Research outputs

Listing of Research outputs

Therapist-supported online cognitive therapy for post-traumatic stress disorder (PTSD) in young people: protocol for an early-stage, parallel-group, randomised controlled study (OPTYC trial)
Research output: Contribution to journal › Article › peer-review

The early course and treatment of posttraumatic stress disorder in very young children: diagnostic prevalence and predictors in hospital-attending children and a randomized controlled proof-of-concept trial of trauma-focused cognitive therapy, for 3- to 8-year-olds
Research output: Contribution to journal › Article › peer-review

Protocol for the RELATE trial: a feasibility and pilot randomised controlled trial of a low-intensity group intervention for young people in care with elevated posttraumatic stress symptoms
Research output: Contribution to journal › Article › peer-review

A cognitive behavioural intervention for low self‐esteem in young people who have experienced stigma, prejudice, or discrimination: An uncontrolled acceptability and feasibility study
Research output: Contribution to journal › Article › peer-review

Using Imagery Rescripting as an Early Intervention for Depression in Young People
Research output: Contribution to journal › Article › peer-review

A Feasibility Randomised Controlled Trial of a Brief Early Intervention for Adolescent Depression that targets emotional mental images and memory specificity (IMAGINE trial).
Research output: Contribution to journal › Article › peer-review

The DECRYPT trial: Study protocol for a phase II randomised controlled trial of cognitive therapy for post-traumatic stress disorder (PTSD) in youth exposed to multiple traumatic stressors
Research output: Contribution to journal › Article › peer-review

Decentering as a core component in the psychological treatment and prevention of youth anxiety and depression: a narrative review and insight report
Research output: Contribution to journal › Review article › peer-review

Complex post-traumatic stress symptoms in female adolescents: the role of emotion dysregulation in impairment and trauma exposure after an acute sexual assault
Research output: Contribution to journal › Article › peer-review
Translating the Cognitive Model of PTSD to the Treatment of Very Young Children: A Single Case Study of an 8-Year-Old Motor Vehicle Accident Survivor
Research output: Contribution to journal › Article › peer-review

Posttraumatic stress disorder in young children 3 years posttrauma: Prevalence and longitudinal predictors
Research output: Contribution to journal › Article › peer-review

Cognitive therapy for PTSD in children and adolescents
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Acute stress disorder and the transition to posttraumatic stress disorder in children and adolescents: Prevalence, course, prognosis, diagnostic suitability, and risk markers
Research output: Contribution to journal › Article › peer-review

Cognitive therapy as an early treatment for post-traumatic stress disorder in children and adolescents: A randomized controlled trial addressing preliminary efficacy and mechanisms of action
Research output: Contribution to journal › Article › peer-review

The latent structure of Acute Stress Disorder symptoms in trauma-exposed children and adolescents
Research output: Contribution to journal › Article › peer-review

An Update on the Clinical Utility of the Children's Post-Traumatic Cognitions Inventory
Research output: Contribution to journal › Article › peer-review

Appraisals of Internal States and their Consequences: Relationship to Adolescent Analogue Bipolar Symptoms
Research output: Contribution to journal › Article › peer-review

Predictors of Posttraumatic Stress Symptom Trajectories in Parents of Children Exposed to Motor Vehicle Collisions
Research output: Contribution to journal › Article › peer-review

Research output: Contribution to journal › Article › peer-review

Computerised CBT for depressed adolescents: Randomised controlled trial
Non-replication of the association between 5HTTLPR and response to psychological therapy for child anxiety disorders
Research output: Contribution to journal › Article › peer-review

Post traumatic stress disorder
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Trauma-focused cognitive behaviour therapy versus treatment as usual for post traumatic stress disorder (PTSD) in young children aged 3 to 8 years: study protocol for a randomised controlled trial
Research output: Contribution to journal › Article › peer-review

‘All these negative thoughts come flooding in’: How young people with depression describe their experience of rumination
Research output: Contribution to journal › Article › peer-review

Investigating the efficacy of the social communication questionnaire for identifying autism spectrum disorder in children with down syndrome
Research output: Contribution to journal › Meeting abstract › peer-review

Autism Characteristics and Behavioural Disturbances in ~ 500 Children with Down's Syndrome in England and Wales
Research output: Contribution to journal › Article › peer-review

Thought Control Strategies and Rumination in Youth with Acute Stress Disorder and Posttraumatic Stress Disorder Following Single-Event Trauma
Research output: Contribution to journal › Article › peer-review

Mindfulness-based cognitive therapy for depression in adolescents
Research output: Contribution to journal › Article › peer-review

The Child PTSD Symptom Scale: An update and replication of its psychometric properties
Research output: Contribution to journal › Article › peer-review

