Research output

Listing of Research output

The EU-AIMS Longitudinal European Autism Project (LEAP): Clinical Characterisation
Charman, T. 30 Apr 2017 In : Molecular autism.
Research output: Contribution to journal › Article

Randomised trial of a parent-mediated intervention for infants at high risk for autism: Longitudinal outcomes to age 3 years
Research output: Contribution to journal › Article

Anxiety and Attentional Bias to Threat in Children at Increased Familial Risk for Autism Spectrum Disorder
The BASIS Team 23 Jan 2017 In : Journal of Autism and Developmental Disorders.
Research output: Contribution to journal › Article

Attitudes of the autism community to early autism research
Research output: Contribution to journal › Article

Profiles of children with Down syndrome who meet screening criteria for autism spectrum disorder (ASD): a comparison with children diagnosed with ASD attending special schools.
Warner, G. L., Moss, J., Salomone, E., Charman, T. & Howlin, P. Jan 2017 In : Journal of Intellectual Disability Research. 61, 1, p. 75-82
Research output: Contribution to journal › Article

Attention training for infants at familial risk of ADHD (INTERSTAARS): study protocol for a randomised controlled trial
Research output: Contribution to journal › Article

Executive function in the first three years of life: Precursors, predictors and patterns
Research output: Contribution to journal › Article

Mid-Childhood Outcomes of Infant Siblings at Familial High-Risk of Autism Spectrum Disorder
Research output: Contribution to journal › Article

Parent-mediated social communication therapy for young children with autism (PACT): Long-term follow-up of a randomised controlled trial
Research output: Contribution to journal › Article

Visual search performance in infants associates with later ASD diagnosis
Research output: Contribution to journal › Article

Measurement of urine indolylacroylglycine is not useful in the diagnosis or dietary management of autism
Cost-effectiveness analysis of a communication-focused therapy for pre-school children with autism: Results from a randomised controlled trial
Research output: Contribution to journal › Article

Early Social Experience Affects the Development of Eye Gaze Processing
Research output: Contribution to journal › Article

Callous-unemotional traits in adolescents with autism spectrum disorder
Research output: Contribution to journal › Article

The new genetics of autism: A translational opportunity?
Research output: Contribution to journal › Comment/debate

Where are the strongest associations between autistic traits and traits of ADHD? evidence from a community-based twin study
Research output: Contribution to journal › Article

Diagnostic stability in young children at risk for autism spectrum disorder: A baby siblings research consortium study
Research output: Contribution to journal › Article

Poverty and the Growth of Emotional and Conduct Problems in Children with Autism With and Without Comorbid ADHD
Research output: Contribution to journal › Article

Testing two screening instruments for autism spectrum disorder in UK community child health services
Research output: Contribution to journal › Article

Psychological assessment in the clinical context
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Brief Report: Coherent Motion Processing in Autism: Is Dot Lifetime an Important Parameter?
Research output: Contribution to journal › Article

Enhanced Visual Search in Infancy Predicts Emerging Autism Symptoms
Research output: Contribution to journal › Article
Early sex differences are not autism-specific: A Baby Siblings Research Consortium (BSRC) study
Research output: Contribution to journal » Article

Younger children experience lower levels of language competence and academic progress in the first year of school: Evidence from a population study
Research output: Contribution to journal » Article

Do children with specific language impairment and autism spectrum disorders benefit from the presence of orthography when learning new spoken words?
Research output: Contribution to journal » Article

Systematic review of tools to measure outcomes for young children with autism spectrum disorder
Research output: Contribution to journal » Article

Enhanced integration of motion information in children with autism
Research output: Contribution to journal » Article

Annual Research Review: Infant development, autism, and ADHD - early pathways to emerging disorders
Research output: Contribution to journal » Article

Autism Diagnostic Interview-Revised (ADI-R) Algorithms for Toddlers and Young Preschoolers: Application in a Non-US Sample of 1,104 Children
Research output: Contribution to journal » Article

Shorter spontaneous fixation durations in infants with later emerging autism
Wass, S. V., Jones, E. J. H., Gliga, T., Smith, T. J., Charman, T., Johnson, M. H. & BASIS Team 6 Feb 2015 In : Scientific Reports. 5, 8 p., 8284
Research output: Contribution to journal » Article

