Dental Age Estimation: Pattern Recognition of Root Canal Widths of Mandibular Molars. A Novel Mandibular Maturity Marker at the 18-Year Threshold
Research output: Contribution to journal › Article

Short term orthodontics
Research output: Contribution to journal › Article

Dental Age Estimation—Root Pulp Visibility (RPV) patterns: A reliable Mandibular Maturity Marker at the 18 year threshold
Research output: Contribution to journal › Article

Dental age estimation of children and adolescents: Validation of the Maltese Reference Data Set
Research output: Contribution to journal › Article

Dental age estimation: periodontal ligament visibility (PLV)—pattern recognition of a conclusive mandibular maturity marker related to the lower left third molar at the 18-year threshold
Research output: Contribution to journal › Article

Dental Age Estimation: A Test of the Reliability of Correctly Identifying a Subject Over 18 Years of Age Using the Gold Standard of Chronological Age as the Comparator
Research output: Contribution to journal › Article

Nasofrontal Angle and Nasal Dorsal Aesthetics: A Quantitative Investigation of Idealized and Normative Values
Research output: Contribution to journal › Article

Experimentelle Untersuchungen zum Bruchdrehmoment kieferorthopädischer Minischrauben
Research output: Contribution to journal › Article

Dental age assessment of Maltese children and adolescents. Development of a reference dataset and comparison with a United Kingdom Caucasian reference dataset
Research output: Contribution to journal › Article

Nasofacial angle and nasal prominence: A quantitative investigation of idealized and normative values
Research output: Contribution to journal › Article

Comparison of the dental anomalies found in maxillary canine-first premolar transposition cases with those in palatally displaced canine cases
Research output: Contribution to journal › Article  

Relationship between maxillary central incisor proportions and facial proportions  
Research output: Contribution to journal › Article  

Ages of legal importance: Implications in relation to birth registration and age assessment practices  
Jayaraman, J., Roberts, G., Wong, H. M., McDonald, F. & King, N. M. 1 Jan 2016 In : Medicine, Science and the Law. 56, 1, p. 77-82 6 p.  
Research output: Contribution to journal › Article  

Submental-Cervical Angle: Perceived Attractiveness and Threshold Values of Desire for Surgery  
Research output: Contribution to journal › Article  

Dental Age Estimation (DAE): Data management for tooth development stages including the third molar. Appropriate censoring of Stage H, the final stage of tooth development  
Research output: Contribution to journal › Article  

Adherence in Orthodontic Settings: Understanding practitioner views in a UK sample  
Research output: Contribution to journal › Article  

Aesthetic impact of the upper component of the nasolabial angle: A quantitative investigation  
Research output: Contribution to journal › Article  

Pulmonary vein sleeve cell excitation-contraction-coupling becomes dysynchronized by spontaneous calcium transients  
Research output: Contribution to journal › Article  

Commentaries: Crevicular alkaline phosphatase activity during the application of two patterns of orthodontic forces  
Research output: Contribution to journal › Article  

The aesthetic impact of upper lip inclination in orthodontics and orthognathic surgery  
Research output: Contribution to journal › Article  

Dental anomalies in first-degree relatives of transposed canine probands  
Research output: Contribution to journal › Article  

Clinical importance of incidental findings reported on small-volume dental cone beam computed tomography scans focused on impacted maxillary canine teeth  
Patient expectations, acceptance and preferences for miniscrew implant treatment
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Distal cervical caries in the mandibular second molar: An indication for the prophylactic removal of third molar teeth? Update
Research output: Contribution to journal › Article

A systematic review of randomized controlled trials of interventions to improve adherence among orthodontic patients aged 12 to 18
Research output: Contribution to journal › Article

Facial profile parameters and their relative influence on bilabial prominence and the perceptions of facial profile attractiveness: A novel approach
Research output: Contribution to journal › Article

Lip Asymmetry and Smile Aesthetics
Research output: Contribution to journal › Article

The influence of combined orthodontic-orthognathic surgical treatment on perceptions of attractiveness: a longitudinal study
Research output: Contribution to journal › Article

How does variation in lower anterior face height influence perceived attractiveness? A quantitative investigation
Research output: Contribution to journal › Article

In vitro comparison of contemporary radiographic imaging techniques for measurement of tooth length: Reliability and radiation dose
Research output: Contribution to journal › Article

Assessing the influence of mandibular prominence on perceived attractiveness in the orthognathic patient, clinician, and layperson
Research output: Contribution to journal › Article