Cognitive Behavioural Therapy for Unusual Experiences in Children: A Case Series
Research output: Contribution to journal › Article › peer-review
Children and war: the work of the Children and War Foundation
Research output: Contribution to journal › Article › peer-review

Treatment of posttraumatic stress disorder in children and adolescents
Research output: Contribution to journal › Article › peer-review

Post-traumatic Stress Disorder
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Randomized Control Trial of a CBT Trauma Recovery Program in Palestinian Schools
Research output: Contribution to journal › Article › peer-review

Mood regulation in youth: research findings and clinical approaches to irritability and short-lived episodes of mania-like symptoms
Research output: Contribution to journal › Literature review › peer-review

Intrusive memories and depression following recent non-traumatic negative life events in adolescents
Research output: Contribution to journal › Article › peer-review

Traumatic events
Research output: Chapter in Book/Report/Conference proceeding › Chapter

The nature of trauma memories in acute stress disorder in children and adolescents
Research output: Contribution to journal › Article › peer-review

Traumatic events and post traumatic stress disorder
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Post Traumatic Stress Disorder: Cognitive Therapy with Children and Young People.
Research output: Book/Report › Book

Maladaptive Cognitive Appraisals Mediate the Evolution of Posttraumatic Stress Reactions: A 6-Month Follow-Up of Child and Adolescent Assault and Motor Vehicle Accident Survivors
Research output: Contribution to journal › Article › peer-review
Research output: Contribution to journal › Article › peer-review

Post-traumatic stress reactions of children and adolescents exposed to the Athens 1999 earthquake
Research output: Contribution to journal › Article › peer-review

Prevalence and genetic and environmental influences on anxiety disorders in 6 year old twins
Research output: Contribution to journal › Article › peer-review

The role of the family in child and adolescent posttraumatic stress following attendance at an emergency department
Research output: Contribution to journal › Article › peer-review

Cognitive aspects of posttraumatic stress reactions and their treatment in children and adolescents: An empirical review and some recommendations
Research output: Contribution to journal › Literature review › peer-review

Festschrift for William Yule
Research output: Contribution to journal › Article › peer-review

The Children's Revised Impact of Event Scale (CRIES): Validity as a screening instrument for PTSD
Research output: Contribution to journal › Article › peer-review

Acute stress disorder and posttraumatic stress disorder in children and adolescents involved in assaults or motor vehicle accidents
Research output: Contribution to journal › Article › peer-review

School-based CBT group intervention for refugee children who have experienced war-related trauma
Research output: Contribution to journal › Article › peer-review

Early psychological intervention for auditory hallucinations: An exploratory study of young people's voices groups
Research output: Contribution to journal › Article › peer-review

Post-traumatic stress disorders
Research output: Chapter in Book/Report/Conference proceeding › Chapter

The Children's Revised Impact of Event Scale (CRIES): Validity as a Screening Instrument for PTSD
DEMQOL - Evaluation of a new system for measuring quality of life in people with dementia: Validity, reliability and use in regular practice
Research output: Contribution to journal › Meeting abstract

Informal carers in palliative care: Underserved and overlooked
Research output: Contribution to journal › Meeting abstract

Informal carers in palliative care: underserved and overlooked
Pahl, N., Harding, R. & Smith, P., 2004, 15th International Conference on care of the terminally ill. Unknown Publisher
Research output: Chapter in Book/Report/Conference proceeding › Meeting abstract

Treatment of PTSD in Children and Adolescents
Research output: Chapter in Book/Report/Conference proceeding › Chapter

A twin study of anxiety-related behaviours in pre-school children.
Research output: Contribution to journal › Article › peer-review

Principal components analysis of the impact of event scale with children in war.
Research output: Contribution to journal › Article › peer-review

Children in Armed Conflict
Research output: Chapter in Book/Report/Conference proceeding › Chapter

War exposure and children from Bosnia-Hercegovina: Psychological adjustment in a community sample.
Research output: Contribution to journal › Article › peer-review

War exposure and maternal reactions in the psychological adjustment of children from Bosnia-Hercegovina.
Research output: Contribution to journal › Article › peer-review

The structure of anxiety in 4-year-olds: A genetic analysis
Research output: Contribution to journal › Meeting abstract

Practitioner review: The assessment and treatment of post-traumatic stress disorder in children and adolescents
Research output: Contribution to journal › Literature review › peer-review

Practitioner review: the assessment and treatment of PTSD in children and adolescents
Research output: Contribution to journal › Article › peer-review
War trauma and psychopathology in Bosnian refugee children
Research output: Contribution to journal › Article › peer-review

Eye movement desensitisation and reprocessing
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Posttraumatic stress disorder in children and adolescents
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Teaching Survival Techniques: a group leaders' manual for child survivors of war and disaster
Research output: Book/Report › Book

Post-traumatic stress disorder

The above report is produced using the following setup
Ordered by: null
