Research outputs
Listing of Research outputs

**Purple by John Akomfrah: Confronting Human Histories with Deep Time in the Anthropocene**
Research output: Contribution to journal › Article › peer-review

**Super-robust Xanthine-Sodium Complexes on Au(111)**
In: ANGEWANDTE CHEMIE INTERNATIONAL EDITION IN ENGLISH.
Research output: Contribution to journal › Article › peer-review

**A comparison of techniques to disimpact the fetal head on a second stage caesarean simulator**
Research output: Contribution to journal › Article › peer-review

**Cancer among syrian refugees living in Konya Province, Turkey**
Research output: Contribution to journal › Article › peer-review

**Cranial autonomic symptoms: prevalence, phenotype and laterality in migraine and two potentially new symptoms**
Research output: Contribution to journal › Article › peer-review

**Endoplasmic reticulum stress and the unfolded protein response in skeletal muscle of subjects suffering from peritoneal sepsis**
Research output: Contribution to journal › Article › peer-review

**Implementation of the Mental Capacity Act: a national observational study comparing resultant trends in place of death for older heart failure decedents with or without comorbid dementia**
Research output: Contribution to journal › Article › peer-review

**Interplay between polygenic propensity for ageing-related traits and the consumption of fruits and vegetables on future dementia diagnosis**
Research output: Contribution to journal › Article › peer-review

**Management of hypertension and renin-angiotensin-aldosterone system blockade in adults with diabetic kidney disease: Association of British Clinical Diabetologists and the Renal Association UK guideline update 2021**
Research output: Contribution to journal › Article › peer-review

**Rubicon-regulated beta-1 adrenergic receptor recycling protects the heart from pressure overload**
Research output: Contribution to journal › Article › peer-review

**The Unplugged program in Chile (“Yo Sé Lo Que Quiero”) for substance use prevention among early adolescents: study protocol for a randomized controlled trial**
Gaete, J., Ramirez, S., Gana, S., Valenzuela, D. & Araya, R., Dec 2022, In: Trials. 23, 1, 76.
The effectiveness of decision aids for pregnancy related decision-making in women with pre-pregnancy morbidity: systematic review and meta-analysis
Research output: Contribution to journal › Article › peer-review

Atomistic insights into the formation dynamics of charged point defects: a classical molecular dynamics study of F<sup>+</sup>- centers in NaCl
Research output: Contribution to journal › Article › peer-review

Poems We Live With: "The Victorious Ones"
De'ath, A., 1 Sep 2022, (Accepted/In press) In: Paideuma: Modern and Contemporary Poetry and Poetics.
Research output: Contribution to journal › Article › peer-review

History, Historiography, and International Relations
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

A randomised multiple baseline cases series of a novel imagery rescripting protocol for intrusive trauma memories in people with psychosis
Research output: Contribution to journal › Article › peer-review

Energetics and Erotics: On Carolee Schneemann's Cinema
Gorfinkel, E., Jun 2022, (Accepted/In press) Carolee Schneemann. Yale University Press
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Safe physical human-robot interaction: A quasi whole-body sensing method based on novel laser-ranging sensor ring pairs
Research output: Contribution to journal › Article › peer-review

The effect of transcranial direct current stimulation (tDCS) combined with cognitive training on EEG spectral power in adolescent boys with ADHD: A double-blind, randomized, sham-controlled trial
Research output: Contribution to journal › Article › peer-review

Liveness
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Novel Design of a Rotation Center Auto-Matched Ankle Rehabilitation Exoskeleton with Decoupled Control Capacity
Research output: Contribution to journal › Article › peer-review

Capturing challenges and trade-offs in healthcare work using the pressures diagram: An ethnographic study
Finite displacement screw-based group analysis of 3PRS parallel mechanisms
Research output: Contribution to journal › Article › peer-review

Mobility of overconstrained parallel mechanisms with reconfigurable end-effectors
Research output: Contribution to journal › Article › peer-review

Measuring Alexa Skill Privacy Practices across Three Years
Research output: Chapter in Book/Report/Conference proceeding › Conference paper › peer-review

The genetic architecture of language functional connectivity
Research output: Contribution to journal › Article › peer-review

A 12-month longitudinal study examining the shared and unique contributions of self-compassion and psychological inflexibility to distress and quality of life in people with Type 2 Diabetes
Research output: Contribution to journal › Article › peer-review