Behavioural markers for autism in infancy: Scores on the Autism Observational Scale for Infants in a prospective study of at-risk siblings
Research output: Contribution to journal » Article

Infant Neural Sensitivity to Dynamic Eye Gaze Relates to Quality of Parent-Infant Interaction at 7-Months in Infants at Risk for Autism
Parent-mediated intervention versus no intervention for infants at high risk of autism: a parallel, single-blind, randomised trial
Research output: Contribution to journal › Article

Treatment mechanism in the MRC preschool autism communication trial: Implications for study design and parent-focussed therapy for children
Research output: Contribution to journal › Article

Emotional and behavioural problems in children with language impairments and children with autism spectrum disorders
Charman, T., Ricketts, J., Dockrell, J. E., Lindsay, G. & Palikara, O. Jan 2015 In : International Journal of Language and Communication Disorders. 50, 1, p. 84-93 10 p.
Research output: Contribution to journal › Article

European clinical network: autism spectrum disorder assessments and patient characterisation
Research output: Contribution to journal › Article

18-Month Predictors of Later Outcomes in Younger Siblings of Children With Autism Spectrum Disorder: A Baby Siblings Research Consortium Study
Research output: Contribution to journal › Article

EEG hyper-connectivity in high-risk infants is associated with later autism
Orekhova, E. V., Elsabbagh, M., Jones, E. J., Dawson, G., Charman, T. & Johnson, M. H. 7 Nov 2014 In : Journal Of Neurodevelopmental Disorders. 6, 40
Research output: Contribution to journal › Article

Screening for autism spectrum disorders: state of the art in Europe
Research output: Contribution to journal › Article

What should autism research focus upon?: Community views and priorities from the United Kingdom
Research output: Contribution to journal › Article

Language and Traits of Autism Spectrum Conditions: Evidence of Limited Phenotypic and Etiological Overlap
Research output: Contribution to journal › Article

From early markers to neuro-developmental mechanisms of autism
Research output: Contribution to journal › Article
Exploring writing products in students with language impairments and autism spectrum disorders
Dockrell, J. E., Ricketts, J., Charman, T. & Lindsay, G. 1 Aug 2014 In : LEARNING AND INSTRUCTION. 32, p. 81-90 10 p.
Research output: Contribution to journal › Article

Additive effects of social and non-social attention during infancy relate to later autism spectrum disorder
Research output: Contribution to journal › Article

Face engagement during infancy predicts later face recognition ability in younger siblings of children with autism
Research output: Contribution to journal › Article

Emotional and behavioural problems in children and young people with autism spectrum disorder in specialist autism schools
Research output: Contribution to journal › Article

Gut Permeability in Autism Spectrum Disorders
Research output: Contribution to journal › Article

Restricted and Repetitive Behaviors in Autism Spectrum Disorders and Typical Development: Cross-Sectional and Longitudinal Comparisons
Harrop, C., Mcconachie, H., Emsley, R., Leadbitter, K., Green, J. & The PACT Consortium 1 May 2014 In : Journal of Autism and Developmental Disorders. 44, 5, p. 1207-1219
Research output: Contribution to journal › Article

What Causes Internalising Traits and Autistic Traits to Co-occur in Adolescence?: A Community-Based Twin Study
Research output: Contribution to journal › Article

Motor development in children at risk of autism: A follow-up study of infant siblings
Research output: Contribution to journal › Article

The Association Between Social Cognition and Executive Functioning and Symptoms of Anxiety and Depression in Adolescents With Autism Spectrum Disorders
Research output: Contribution to journal › Article

Early identification and intervention in autism spectrum disorders: Some progress but not as much as we hoped
Charman, T. 1 Feb 2014 In : International journal of speech-Language pathology. 16, 1, p. 15-18 4 p., N/A
Developmental pathways to autism: A review of prospective studies of infants at risk

Early Language Profiles in Infants at High-Risk for Autism Spectrum Disorders

Investigating the cross-cultural validity of DSM-5 autism spectrum disorder: evidence from Finnish and UK samples
Mandy, W., Charman, T., Puura, K. & Skuse, D. Jan 2014 In : AUTISM. 18, 1, p. 45-54 10 p., N/A

