Research outputs

Purple by John Akomfrah: Confronting Human Histories with Deep Time in the Anthropocene
Research output: Contribution to journal › Article › peer-review

EXPRESS TRUST: THE DARK HORSE OF THE LIBERAL PROPERTY REGIME
Samet-Porat, I. & Dagan, H., 2023, (Accepted/In press) PHILOSOPHICAL FOUNDATIONS OF THE LAW OF TRUSTS.
Degeling, S., Hudson, J. & Samet, I. (eds.). OUP
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Empedocles the wandering daimôn and trusting in mad Strife.
Tor, S., 2023, (Accepted/In press) In: Phronesis. 68
Research output: Contribution to journal › Article › peer-review

God in Medieval Thought
Schumacher, L., 2023, (Accepted/In press) T & T Clark Encyclopaedia of Christian Theology. T & T Clark International
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Novel porous thermosensitive gel electrolytes for wearable thermo-electrochemical cells
Research output: Contribution to journal › Article › peer-review

A comprehensive atlas of Aggrecan, Versican, Neurocan and Phosphacan expression across time in wildtype retina and in retinal degeneration
Research output: Contribution to journal › Article › peer-review

A cross-sectional survey of smoking and cessation support policies in a sample of homeless services in the United Kingdom
Research output: Contribution to journal › Article › peer-review

A qualitative process analysis of daily contact testing as an alternative to self-isolation following close contact with a confirmed carrier of SARS-CoV-2
Research output: Contribution to journal › Article › peer-review

A randomised controlled trial of non-invasive ventilation compared with extracorporeal carbon dioxide removal for acute hypercapnic exacerbations of chronic obstructive pulmonary disease
Research output: Contribution to journal › Article › peer-review

A retrospective case notes review of the effectiveness and tolerability of metoclopramide in the treatment of clozapine-induced hypersalivation (CIH)
Research output: Contribution to journal › Article › peer-review

A systematic review of engagement reporting in remote measurement studies for health symptom tracking
A systematic review of observational methods used to quantify personal protective behaviours among members of the public during the COVID-19 pandemic, and the concordance between observational and self-report measures in infectious disease health protection

AAV9-mediated functional screening for cardioprotective cytokines in Coxsackievirus-B3-induced myocarditis

Acetyl-CoA metabolism drives epigenome change and contributes to carcinogenesis risk in fatty liver disease

An exploratory examination of executive functioning as an outcome, moderator, and predictor in outpatient treatment for adults with anorexia nervosa

An intervention to reduce stigma and improve management of depression, risk of suicide/self-harm and other significant emotional or medically unexplained complaints among adolescents living in urban slums: protocol for the ARTEMIS project

Anemia and adverse outcomes in pregnancy: subgroup analysis of the CLIP cluster-randomized trial in India

the CLIP working group, Dec 2022, In: BMC Pregnancy and Childbirth. 22, 1, 407.

App-based COVID-19 syndromic surveillance and prediction of hospital admissions in COVID Symptom Study Sweden

Automated image curation in diabetic retinopathy screening using deep learning

Bayesian causal network modeling suggests adolescent cannabis use accelerates prefrontal cortical thinning

The IMAGEN Consortium, Dec 2022, In: Translational psychiatry. 12, 1, 188.

Bone morphogenetic protein 1.3 inhibition decreases scar formation and supports cardiomyocyte survival after myocardial infarction

Breast cancer risks associated with missense variants in breast cancer susceptibility genes
NBCS Collaborators, KConFab Investigators & SGBCC Investigators, Dec 2022, In: Genome medicine. 14, 1, 51.
Research output: Contribution to journal › Article › peer-review

Clinical and cost-effectiveness of a personalised health promotion intervention enabling independence in older people with mild frailty ("HomeHealth") compared to treatment as usual: study protocol for a randomised controlled trial
Research output: Contribution to journal › Article › peer-review

Clinical outcome measures in dementia with Lewy bodies trials: critique and recommendations
Research output: Contribution to journal › Article › peer-review

Clinical trajectories and biomarkers for weight variability in early Parkinson's disease
Research output: Contribution to journal › Article › peer-review

Cohesin couples transcriptional bursting probabilities of inducible enhancers and promoters
Research output: Contribution to journal › Article › peer-review

Collaboration over competition? Regulatory reform and inter-organisational relations in the NHS amidst the COVID-19 pandemic: a qualitative study
Research output: Contribution to journal › Article › peer-review

Comprehensive human amniotic fluid metagenomics supports the sterile womb hypothesis
Research output: Contribution to journal › Article › peer-review

Creating sparser prediction models of treatment outcome in depression: a proof-of-concept study using simultaneous feature selection and hyperparameter tuning
Research output: Contribution to journal › Article › peer-review

Detection of astrocytic tau pathology facilitates recognition of chronic traumatic encephalopathy neuropathologic change
Research output: Contribution to journal › Article › peer-review

Distinctive gut microbiomes of ankylosing spondylitis and inflammatory bowel disease patients suggest differing roles in pathogenesis and correlate with disease activity
Research output: Contribution to journal › Article › peer-review
Early life inflammation is associated with spinal cord excitability and nociceptive sensitivity in human infants
Research output: Contribution to journal › Article › peer-review