Assessing the influence of lower facial profile convexity on perceived attractiveness in the orthognathic patient, clinician, and layperson
Research output: Contribution to journal › Article
Assessing the influence of chin prominence on perceived attractiveness in the orthognathic patient, clinician and layperson
Research output: Contribution to journal › Article

Assessing the Influence of Asymmetry Affecting the Mandible and Chin Point on Perceived Attractiveness in the Orthognathic Patient, Clinician, and Layperson
Research output: Contribution to journal › Article

Influence of chin height on perceived attractiveness in the orthognathic patient, layperson, and clinician
Research output: Contribution to journal › Article

Expectations, acceptance and preferences of patients in treatment with orthodontic mini-implants Part II: Implant removal
Research output: Contribution to journal › Article

Effectiveness and acceptability of face-to-face, blended and e-learning: a randomised trial of orthodontic undergraduates
Research output: Contribution to journal › Article

Patient Expectations, Acceptance and Preferences in Treatment with Orthodontic Mini-implants
Research output: Contribution to journal › Article

Expectations, acceptance, and preferences regarding microimplant treatment in orthodontic patients: A randomized controlled trial
Research output: Contribution to journal › Article

Assessment of slot sizes in self-ligating brackets using electron microscopy
Research output: Contribution to journal › Article

Assessment of the anterior maxilla in orthodontic patients using upper anterior occlusal radiographs and dental panoramic tomography: a comparison
Research output: Contribution to journal › Article

Space planning sensitivity and specificity: Royal London Space Planning and Korkhaus Analyses
Research output: Contribution to journal › Article

Immunolocalization of mitoKATP subunits in human osteoblast-like cells
Butler, J., Warley, A., Brady, K. & McDonald, F. Jan 2010 In : FRONTIERS IN BIOSCIENCE. E2, N/A, p. 739-751 13 p., N/A
Research output: Contribution to journal › Article
A retrograde step
Cobourne, M., Bister, D. & McDonald, F. 26 Nov 2005 In : British Dental Journal. 199, 10, p. 625 - 625 1 p.
Research output: Contribution to journal › Letter

Dolphin Imaging Software: an analysis of the accuracy of cephalometric digitization and orthognathic prediction
Research output: Contribution to journal › Article

Observations on the use and clinical effectiveness of lacebacks
Research output: Contribution to journal › Letter

The effectiveness of laceback ligatures: a randomized controlled clinical trial
Research output: Contribution to journal › Article

Biocompatibility of two commercial forms of mineral trioxide aggregate
Research output: Contribution to journal › Article

Calmidazolium and arachidonate activate a calcium entry pathway that is distinct from store-operated calcium influx in HeLa cells
Research output: Contribution to journal › Article

An evaluation of slot size in orthodontic brackets - Are standards as expected?
Research output: Contribution to journal › Article

The localization of estrogen receptors on human osteoblasts - A preliminary optical and electron microscopic technique
Research output: Contribution to journal › Article

Regulation of InsP(3) receptor activity by neuronal Ca2+-binding proteins
Research output: Contribution to journal › Article

A comparative study of the static and kinetic frictional resistance of titanium molybdenum alloy archwires in stainless steel brackets
Research output: Contribution to journal › Article

A preliminary optical and electron microscopic study of the beta(1) integrin distribution pattern of human osteosarcoma-derived cells
Research output: Contribution to journal › Article

Ion channels in osteoblasts: A story of two intracellular organelles
Research output: Contribution to journal › Article
The orthodontic patient: treatment and biomechanics
Research output: Book/Report » Book

Cytokine release by osteoblast-like cells cultured on implant discs of varying alloy compositions
Research output: Contribution to journal » Article

Analysis of facial growth in subjects with syndromic ectodermal dysplasia: a longitudinal analysis
Research output: Contribution to journal » Article

A cephalometric analysis of patients with recessive dystrophic epidermolysis bullosa
Research output: Contribution to journal » Article

An evaluation of accelerated Portland cement as a restorative material
Research output: Contribution to journal » Article

Analysis of the morbidity of submerged deciduous molars: The use of imaging techniques
Research output: Contribution to journal » Article

Local anaesthesia in dentistry
Research output: Book/Report » Book

A radiographic analysis of computer prediction in conjunction with orthognathic surgery
Research output: Contribution to journal » Article

Nasopalatine duct cyst: a case report
Research output: Contribution to journal » Article

Analysis of the vertical facial form in patients with severe hypodontia
Research output: Contribution to journal » Article

Laser light transmission in teeth: a study of the patterns in different species
Research output: Contribution to journal » Article
