Research outputs
Listing of Research outputs

So Much Cost, Such Little Progress
Research output: Contribution to journal › Editorial

The forgotten ureteric stent: what next?
Research output: Contribution to journal › Article

Prospective randomized trial of hexylaminolevulinate photodynamic-assisted transurethral resection of bladder tumour (TURBT) plus single-shot intravesical mitomycin C vs conventional white-light TURBT plus mitomycin C in newly presenting non-muscle-invasive bladder cancer
Research output: Contribution to journal › Article

Snapshot of transurethral resection of bladder tumours in the United Kingdom Audit (STUKA)
Research output: Contribution to journal › Article

Outpatient laser ablation of non-muscle-invasive bladder cancer: is it safe, tolerable and cost-effective?
Research output: Contribution to journal › Article

Long-term Outcomes of Robot-assisted Radical Cystectomy for Bladder Cancer
Research output: Contribution to journal › Article

Is Fluorescent Cystoscopy of Cost/Benefit/Therapeutic Value for Carcinoma In Situ of the Bladder? NO (a difficult task)
Research output: Contribution to journal › Editorial

Percutaneous radiofrequency ablation of small renal tumours in patients with a single functioning kidney: long-term results
Research output: Contribution to journal › Article

Research output: Contribution to journal › Letter

Demonstration of erectile management techniques to men scheduled for radical prostatectomy reduces long-term regret: a comparative cohort study
Research output: Contribution to journal › Article

Prevention of Bladder Tumours after Nephroureterectomy for Primary Upper Urinary Tract Urothelial Carcinoma: A Prospective, Multicentre, Randomised Clinical Trial of a Single Postoperative Intravesical Dose of Mitomycin C (the ODMIT-C Trial)
Research output: Contribution to journal › Article
THE SUCCESSFUL, SUSTAINABLE ELIMINATION OF A WAITING LIST FOR UROLOGY OUTPATIENTS
Research output: Contribution to journal › Editorial

BLADDER CANCER: Photodynamic diagnosis can improve surgical outcome
Research output: Contribution to journal › Editorial

TOWARDS A RATIONAL STRATEGY FOR THE SURVEILLANCE OF PATIENTS WITH LYNCH SYNDROME (HEREDITARY NON-POLYPOSIS COLON CANCER) FOR UPPER TRACT TRANSITIONAL CELL CARCINOMA
Research output: Contribution to journal › Editorial

Research output: Contribution to journal › Letter

Hexylaminolaevulinate fluorescence cystoscopy in patients previously treated with intravesical bacille Calmette-Guérin
Research output: Contribution to journal › Article

WHY DON'T MERCEDES BENZ PUBLISH RANDOMIZED TRIALS?
Research output: Contribution to journal › Editorial