An explainable assistant for multiuser privacy
Research output: Contribution to journal › Article › peer-review

Effect of 3-monthly paliperidone palmitate on hospitalisation in a naturalistic schizophrenia cohort – A five-year mirror image study
Research output: Contribution to journal › Review article › peer-review

Impact of physiological factors on longitudinal structural MRI measures of the brain
Research output: Contribution to journal › Article › peer-review

Item-level analysis of mental health symptom trajectories during the COVID-19 pandemic in the UK: Associations with age, sex and pre-existing psychiatric conditions
Research output: Contribution to journal › Article › peer-review

Medical image analysis on left atrial LGE MRI for atrial fibrillation studies: A review
Research output: Contribution to journal › Review article › peer-review

Eosinophils and eosinophilic immune dysfunction in health and disease
Research output: Contribution to journal › Review article › peer-review
**Microbiota composition is moderately associated with greenspace composition in a UK cohort of twins**

**Actions to be taken for improving functional prognosis in dementia**

**Prospective associations between multiple lifestyle behaviors and depressive symptoms**

**基于可重构虎克铰链副的仿人变胞手设计与分析**

**Whole-cell biosensors for determination of bioavailable pollutants in soils and sediments: Theory and practice**

**Differential Mortality Risks Associated With PM2.5 Components: A Multi-Country, Multi-City Study**

**From Integration to Fragment: political symbols and the emergence of differentiated European identities.**

**Industry updates from the field of stem cell research and regenerative medicine in November 2021**

**A research agenda for post-COVID-19 fatigue**

**Effect of peri-operative chemotherapy regimen on survival in the treatment of locally advanced oesophago-gastric adenocarcinoma – A comparison of the FLOT and ‘MAGIC’ regimens**
Guy’s and St Thomas’ Oesophago-gastric Research Group including the following co-authors, Mar 2022, In: European Journal of Cancer. 163, p. 180-188 9 p.

**In-vitro adhesive and interfacial analysis of a phosphorylated resin polyalkenoate cement bonded to dental hard tissues.**
Significance of p53 overexpression in the prediction of the malignant transformation risk of oral potentially malignant disorders: A systematic review and meta-analysis
Research output: Contribution to journal › Article › peer-review

The autoimmune aetiology of unexplained chronic pain
Research output: Contribution to journal › Review article › peer-review

Peacebuilding Legacy: Programming for change and young people’s attitudes to peace
Podder, S., 28 Feb 2022, Oxford University Press; Oxford.
Research output: Book/Report › Book › peer-review

Sexual orientation disparities in the developmental trajectories of emotional and behavioral difficulties from childhood to early adolescence
Research output: Contribution to journal › Article › peer-review

Soft Power Polls and the Fate of Liberal Democracy
Research output: Contribution to journal › Article › peer-review

The Synaptic Gene Study: Design and Methodology to Identify Neurocognitive Markers in Phelan-McDermid Syndrome and NRXN1 Deletions
Research output: Contribution to journal › Article › peer-review

Universal mindfulness training in schools for adolescents: A scoping review and conceptual model of moderators, mediators, and implementation factors
Research output: Contribution to journal › Article › peer-review

'Denial is not a policy': Our national curriculum must respond to the call for action
Glackin, M., 18 Feb 2022, In: Research Intelligence. 150, p. 34-35 150.
Research output: Contribution to journal › Article › peer-review

BRAF inhibitors and their immunological effects in malignant melanoma
Research output: Contribution to journal › Review article › peer-review

Mapping the role of patient and public involvement during the different stages of healthcare innovation: A scoping review
Research output: Contribution to journal › Article › peer-review

A Bounded Measure for Estimating the Benefit of Visualization (Part II): Case Studies and Empirical Evaluation
Research output: Contribution to journal › Article › peer-review
A comparison of SARS-CoV-2 symptom prevalence, duration, and risk of hospitalisation among vaccinated individuals from the ZOE COVID Study during Omicron versus Delta variant dominant periods
Research output: Contribution to journal › Article › peer-review

Flavanol Consumption in Healthy Men Preserves Integrity of Immunological-Endothelial Barrier Cell Functions: Nutri(epi)genomic Analysis
Research output: Contribution to journal › Article › peer-review