Comparing service use and costs among adolescents with autism spectrum disorders, special needs and typical development

Views on Researcher-Community Engagement in Autism Research in the United Kingdom: A Mixed-Methods Study

Processing Slow and Fast Motion in Children With Autism Spectrum Conditions
Manning, C., Charman, T. & Pellicano, E. 1 Dec 2013 In : Autism Research. 6, 6, p. 531-541 11 p., N/A

Parent-Reported Gastro-Intestinal Symptoms in Children with Autism Spectrum Disorders

Intervention for Infants at Risk of Developing Autism: A Case Series

The development of face orienting mechanisms in infants at-risk for autism

Disengagement of Visual Attention in Infancy Is Associated with Emerging Autism in Toddlerhood

Developmental associations between traits of autism spectrum disorder and attention deficit hyperactivity disorder: a genetically informative, longitudinal twin study
Spontaneous belief attribution in younger siblings of children on the autism spectrum
Gliga, T., Senju, A., Pettinato, M., Charman, T. & Johnson, M. H. 2013 In : Developmental Psychology. 50, 3, p. 903-913
11 p., N/A
Research output: Contribution to journal › Article

Quality of interaction between at-risk infants and caregiver at 12-15 months is associated with 3-year autism outcome
Research output: Contribution to journal › Article

Profiles of need and provision for children with language impairments and autism spectrum disorders in mainstream schools: A prospective study
Dockrell, J., Ricketts, J., Palikara, O., Charman, T. & Lindsay, G. Dec 2012 N/A ed. London: Department for Education and Skills.
Research output: Book/Report › Commissioned report

Into, and Out of, the "Valley of Death": Research in Autism Spectrum Disorders
Research output: Contribution to journal › Editorial

Severe mood problems in adolescents with autism spectrum disorder
Research output: Contribution to journal › Article

Gender Bias, Female Resilience, and the Sex Ratio in Autism
Research output: Contribution to journal › Editorial

Interpretation of compound nouns by adolescents with specific language impairment and autism spectrum disorders: an investigation of phenotypic overlap
Research output: Contribution to journal › Article

The experience of friendship, victimization and bullying in children with an autism spectrum disorder: Associations with child characteristics and school placement
Research output: Contribution to journal › Article

Modest size RCT indicates that short-term joint attention and symbolic play intervention improves shared positive affect in social interactions for preschool children with autism
Charman, T. 7 Jun 2012 In : Evidence-Based Communication Assessment and Intervention. 6, 2, p. 63-65 3 p.
Research output: Contribution to journal › Article

Atypical Audiovisual Speech Integration in Infants at Risk for Autism
Research output: Contribution to journal › Article
The Highs and Lows of Counting Autism
Research output: Contribution to journal › Editorial

A communication-based intervention for nonverbal children with autism: What changes? Who benefits?
Research output: Contribution to journal › Article

Toward Specifying Pervasive Developmental Disorder-Not Otherwise Specified
Research output: Contribution to journal › Article

‘Everyday Memory’ Impairments in Autism Spectrum Disorders
Research output: Contribution to journal › Article

Defining the cognitive phenotype of autism
Research output: Contribution to journal › Article

A multimodal approach to emotion recognition ability in autism spectrum disorders
Research output: Contribution to journal › Article

IQ in children with autism spectrum disorders: data from the Special Needs and Autism Project (SNAP)
Research output: Contribution to journal › Article

Improving attainment for pupils with an autism spectrum disorder
Charman, T. Mar 2011 In : British Journal of Nursing. 6, 2, p. 89-90 2 p.
Research output: Contribution to journal › Article

Is the Autism Treatment Evaluation Checklist a useful tool for monitoring progress in children with autism spectrum disorders?
Research output: Contribution to journal › Article

Research output: Contribution to journal › Article

Non-word repetition in adolescents with Specific Language Impairment and Autism plus Language Impairments: A qualitative analysis
Research output: Contribution to journal › Article
Good Practice Report: What is Good Practice in Autism Education?
Research output: Book/Report › Commissioned report

Social and attention factors during infancy and the later emergence of autism characteristics
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Understanding Autism
Charman, T. 2011 SecEd, 278, p. 15 1 p.
Research output: Contribution to specialist publication › Article

