outcomes in women with eating disorders
Research output: Contribution to journal › Article › peer-review

Psychopathology, temperament and unintentional injury: cross-sectional and longitudinal relationships
Research output: Contribution to journal › Article › peer-review

Autism and ADHD: Evidence for substantial phenotypic and genetic overlap
Research output: Contribution to journal › Meeting abstract

Effects of early childhood stimulation and supplementation on psychosocial functioning in late adolescence: Follow up of a randomised controlled trial
Research output: Contribution to journal › Article › peer-review

The Croydon Assessment of Learning Study: Prevalence and educational identification of mild mental retardation
Research output: Contribution to journal › Article › peer-review
Prevalence of disorders of the autism spectrum in a population cohort of children in South Thames: the Special Needs and Autism Project (SNAP)
Research output: Contribution to journal › Article › peer-review

Continuity and change in preschool ADHD symptoms: Longitudinal genetic analysis with contrast effects
Research output: Contribution to journal › Article › peer-review

Children with psychiatric disorders and learning disabilities - Their needs extend beyond the provisions in national service framework
Research output: Contribution to journal › Editorial › peer-review

Psychiatric profile of children with Velo-cardio-facial syndrome (VCFS)
Research output: Contribution to journal › Meeting abstract

Psychiatric profile of children with velo-cardio-facial syndrome (VCFS)
Research output: Contribution to journal › Meeting abstract

The effect of deletion 22Q11 on brain anatomy and behaviour: A structural imaging study of children with velocardio-facial syndrome (VCFS)
Research output: Contribution to journal › Meeting abstract

The effect of deletion 22q11 on brain anatomy and behaviour: A structural imaging study of children with velo-cardio-facial syndrome (VCFS)
Research output: Contribution to journal › Meeting abstract

Predictors of antisocial personality. Continuities from childhood to adult life
Research output: Contribution to journal › Article › peer-review

Psychiatric profile of children with Velo-cardio-facial syndrome (VCFS)
Research output: Contribution to journal › Meeting abstract

Parental views about services for children attending schools for the emotionally and behaviourally disturbed (EBD): a qualitative analysis
Research output: Contribution to journal › Article › peer-review
Staff knowledge and attitudes towards deliberate self-harm in adolescents
Research output: Contribution to journal › Article › peer-review

Assessment of the within-family environment in twins: absolute versus differential ratings, and relationship with conduct problems
Research output: Contribution to journal › Article › peer-review

Bulimic symptoms in the Virginia twin study of adolescent behavioral development: Correlates, comorbidity, and genetics
Research output: Contribution to journal › Article › peer-review

An investigation of early precursors of psychosis; A neuropsychological profile of children with velo-cardio-facial syndrome (VCFS)
Research output: Contribution to journal › Meeting abstract

Assessment of genetic and environmental influences on differential ratings of within-family experiences and relationships in twins
Research output: Contribution to journal › Article › peer-review

Cognitive profile of children with velo-cardio-facial syndrome (VCFS)
Research output: Contribution to journal › Meeting abstract

Genetic and environmental risk factors for mild mental retardation
Research output: Contribution to journal › Meeting abstract

Psychiatric profile of children with velo-cardio-facial syndrome-preliminary findings
Research output: Contribution to journal › Meeting abstract

What is stable about hyperactive behaviors in pre-school children is genetic: Implications for molecular genetic studies
Research output: Contribution to journal › Meeting abstract

Neuropsychological profile of children with Velo-cardio-facial syndrome (VCFS)
Research output: Contribution to journal › Meeting abstract

The prevalence and role of genetic abnormalities in a general population sample with mild mental retardation
Research output: Contribution to journal › Meeting abstract
Comorbidity between verbal and non-verbal cognitive delays in 2-year-olds: a bivariate twin analysis
Research output: Contribution to journal › Article › peer-review

Association study of a dopamine transporter polymorphism and attention deficit hyperactivity disorder in UK and Turkish samples.
Research output: Contribution to journal › Article › peer-review

Attention deficit hyperactivity disorder (ADHD) and the dopamine D4 receptor gene: evidence of association but no linkage in a UK sample.
Research output: Contribution to journal › Article › peer-review

Child psychiatric symptoms and psychosocial impairment: relationship and prognostic significance
Research output: Contribution to journal › Article › peer-review

Gene-environment interplay in oppositional defiant and conduct disorder
Research output: Contribution to journal › Article › peer-review

Genetic influences on conduct disorder.
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Hyperactivity in preschool children is highly heritable
Research output: Contribution to journal › Letter › peer-review

Landau-Kleffner syndrome: course and correlates with outcome
Research output: Contribution to journal › Article › peer-review

Parental concordance and comorbidity for psychiatric disorder and associate risks for current psychiatric symptoms and disorders in a community sample of juvenile twins
Research output: Contribution to journal › Article › peer-review

The Twin Inventory of Relationships and Experiences (TIRE): Psychometric properties of a measure of the non-shared and shared environmental experiences of twins and singletons
Research output: Contribution to journal › Article › peer-review

Extracting meaning from comorbidity: Genetic analyses that make sense
Risk factors for genetic typing and detection in retinitis pigmentosa
Research output: Contribution to journal › Article › peer-review

Dominant retinitis pigmentosa with reduced penetrance. Further studies of the electroretinogram
Research output: Contribution to journal › Article › peer-review

Electroretinographic testing as an aid in detection of carriers of X-chromosome-linked retinitis pigmentosa
Research output: Contribution to journal › Article › peer-review

The above report is produced using the following setup