Instabilities of complex fluids with partially structured and partially random interactions
Research output: Contribution to journal › Article › peer-review

Defective STAT5 Activation and Aberrant Expression of BCL6 in Naive CD4 T Cells Enhances Follicular Th Cell-like Differentiation in Patients with Granulomatosis with Polyangiitis
Research output: Contribution to journal › Article › peer-review

Life events and treatment prognosis for depression: a systematic review and individual patient data meta-analysis
Research output: Contribution to journal › Article › peer-review

Metabolic function in patients with bipolar depression receiving anti-inflammatory agents: Findings from the MINDCARE study, a multicentre, randomised controlled trial
Research output: Contribution to journal › Article › peer-review

Metabolomics profile responses to changing environments in a common bean (Phaseolus vulgaris L.) germplasm collection
Research output: Contribution to journal › Article › peer-review

Physical and mental health impact of COVID-19 on children, adolescents, and their families: The Collaborative Outcomes study on Health and Functioning during Infection Times - Children and Adolescents (COH-FIT-C&A)
Restored river-floodplain connectivity promotes riparian tree maintenance and recruitment
Research output: Contribution to journal › Article › peer-review

Sharp estimates for conditionally centred moments and for compact operators on $\mathbb{L}^p$ spaces
Shargorodsky, E. & Sharia, T., 15 Feb 2022, (Accepted/In press) In: Mathematische Nachrichten.
Research output: Contribution to journal › Article › peer-review

Advanced Practice Nursing Roles: A Comparison Between Mexico and the United Kingdom: Advanced Practice Nursing Roles
Research output: Contribution to journal › Article › peer-review

Autism and chronic ill health: an observational study of symptoms and diagnoses of central sensitivity syndromes in autistic adults
Research output: Contribution to journal › Article › peer-review
Research output: Contribution to journal › Article › peer-review

Reflective and non-reflective influences on cannabis use among undergraduate students: A qualitative study
Research output: Contribution to journal › Article › peer-review

SARS-CoV-2 variants with shortened incubation periods necessitate new definitions for nosocomial acquisition
Research output: Contribution to journal › Letter › peer-review

Selection and Modelling of a New Single-Domain Intrabody Against TDP-43
Research output: Contribution to journal › Article › peer-review

Servicification and global value chain survival: Firm-level evidence from India
Reddy, K. & Sasidharan, S., 14 Feb 2022, In: AUSTRALIAN ECONOMIC PAPERS.
Research output: Contribution to journal › Article › peer-review

The Experience of Receiving a Diagnosis of Depression in Adolescence: A Pilot Qualitative Study in Brazil
Research output: Contribution to journal › Article › peer-review

Hammerstein–Wiener Multimodel Approach for Fast and Efficient Muscle Force Estimation from EMG Signals
Research output: Contribution to journal › Article › peer-review

Correlation between Whole Skeleton Dual Energy CT Calcium-Subtracted Attenuation and Bone Marrow Infiltration in Multiple Myeloma
Research output: Contribution to journal › Article › peer-review

New Constructions of Obviously Strategyproof Mechanisms
Ferraioli, D., Meier, A., Penna, P. & Ventre, C., 12 Feb 2022, (Accepted/In press) In: MATHEMATICS OF OPERATIONS RESEARCH.
Research output: Contribution to journal › Article › peer-review

Optical properties of human brain and tumour tissue: An ex vivo study spanning the visible range to beyond the second near-infrared window
Research output: Contribution to journal › Article › peer-review

Parental experiences of caring for children who have learning disabilities and procedural anxiety in hospital: An interpretive phenomenological study
Research output: Contribution to journal › Article › peer-review
The Post-Pandemic Lecture: Views from Academic Staff across the UK
Research output: Contribution to journal › Article › peer-review

Tryptophan modulation in individuals with Attention Deficit Hyperactivity Disorder: A systematic review
Research output: Contribution to journal › Article › peer-review

Deep brain stimulation-induced neuroprotection: A critical appraisal
Research output: Contribution to journal › Article › peer-review

Diffuse optical reconstructions of functional near infrared spectroscopy data using maximum entropy on the mean
Research output: Contribution to journal › Article › peer-review