Frontal cortex functioning in the infant broader autism phenotype
Research output: Contribution to journal › Article

Delivering Child Community Psychology Services in the Community: Experiences from the NIPPERS Project
Research output: Contribution to journal › Article

The Modified-Classroom Observation Schedule to Measure Intentional Communication (M-COSMIC): Evaluation of reliability and validity
Research output: Contribution to journal › Article

Developmental Approaches to Understanding and Treating Autism
Research output: Contribution to journal › Article

Parent-mediated communication-focused treatment in children with autism (PACT): a randomised controlled trial
Research output: Contribution to journal › Article

Speech perception and phonological short-term memory capacity in language impairment: preliminary evidence from adolescents with specific language impairment (SLI) and autism spectrum disorders (ASD)
Research output: Contribution to journal › Article

The prodrome of autism: early behavioral and biological signs, regression, peri- and post-natal development and genetics
Research output: Contribution to journal › Literature review

Autism Research Comes of (a Young) Age
Research output: Contribution to journal › Editorial
Sentence repetition in adolescents with specific language impairments and autism: an investigation of complex syntax
Research output: Contribution to journal › Article

Editorial: The value of longitudinal studies for understanding continuity and variability in development
Research output: Contribution to journal › Editorial

Auditory discrimination and auditory sensory behaviours in autism spectrum disorders
Research output: Contribution to journal › Article

Reading and arithmetic in adolescents with autism spectrum disorders: peaks and dips in attainment
Research output: Contribution to journal › Article

Commentary: Effects of diagnostic thresholds and research vs service and administrative diagnosis on autism prevalence
Research output: Contribution to journal › Editorial

Reactions to Ostracism in Adolescents with Autism Spectrum Conditions
Research output: Contribution to journal › Article

Loss of language in early development of autism and specific language impairment
Research output: Contribution to journal › Article

Childhood rituals and executive functions
Research output: Contribution to journal › Article

Visual orienting in the early broader autism phenotype: disengagement and facilitation
Research output: Contribution to journal › Article

Impairment in movement skills of children with autistic spectrum disorders
Research output: Contribution to journal › Article

Neural correlates of eye gaze processing in the infant broader autism phenotype
Research output: Contribution to journal › Article
Systematic review of early intensive behavioral interventions for children with autism
Research output: Contribution to journal › Literature review

Editorial: Envisioning the Future after 50 Years of Science and Discovery
Research output: Contribution to journal › Editorial

Screening for autism spectrum disorders: Lessons from research and clinical practice
Charman, T. 2009 In : Enface. 1, p. 9-23
Research output: Contribution to journal › Article

Autistic symptomatology and language ability in autism spectrum disorder and specific language impairment
Research output: Contribution to journal › Article

Regression, developmental trajectory and associated problems in disorders in the autism spectrum: the SNAP study
Research output: Contribution to journal › Article

The Classroom Observation Schedule to Measure Intentional Communication (COSMIC): An Observational Measure of the Intentional Communication of Children with Autism in an Unstructured Classroom Setting
Research output: Contribution to journal › Article

Measles vaccination and antibody response in autism spectrum disorders
Research output: Contribution to journal › Article

Development of the Teenage Brain
Research output: Contribution to journal › Article

The Q-CHAT (Quantitative CHecklist for autism in toddlers): A normally distributed quantitative measure of autistic traits at 18-24 months of age: Preliminary report
Research output: Contribution to journal › Article

Autism spectrum disorders
Research output: Contribution to journal › Article

Research output: Contribution to journal › Article

Stability of the autism diagnostic interview-revised from pre-school to elementary school age in children with autism spectrum disorders
The Social Communicaton Questionnaire (SCQ) as a screener for autism spectrum disorders: Additional evidence and cross-cultural validity - Reply
Research output: Contribution to journal » Article

Attachment in adults with high-functioning autism
Research output: Contribution to journal » Article

No evidence for MMR-ASD link
Research output: Contribution to journal » Article

Weak imitative performance is not due to a functional 'mirroring' deficit in adults with Autism Spectrum Disorders
Research output: Contribution to journal » Article

Adolescent development of motor imagery in a visually guided pointing task
Research output: Contribution to journal » Article

