Research outputs

Listing of Research outputs

Subclinical psychotic experiences and subsequent contact with mental health services
Research output: Contribution to journal › Article › peer-review

Delays to diagnosis and treatment in patients presenting to mental health services with bipolar disorder
Research output: Contribution to journal › Meeting abstract › peer-review

Gender differences in the association between childhood physical and sexual abuse, social support and psychosis
Research output: Contribution to journal › Article › peer-review

Self esteem and self agency in first episode psychosis: Ethnic variation and relationship with clinical presentation
Research output: Contribution to journal › Article › peer-review

Delays before diagnosis and initiation of treatment in patients presenting to mental health services with Bipolar Disorder
Research output: Contribution to journal › Article › peer-review

Duration of untreated psychosis and pathway to care in Riyadh, Saudi Arabia
Research output: Contribution to journal › Article › peer-review

Delays to diagnosis and treatment of bipolar disorder: the UK experience
Research output: Contribution to journal › Article › peer-review

Factors affecting hospital admission following presentation to mental health services with psychosis
Research output: Contribution to journal › Meeting abstract › peer-review

Interplay Between Childhood Physical Abuse and Familial Risk in the Onset of Psychotic Disorders
Research output: Contribution to journal › Article › peer-review

The effect of the environment on symptom dimensions in the first episode of psychosis: a multilevel study
Research output: Contribution to journal › Article › peer-review

Identifying aspects of neighbourhood deprivation associated with increased incidence of schizophrenia
Research output: Contribution to journal › Article › peer-review
Mortality in first-contact psychosis patients in the UK: a cohort study
Research output: Contribution to journal › Article › peer-review

Incidence of schizophrenia and other psychoses in England, 1950-2009: a systematic review and meta-analyses
Research output: Contribution to journal › Article › peer-review

Satisfaction with inpatient treatment for first-episode psychosis among different ethnic groups: A report from the UK AeSOP study
Research output: Contribution to journal › Article › peer-review

Long-term maternal recall of obstetric complications in schizophrenia research
Research output: Contribution to journal › Conference paper

Increased use of antipsychotic long-acting injections with community treatment orders
Research output: Contribution to journal › Article › peer-review

Early risk factors for suicide in an epidemiological first episode psychosis cohort
Research output: Contribution to journal › Article › peer-review

Residential context buffers against psychosis: Multi-level investigation of ethnic minority groups living in England
Research output: Contribution to journal › Conference paper

Reassessing the Long-term Risk of Suicide After a First Episode of Psychosis
Research output: Contribution to journal › Article › peer-review

Community treatment orders and psychotropic medication: baseline data analysis for a one year follow up study (N=200)
Research output: Contribution to journal › Meeting abstract

DETERMINING THE LONG-TERM RISK OF SUICIDE AND PREMATURE DEATH FOLLOWING A FIRST EPISODE OF PSYCHOSIS: AN INCIDENCE COHORT APPROACH
Research output: Contribution to journal › Meeting abstract

Ethnicity, social disadvantage and psychotic-like experiences in a healthy population based sample
Research output: Contribution to journal › Article › peer-review
A FURTHER EXPLORATION OF THE GENDER DIFFERENCES IN THE AGE OF ONSET OF SCHIZOPHRENIA
Research output: Contribution to journal › Meeting abstract

CHANGES IN INCIDENCE OF PSYCHOSIS IN A LOCALITY OVER TIME-CLUES TO SOCIOENVIRONMENTAL AETIOLOGY
Research output: Contribution to journal › Meeting abstract

UNEMPLOYMENT AND RISK OF PSYCHOSIS IN BLACK AND MINORITY ETHNIC (BME) GROUPS
Research output: Contribution to journal › Meeting abstract

Cumulative social disadvantage, ethnicity and first-episode psychosis: a case-control study
Research output: Contribution to journal › Article › peer-review

Testing the association between the incidence of schizophrenia and social capital in an urban area
Research output: Contribution to journal › Article › peer-review

Unemployment & risk of psychosis in black and minority ethnic (BME) groups
Research output: Contribution to journal › Meeting abstract

A comparison of symptoms and family history in schizophrenia with and without prior cannabis use: Implications for the concept of cannabis psychosis
Research output: Contribution to journal › Article › peer-review

Suicide and other causes of mortality in bipolar disorder: a longitudinal study
Research output: Contribution to journal › Article › peer-review

Physical illness and lifestyle risk factors in people with their first presentation of psychosis
Research output: Contribution to journal › Article › peer-review

Review: The wider social environment and schizophrenia
Research output: Contribution to journal › Literature review › peer-review

The incidence of schizophrenia in European immigrants to Canada
Research output: Contribution to journal › Article › peer-review

Trends in cannabis use prior to first presentation with schizophrenia, in South-East London between 1965 and 1999
Research output: Contribution to journal › Article › peer-review
Duration of untreated psychosis and ethnicity in the AE SOP first-onset psychosis study
Research output: Contribution to journal › Article › peer-review

Adolescent cannabis use and later psychosis
Research output: Contribution to journal › Meeting abstract

Adolescent cannabis use and later psychosis
Research output: Contribution to journal › Meeting abstract

Differences in symptomatology in schizophrenia and schizophrenia-like disorders with and without prior cannabis use
Research output: Contribution to journal › Meeting abstract

Obstetric complications and cognitive decline in first episode psychosis
Research output: Contribution to journal › Meeting abstract

Obstetric complications and cognitive decline in first episode psychosis
Research output: Contribution to journal › Meeting abstract

Risk factors for suicide in bipolar disorder in urban Camberwell compared to rural Dumfries and Galloway
Research output: Contribution to journal › Conference paper

The epidemiology of depressive psychosis compared to manic psychosis in the three AESOP study centres: South London, Nottingham and Bristol
Research output: Contribution to journal › Meeting abstract

The epidemiology of first onset depressive psychosis compared to manic psychosis
Research output: Contribution to journal › Meeting abstract

Incidence and distribution of first-episode mania by age: results from a 35-year study
Research output: Contribution to journal › Article › peer-review

Pathways to care and ethnicity. 1: Sample characteristics and compulsory admission. Report from the AESOP study
Research output: Contribution to journal › Article › peer-review
Pathways to care and ethnicity. 2: Source of referral and help-seeking. Report from the AESOP study
Research output: Contribution to journal › Article › peer-review

Gender differences in incidence and age at onset of mania and bipolar disorder over a 35-year period in Camberwell, England
Research output: Contribution to journal › Article › peer-review

Family history and severity of illness in first episode psychosis
Research output: Contribution to journal › Meeting abstract

Ethnic differences in first clinical presentation of bipolar disorder: results from an epidemiological study
Research output: Contribution to journal › Article › peer-review

The association of inequality with the incidence of schizophrenia - An ecological study
Research output: Contribution to journal › Article › peer-review

Pathways to schizophrenia: the impact of environmental factors
Research output: Contribution to journal › Conference paper

Can investigations of brain function help characterize the prodrome?
Research output: Contribution to journal › Meeting abstract

Doubling in incidence of schizophrenia in South London from 1965 to 1997
Research output: Contribution to journal › Meeting abstract

Neonatal hypoxia predicts premorbid adjustment in childhood
Research output: Contribution to journal › Meeting abstract

Research output: Contribution to journal › Article › peer-review

Temporal variation in the incidence, course and outcome of schizophrenia.
Research output: Chapter in Book/Report/Conference proceeding › Chapter