Experiences of Perinatal Mental Health Care among Minority Ethnic Women during the COVID-19 Pandemic in London: A Qualitative Study
Research output: Contribution to journal › Article › peer-review

Lessons from behaviorism: the problem of construct-led science.
Research output: Contribution to journal › Comment/debate › peer-review

Pain management in people with severe mental illness: an agenda for progress
Research output: Contribution to journal › Article › peer-review

Patient-centric characterization of multimorbidity trajectories in patients with severe mental illnesses: A temporal bipartite network modeling approach
Research output: Contribution to journal › Article › peer-review

A SIMPLI (Single-cell Identification from MultiPLexed Images) approach for spatially resolved tissue phenotyping at single-cell resolution.
Research output: Contribution to journal › Article › peer-review

Childhood maltreatment, educational attainment and IQ: findings from a multicentric case-control study of first-episode psychosis (EU-GEI)
Research output: Contribution to journal › Article › peer-review

I am Not What I Like: Endorsing Brands on Social Media Negatively Affects Consumers' Self-Evaluation
M2-doughnuts
Research output: Contribution to journal › Article › peer-review

Reconceptualising the treatment gap for common mental disorders: A fork in the road for global mental health?
Research output: Contribution to journal › Comment/debate › peer-review

The British 1915 Dardanelles joint operation: applying the modern Australian Army’s Battlespace Operating Systems metrics to explain defeat
Research output: Contribution to journal › Article › peer-review

A Comparison of the Blood Glucose, Growth Hormone, and Cortisol Responses to Two Doses of Insulin (0.15U/kg vs. 0.10U/kg) in the Insulin Tolerance Test: A Single-Centre Audit of 174 Cases
Research output: Contribution to journal › Article › peer-review

ADAM8 signaling drives neutrophil migration and ARDS severity
CAPSys Study Group, 8 Feb 2022, In: JCI Insight. 7, 3
Research output: Contribution to journal › Article › peer-review

Descriptive comparison of admission characteristics between pandemic waves and multivariable analysis of the association of the Alpha variant (B.1.1.7 lineage) of SARS-CoV-2 with disease severity in Inner London
Research output: Contribution to journal › Article › peer-review

Ultra-processed foods associated with atherogenic lipoproteins partially mediated by the gut microbiota
Research output: Contribution to journal › Article › peer-review

Cryptocurrency Trading: A comprehensive Survey
Research output: Contribution to journal › Article › peer-review

Determinants of long-term opioid prescribing in an urban population: A cross-sectional study
Research output: Contribution to journal › Article › peer-review

Evaluating *ex situ* rates of carbon dioxide flux from northern Borneo peat swamp soils
Low Ying Si, E., Chadwick, M., Smith, T. E. L. & Sukmaria Sukri, R., 7 Feb 2022, In: Experimental Results. E4
Research output: Contribution to journal › Article › peer-review

Functional and structural differences between skinned and intact muscle preparations
Research output: Contribution to journal › Article › peer-review
Ageing Well With Diabetes: a workshop to co-design research recommendations for improving the diabetes care of older people

An overview of progress towards implementation of Solid Waste Management policies in Dhaka, Bangladesh

Associations between daily steps and cognitive function among inpatients with schizophrenia

Spontaneous and TMS-related EEG changes as new biomarkers to measure anti-epileptic drug effects

Supporting Perinatal Mental Health and Wellbeing during COVID-19

What is driving robotisation in the automotive value chain? Empirical evidence on the role of FDIs and domestic capabilities in technology adoption

A cluster randomised controlled trial of a ward-based intervention to improve access to psychologically-informed care and psychological therapy for mental health in-patients

Alternative Routes of Administration of Clozapine

Antiplaette therapy in cardiovascular disease: current status and future directions

Evaluating the performance of temporal pattern discovery: new application using statins and rhabdomyolysis in OMOP databases

Evaluation of a community-based performance arts programme for people who have experienced stroke in the UK: protocol for the SHAPER-Stroke Odysseys study
Inequalities in the progress of multiple chronic conditions: A systematic review of longitudinal studies
Research output: Contribution to journal › Article › peer-review

Investigation of the critical factors required to improve the disclosure and discussion of harm with affected women and families: a study protocol for a qualitative, realist study in NHS maternity services (the DISCERN study)
Research output: Contribution to journal › Article › peer-review