Efficacy of three screening instruments in the identification of autistic-spectrum disorders
Research output: Contribution to journal » Article

Validation of the social communication questionnaire in a population cohort of children with autism spectrum disorders
Research output: Contribution to journal » Article

A two-year prospective follow-up study of community-based early intensive behavioural intervention and specialist nursery provision for children with autism spectrum disorders
Research output: Contribution to journal » Article

Sleep electroencephalograms in young children with autism with and without regression
Research output: Contribution to journal » Article

The Social Communication Assessment for Toddlers with Autism (SCATA): An instrument to measure the frequency, form and function of communication in toddlers with autism spectrum disorder
Research output: Contribution to journal » Article

Interventions targeting joint attention and symbolic play can improve aspects of these skills in young children with autism
Charman, T. & Hudry, D. K. 1 Feb 2007 In : Evidence-Based Mental Health. 10, 1, p. 21-21
Research output: Contribution to journal » Article
Research output: Contribution to journal › Article

Lateral glances toward moving stimuli among young children with autism: Early regulation of locally oriented perception?
Research output: Contribution to journal › Article

Development of action representation during adolescence
Research output: Contribution to journal › Article

The effectiveness of Picture Exchange Communication System (PECS) training for teachers of children with autism: a pragmatic, group randomised controlled trial
Research output: Contribution to journal › Article

Social cognitive development during adolescence
Choudhury, S., Blakemore, S-J. & Charman, T. Dec 2006 In : Social Cognitive And Affective Neuroscience. 1, 3, p. 165-174 10 p., N/A
Research output: Contribution to journal › Article

Autism at the crossroads: determining the phenotype matters for neuroscience: Understanding Autism: from Basic Neuroscience to Treatment
Charman, T. Oct 2006 In : Nature Neuroscience. 9, 10, p. 1197
Research output: Contribution to journal › Book/Film/Article review

Prevalence of disorders of the autism spectrum in a population cohort of children in South Thames: the Special Needs and Autism Project (SNAP)
Research output: Contribution to journal › Article

High functioning children with autism spectrum disorder: A novel test of multitasking
Research output: Contribution to journal › Article

Repetitive and ritualistic behaviour in children with Prader-Willi syndrome and children with autism
Research output: Contribution to journal › Article

Preschoolers' behavioural reenactment of "failed attempts": The roles of intention-reading, emulation and mimicry
Research output: Contribution to journal › Article

Challenges in evaluating psychosocial interventions for autistic spectrum disorders
Gradations of emulation learning in infants' imitation of actions on objects
Research output: Contribution to journal › Article

Why do individuals with autism lack the motivation or capacity to share intentions?
Research output: Contribution to journal › Article

Dimensional phenotypic analysis and functional categorisation of mutations reveal novel genotype-phenotype associations in Rett syndrome
Research output: Contribution to journal › Article

Autism spectrum disorders
Charman, T. 1 Aug 2005 In : PSYCHIATRY. 4, 8, p. 81-84 4 p., N/A
Research output: Contribution to journal › Article

Ask the editor
Research output: Contribution to journal › Editorial

Editorial preface
Research output: Contribution to journal › Editorial

Outcome at 7 years of children diagnosed with autism at age 2: predictive validity of assessments conducted at 2 and 3 years of age and pattern of symptom change over time
Research output: Contribution to journal › Article

Identifying clinical subgroups and associations between cognition and behaviour: Challenges for the experimental neuropsychology of autism
Research output: Contribution to journal › Editorial

An analogue assessment of repetitive hand behaviours in girls and young women with Rett syndrome
Research output: Contribution to journal › Article

Performance of children with autism spectrum disorder on advanced theory of mind tasks
Research output: Contribution to journal › Article

Ask the Editor
Research output: Contribution to journal › Letter

Mapping autism research: Identifying UK priorities for the future
Research output: Book/Report › Commissioned report
Measuring developmental progress of children with autism spectrum disorder on school entry using parent report
Research output: Contribution to journal › Article

Matching preschool children with autism spectrum disorders and comparison children for language ability: Methodological challenges
Research output: Contribution to journal › Article

Screening and Surveillance for Autism Spectrum Disorder in Research and Practice
Research output: Contribution to journal › Article