Learning-Based Multi Attribute Network Selection in Heterogeneous Wireless Access
Cinemre, I. & Mahmoodi, T., 3 Feb 2022, In: WIRELESS PERSONAL COMMUNICATIONS.
Research output: Contribution to journal › Article › peer-review

Physiotherapy informed by Acceptance and Commitment Therapy (PACT) for chronic low back pain: a mixed-methods treatment fidelity evaluation
Research output: Contribution to journal › Article › peer-review

Smartphone-Based Alcohol Interventions: A Systematic Review on the Role of Notifications in Changing Behaviours Towards Alcohol
Research output: Contribution to journal › Review article › peer-review

The Effectiveness and Cost-Effectiveness of Screening and Brief Alcohol Intervention to Reduce Alcohol Consumption in Young People in the High School Setting: A Pragmatic Randomized Controlled Trial (SIPS JR-HIGH)
Research output: Contribution to journal › Article › peer-review

Yoghurt consumption is associated with changes in the composition of the human gut microbiome and metabolome
Research output: Contribution to journal › Article › peer-review

"Living more and struggling less": A qualitative descriptive study of patient experiences of physiotherapy informed by Acceptance and Commitment Therapy within a multidisciplinary pain management programme
Research output: Contribution to journal › Article › peer-review

"Less is more": a dose-response account of intranasal oxytocin pharmacodynamics in the human brain
Research output: Contribution to journal › Article › peer-review

A pilot economic evaluation of a feasibility trial for SUpporting wellbeing through PEeR-Befriending (SUPERB) for post-stroke aphasia
Research output: Contribution to journal › Article › peer-review
An HNF1a truncation associated with maturity-onset diabetes of the young impairs pancreatic progenitor differentiation by antagonising HNF1b function
Research output: Contribution to journal › Article › peer-review

Azithromycin in patients with COVID-19: a systematic review and meta-analysis
Research output: Contribution to journal › Article › peer-review

Better not re-invent the wheel: how Ireland might benefit from Australia’s comprehensive approach to its Army Reserve.
Research output: Contribution to journal › Article › peer-review

Efficacy of Pharmacological Interventions for Irritability and Emotional Dysregulation in Autism Spectrum Disorder and Predictors of Response: A Meta-analysis of Placebo-Controlled Randomized Controlled Trials
Research output: Contribution to journal › Article › peer-review

From learning to influence: the evolution of collaboration in European Administrative Networks
Vantaggiato, F. P., 2 Feb 2022, (Accepted/In press) In: Journal of European Public Policy.
Research output: Contribution to journal › Article › peer-review

Locative media communities, social media and cultures of enthusiasm
Research output: Contribution to journal › Article › peer-review

Measuring oral health—How can the International Classification of Functioning help?
Research output: Contribution to journal › Article › peer-review

Moving on trial: protocol for a pilot randomised controlled trial of models of housing and support to reduce risks of COVID-19 infection and homelessness
Research output: Contribution to journal › Article › peer-review

Non-traditional implantable cardioverter-defibrillator configurations and insertion techniques: a review of contemporary options
Research output: Contribution to journal › Article › peer-review

Remote Assessment of Disease and Relapse in Major Depressive Disorder (RADAR-MDD): Recruitment, retention, and data availability in a longitudinal remote measurement study.
Research output: Contribution to journal › Article › peer-review
Reprogramming cellular identity *in vivo*
Leaman, S., Marichal Negrin, N. & Berninger, B., 2 Feb 2022, (Accepted/In press) In: Development.
Research output: Contribution to journal › Article › peer-review

The Coronavirus Act's Easements to the Care Act 2014: A Pragmatic Response or a Red Herring?
Research output: Contribution to journal › Article › peer-review

Tinea capitis with multiple isolates: The interaction of nature, animal and child
Research output: Contribution to journal › Article › peer-review

Transferable learning about patient and public involvement and engagement in gambling support services from health and social care: findings from a narrative review and workshop with people with lived experience
Research output: Contribution to journal › Article › peer-review

'Five things about me' - enhancing person-centred care for older people
Research output: Contribution to journal › Article › peer-review

A case-control evaluation of pulmonary and extrapulmonary findings of incidental asymptomatic COVID-19 infection on FDG PET-CT
Research output: Contribution to journal › Article › peer-review

Bullying in UK cardiology: A systemic problem requiring systemic solutions
Research output: Contribution to journal › Article › peer-review

COVID-19, lockdowns and motor vehicle collisions: empirical evidence from Greece
Research output: Contribution to journal › Article › peer-review

Challenges and solutions to providing surgery in Sierra Leone hospitals: A qualitative analysis of surgical provider perspectives
Research output: Contribution to journal › Article › peer-review

Charting brain growth and aging at high spatial precision
Research output: Contribution to journal › Article › peer-review

Clinical and Translational Significance of Basophils in Patients with Cancer
Research output: Contribution to journal › Review article › peer-review
Fatal Outcome in Acutely Poisoned Children With Hospitalization: A 10-Year Retrospective Study From Tehran, Iran
Research output: Contribution to journal › Article › peer-review

Fear of Cancer Recurrence and PSA Anxiety in Patients with Prostate Cancer: A Systematic Review
Research output: Contribution to journal › Article › peer-review

Fine-Tuning of Piezo1 Expression and Activity Ensures Efficient Myoblast Fusion during Skeletal Myogenesis
Research output: Contribution to journal › Article › peer-review

Frailty is associated with increased waiting time for relevant process-of-care measures; findings from the Emergency Laparoscopic and Laparotomy Scottish audit (ELLSA)
Research output: Contribution to journal › Article › peer-review

Health Care Use, Costs, and Survival Trajectory of Home Mechanical Insufflation-Exsufflation
Research output: Contribution to journal › Article › peer-review

Hypnosis
Research output: Contribution to journal › Article › peer-review

Impact of $^{18}$F-fluciclovine PET/CT on salvage radiotherapy plans for men with recurrence of prostate cancer postradical prostatectomy
Research output: Contribution to journal › Article › peer-review

In-vitro analysis of organic ester functional groups in carious dentine
Research output: Contribution to journal › Article › peer-review

Integrating Key Nursing Measures into a Comprehensive Healthcare Performance Management System: A Tuscan Experience
Research output: Contribution to journal › Article › peer-review

Investigating the day-to-day impact of hypoglycaemia in adults with type 1 or type 2 diabetes: Design and validation protocol of the Hypo-METRICS application
Iron Oxide Nanoparticles in Mesenchymal Stem Cell Detection and Therapy
Mehta, K., 1 Feb 2022, In: Stem Cell Reviews And Reports.
Research output: Contribution to journal › Review article › peer-review

Linking Genetics and Proteomics: Gene-Protein Associations Built on Diversity
Research output: Contribution to journal › Editorial › peer-review

Microbiota links to neural dynamics supporting threat processing
Research output: Contribution to journal › Article › peer-review

Multiple electrolyte disturbances as the presenting feature of Multiple Endocrine Neoplasia Type 1 (MEN-1)
Dimitriadis, G. K., 1 Feb 2022, (Accepted/In press) In: Endocrinology, diabetes & metabolism case reports.
Research output: Contribution to journal › Article › peer-review

Multiple house occupancy is associated with mortality in hospitalized patients with COVID-19
Research output: Contribution to journal › Article › peer-review

Neuroimaging in Attention-Deficit/Hyperactivity Disorder: Recent Advances
Research output: Contribution to journal › Article › peer-review

Research output: Contribution to journal › Article › peer-review

Pathophysiology of coronavirus-19 disease acute lung injury
Research output: Contribution to journal › Article › peer-review

Peer support for discharge from inpatient mental health care versus care as usual in England (ENRICH): a parallel, two-group, individually randomised controlled trial
Research output: Contribution to journal › Article › peer-review

Perceived discrimination, health, and well-being among adults with and without pain: a prospective study
Research output: Contribution to journal › Article › peer-review

Porphyromonas pasteri and Prevotella nanceiensis in the sputum microbiota are associated with increased decline in lung function in individuals with cystic fibrosis
Predicting student mental wellbeing and loneliness and the importance of digital skills
Dinu, L., Byrom, N., Mehta, K., Everett, S., Foster, J. & Dommett, E., 1 Feb 2022, (Accepted/In press) In: JOURNAL OF FURTHER AND HIGHER EDUCATION.
Research output: Contribution to journal › Article › peer-review