Features of autism in Rett Syndrome and severe mental retardation
Research output: Contribution to journal › Article

Predicting language outcome in infants with autism and pervasive developmental disorder
Research output: Contribution to journal › Article

Research output: Contribution to journal › Article

Findings from a multidisciplinary clinical case series of females with Rett syndrome
Research output: Contribution to journal › Article

Why is joint attention a pivotal skill in autism?
Research output: Contribution to journal › Article

Measuring early language development in preschool children with autism spectrum disorder using the MacArthur Communicative Development Inventory (Infant Form)
Research output: Contribution to journal › Article

Towards a behavioral phenotype for Rett syndrome
Research output: Contribution to journal › Article

Epidemiology and early identification of autism: research challenges and opportunities
Research output: Chapter in Book/Report/Conference proceeding › Chapter
A pilot randomised control trial of a parent training intervention for pre-school children with autism: Preliminary findings and methodological challenges
Research output: Contribution to journal › Article

Follow-up of children with language delay and features of autism from preschool years to middle childhood
Research output: Contribution to journal › Article

The prevalence of autism spectrum disorders - Recent evidence and future challenges
Research output: Contribution to journal › Literature review

Behaviour problems in adult women with Rett syndrome
Research output: Contribution to journal › Article

The Rett Syndrome Behaviour Questionnaire (RSBQ): refining the behavioural phenotype of Rett syndrome
Research output: Contribution to journal › Article

Infants' behavioral reenactment of "failed attempts": Exploring the roles of emulation learning, stimulus enhancement, and understanding of intentions
Huang, C. T., Heyes, C. & Charman, T. Sep 2002 In : Developmental Psychology. 38, 5, p. 840-855 16 p., N/A
Research output: Contribution to journal › Article

Theory of mind and social competence in individuals with a mental handicap
Research output: Contribution to journal › Article

Regression in individuals with Rett syndrome
Research output: Contribution to journal › Article

Autism and MMR
Charman, T. Apr 2002 In : Psychologist. 15, 4, p. 166-167 2 p., N/A
Research output: Contribution to journal › Comment/debate

Delineating the role of stimulus enhancement and emulation learning in the behavioural re-enactment paradigm
Charman, T. & Huang, C. T. Mar 2002 In : Developmental Science. 5, 1, p. 25-27 3 p., N/A
Research output: Contribution to journal › Editorial

Is 18 months too early for the chat?
Research output: Contribution to journal › Letter

Practitioner review: Diagnosis of autism spectrum disorder in 2-and 3-year-old children
Research output: Contribution to journal › Literature review
Understanding the imitation deficit in autism may lead to a more specific model of autism as an empathy disorder
Research output: Contribution to journal › Editorial

Is there a gender difference in false belief development?
Research output: Contribution to journal › Article

Charman, T. 2002 In : Autisme Bladet. 4, p. 20-29
Research output: Contribution to journal › Article

Real-life-type problem-solving in Asperger's syndrome
Research output: Contribution to journal › Article

Well sibling psychological adjustment to chronic physical disorder in a sibling: How important is maternal awareness of their illness attitudes and perceptions?
Research output: Contribution to journal › Article

Asperger syndrome
Research output: Contribution to journal › Book/Film/Article review

Screening and surveillance for autism and pervasive developmental disorders
Research output: Contribution to journal › Article

Recognition of emotion in facial expressions and vocal tones in children with psychopathic tendencies
Research output: Contribution to journal › Article

Clinical considerations in the diagnosis of autism spectrum disorders
Research output: Contribution to journal › Article

The internal structure of the Child Depression Inventory in Russian and UK schoolchildren
Research output: Contribution to journal › Article

Theory of mind, executive function and social competence in boys with ADHD
Charman, T., Carroll, F. & Sturge, C. 1 Jan 2001 In : Emotional and Behavioural Difficulties. 6, 1, p. 31-49
Research output: Contribution to journal › Article

Behavioural and emotional features in Rett syndrome
Mount, R. H., Hastings, R. P., Reilly, S., Cass, H. & Charman, T. 2001 In : Disability and Rehabilitation. 23, 3-4, p. 129-138 10 p., N/A
Research output: Contribution to journal › Article