Predictive value of cardiometabolic biomarkers and depressive symptoms for symptom severity and quality of life in patients with psychotic disorders
Research output: Contribution to journal › Article › peer-review

Reliability of structural MRI measurements: The effects of scan session, head tilt, inter-scan interval, acquisition sequence, FreeSurfer version and processing stream
Research output: Contribution to journal › Article › peer-review

Risk Factors for Suicide After Bariatric Surgery in a Population-based Nationwide Study in Five Nordic Countries
Research output: Contribution to journal › Article › peer-review

Search for magnetic monopoles produced via the Schwinger mechanism
Research output: Contribution to journal › Article › peer-review

Self-reported COVID-19 vaccine hesitancy and uptake among participants from different racial and ethnic groups in the United States and United Kingdom
Research output: Contribution to journal › Article › peer-review

Study protocol: randomised controlled hybrid type 2 trial evaluating the scale-up of two arts interventions for postnatal depression and Parkinson's disease
Research output: Contribution to journal › Article › peer-review

Sustaining and improving graduated graph consistency: A static analysis of graph transformations
Research output: Contribution to journal › Article › peer-review

Systematic review on the effects of the physical and social aspects of community pharmacy spaces on service users and staff
Research output: Contribution to journal › Article › peer-review
Teleophthalmology-enabled and artificial intelligence-ready referral pathway for community optometry referrals of retinal disease (HERMES): A Cluster Randomised Superiority Trial with a linked Diagnostic Accuracy Study - HERMES study report 1 - Study protocol
Research output: Contribution to journal › Article › peer-review

The ASSET model: What midwives need to support alternative physiological births (outwith guidelines)
Research output: Contribution to journal › Article

The evolving epidemiology and differential etiopathogenesis of eating disorders: implications for prevention and treatment
Research output: Contribution to journal › Comment/debate › peer-review

The role of yoga in inflammatory markers
Research output: Contribution to journal › Review article › peer-review

Time to change course in stigma research?
Research output: Contribution to journal › Editorial › peer-review

Time-periodic steady-state solution of fluid-structure interaction and cardiac flow problems through multigrid-reduction-in-time
Research output: Contribution to journal › Article › peer-review

Traumatic life experiences and post-traumatic stress symptoms in middle-aged and older adults with and without autistic traits
Research output: Contribution to journal › Article › peer-review

Trust and inclusion during the Covid-19 pandemic: Perspectives from Black and South Asian people living with dementia and their carers in the UK
Research output: Contribution to journal › Article › peer-review

Use of Feedback Data to Reduce Surgical Site Infections and Optimize Antibiotic Use in Surgery: A Systematic Scoping Review
Research output: Contribution to journal › Review article › peer-review

Whom to Ask for Feedback: Insights for Resource Mobilization from Social Entrepreneurship
Research output: Contribution to journal › Article › peer-review

‘I don’t need you to criticise me, I need you to support me’. A qualitative study of women’s experiences of and attitudes to smoking cessation during pregnancy.
Research output: Contribution to journal › Article › peer-review
A Novel Multilayer Natural Coating for Fed-State Gastric Protection
Research output: Contribution to journal › Article › peer-review

A Potential Role for Bile Acid Signaling in Celiac Disease-Associated Fatty Liver
Research output: Contribution to journal › Article › peer-review

Acquisition and loss of best walking skills in children and young people with bilateral cerebral palsy
Research output: Contribution to journal › Article › peer-review

Addressing context dependence in ecology
Research output: Contribution to journal › Article › peer-review

Artificial Intelligence Applications in Urology: Reporting Standards to Achieve Fluency for Urologists
Research output: Contribution to journal › Article › peer-review

Association between subjective distress and symptom domains in patients with treatment-resistant schizophrenia receiving clozapine
Research output: Contribution to journal › Letter › peer-review

Autism-friendly MRI: Improving radiography practice in the UK, a survey of radiographer practitioners
Research output: Contribution to journal › Article › peer-review

Brain tissue motion in acute hemorrhagic stroke using amplified MRI (aMRI)
Research output: Contribution to journal › Article › peer-review

Bridging between youth psychiatry and child and adolescent psychiatry
Research output: Contribution to journal › Comment/debate › peer-review

Clinical outcomes, Kadish-INSICA staging and therapeutic targeting of somatostatin receptor 2 in olfactory neuroblastoma
Edge-Enhancement DenseNet for X-ray Fluoroscopy Image Denoising in Cardiac Electrophysiology Procedures
Research output: Contribution to journal › Article › peer-review

Editorial: testing for Epstein Barr virus and treating autoimmune hepatitis—still a long way to go! Authors’ reply
Research output: Contribution to journal › Editorial › peer-review

Editorial: Uncomfortable geographies
Research output: Contribution to journal › Editorial

Effects of body weight and fat mass on back pain – direct mechanical or indirect through inflammatory and metabolic parameters?
Research output: Contribution to journal › Article › peer-review

Emergency Airway Management in COVID-19: Reply
Research output: Contribution to journal › Letter › peer-review

Enzyme kinetic approach for mechanistic insight and predictions of in vivo starch digestibility and the glycaemic index of foods
Research output: Contribution to journal › Review article › peer-review

Fast Barycentric-Based Evaluation Over Spectral/hp Elements
Research output: Contribution to journal › Article › peer-review

Fetal magnetic resonance imaging (MRI) enhances the diagnosis of congenital body anomalies
Research output: Contribution to journal › Article › peer-review

Fibrin clot quality in acutely ill cirrhosis patients: Relation with outcome and improvement with coagulation factor concentrates
Research output: Contribution to journal › Article › peer-review

Gender differences in equilibrium play and strategic sophistication variability
Research output: Contribution to journal › Article › peer-review

General anaesthesia and euthanasia: difficulties defining the difference in end-of-life care
Research output: Contribution to journal › Letter › peer-review
On the impact of corruption on managers’ and controllers’ behavior
Research output: Contribution to journal › Article › peer-review

Open Dialogue compared to treatment as usual for adults experiencing a mental health crisis: Protocol for the ODDESSI multi-site cluster randomised controlled trial
Pilling, S., Clarke, K., Parker, G., James, K., Landau, S., Weaver, T., Razzaque, R. &Craig, T., Feb 2022, In: CONTEMPORARY CLINICAL TRIALS. 113, 106664.
Research output: Contribution to journal › Article › peer-review

Outlining an Acceptance and Commitment Therapy approach to treatment non-adherence
Research output: Contribution to journal › Editorial › peer-review

Pathways to mental health care in active military populations across the Five-Eyes nations: An Integrated perspective
Research output: Contribution to journal › Article › peer-review

Patterns of subgingival microbiota in different periodontal phenotypes
Research output: Contribution to journal › Article › peer-review

Peripherally delivered Adeno-Associated Viral Vectors for spinal cord injury repair
Research output: Contribution to journal › Article › peer-review

Privileged background protects against drug charges: A long-term population-based longitudinal study
Research output: Contribution to journal › Article › peer-review

Public mental health: required actions to address implementation failure in the context of COVID-19
Research output: Contribution to journal › Review article › peer-review

Quantification of balanced SSFP myocardial perfusion imaging at 1.5 T: Impact of the reference image
Research output: Contribution to journal › Article › peer-review

Recurrent Campylobacter jejuni Infection in an Immunodeficient Patient Treated with Repeated Faecal Microbiota Transplant (FMT)—A Case Report
Research output: Contribution to journal › Article › peer-review

Reflect and develop: A pilot study to explore perceptions and to test the impact of a short course on reflective practice amongst dental practitioners undertaking continuing professional
Research output: Contribution to journal › Article › peer-review
Rifaximin reduces gut-derived inflammation and mucin degradation in cirrhosis and encephalopathy: RIFSYS randomised controlled trial
Research output: Contribution to journal › Article › peer-review

Role of Cellular Metabolism during Candida-Host Interactions
Research output: Contribution to journal › Review article › peer-review

Spectral/hp element simulation of flow past a Formula One front wing: Validation against experiments
Research output: Contribution to journal › Article › peer-review

Surface texture modulation via buckling in porous inclined mechanical metamaterials
Research output: Contribution to journal › Article › peer-review

Targeting un-MET needs in advanced non-small cell lung cancer
Research output: Contribution to journal › Article › peer-review

The Riemann–Liouville field and its GMC as H→0, and skew flattening for the rough Bergomi model
Research output: Contribution to journal › Article › peer-review