Effect of high-flow nasal therapy on patient-centred outcomes in patients at high risk of postoperative pulmonary complications after cardiac surgery: a study protocol for a multicentre adaptive randomised controlled trial
Research output: Contribution to journal › Article › peer-review

Evaluating an interactive acceptance and commitment therapy (ACT) workshop delivered to trained therapists working with cancer patients in the United Kingdom: a mixed methods approach
on behalf of the SURECAN Grant Investigators, Dec 2022, In: BMC Cancer. 22, 1, 651.
Research output: Contribution to journal › Article › peer-review

Examining the variability of neurocognitive functioning in individuals at clinical high risk for psychosis: a meta-analysis
Research output: Contribution to journal › Review article › peer-review

Functional neurodevelopment of working memory in early-onset schizophrenia: A longitudinal FMRI study
Research output: Contribution to journal › Article › peer-review

Genome-wide association analyses of symptom severity among clozapine-treated patients with schizophrenia spectrum disorders
GROUP (Genetic Risk and Outcome of Psychosis) investigators, Dec 2022, In: Translational psychiatry. 12, 1, 145.
Research output: Contribution to journal › Article › peer-review

Genomic assessment of quarantine measures to prevent SARS-CoV-2 importation and transmission
Research output: Contribution to journal › Article › peer-review

Global relationships in tree functional traits
Research output: Contribution to journal › Article › peer-review

Halting the Canadian STRIDER randomised controlled trial of sildenafil for severe, early-onset fetal growth restriction: ethical, methodological, and pragmatic considerations
Research output: Contribution to journal › Article › peer-review

Health behaviour change among UK adults during the pandemic: findings from the COVID-19 cancer attitudes and behaviours study
Research output: Contribution to journal › Article › peer-review
Health systems strengthening interventions for perinatal common mental disorders and experiences of domestic violence in Cape Town, South Africa: protocol for a pilot implementation study
Research output: Contribution to journal › Article › peer-review

Hiding patients' medical reports using an enhanced wavelet steganography algorithm in DICOM images
Research output: Contribution to journal › Article › peer-review

Human Nature in Early Franciscan Thought: Philosophical Background and Theological Significance
Research output: Book/Report › Book › peer-review

INNODIA Master Protocol for the evaluation of investigational medicinal products in children, adolescents and adults with newly diagnosed type 1 diabetes
on behalf of the INNODIA consortium, Dec 2022, In: Trials. 23, 1, 414.
Research output: Contribution to journal › Article › peer-review

Illness perceptions, self-care practices, and glycemic control among type 2 diabetes patients in Chiang Mai, Thailand
Research output: Contribution to journal › Article › peer-review

Impacts of dietary exposure to pesticides on faecal microbiome metabolism in adult twins
Research output: Contribution to journal › Article › peer-review

Implementation outcomes of a health systems strengthening intervention for perinatal women with common mental disorders and experiences of domestic violence in South Africa: Pilot feasibility and acceptability study
Research output: Contribution to journal › Article › peer-review

Implementation strategy in collaboration with people with lived experience of mental illness to reduce stigma among primary care providers in Nepal (RESHAPE): protocol for a type 3 hybrid implementation effectiveness cluster randomized controlled trial
Research output: Contribution to journal › Article › peer-review

Inducible localized delivery of an anti-PD-1 scFv enhances anti-tumor activity of ROR1 CAR-T cells in TNBC
Research output: Contribution to journal › Article › peer-review

Investigating the characteristics of genes and variants associated with self-reported hearing difficulty in older adults in the UK Biobank
Research output: Contribution to journal › Article › peer-review
Irritable bowel syndrome and microbiome; Switching from conventional diagnosis and therapies to personalized interventions
Research output: Contribution to journal › Review article › peer-review

Large-scale GWAS of food liking reveals genetic determinants and genetic correlations with distinct neurophysiological traits
Research output: Contribution to journal › Review article › peer-review

Lateral gain is impaired in macular degeneration and can be targeted to restore vision in mice
Research output: Contribution to journal › Article › peer-review

Le Cœur en Sabot: shape associations with adverse events in repaired tetralogy of Fallot
Research output: Contribution to journal › Article › peer-review

Magnetization transfer imaging alterations and its diagnostic value in antipsychotic-naïve first-episode schizophrenia
Lei, D., Suo, X., Qin, K., Pinaya, W. H. L., Ai, Y., Li, W., Kuang, W., Lui, S., Kemp, G. J., Sweeney, J. A. & Gong, Q., Dec 2022, In: Translational psychiatry. 12, 1, 189.
Research output: Contribution to journal › Article › peer-review

Mental health stigma at primary health care centres in Lebanon: qualitative study
Research output: Contribution to journal › Article › peer-review

Missed opportunity for alcohol use disorder screening and management in primary health care facilities in northern rural Tanzania: a cross-sectional survey
Research output: Contribution to journal › Article › peer-review

Neuropeptide Neuromedin B does not alter body weight and glucose homeostasis nor does it act as an insulin-releasing peptide
Research output: Contribution to journal › Article › peer-review

New horizons for fundamental physics with LISA
Research output: Contribution to journal › Article › peer-review

Online singing interventions for postnatal depression in times of social isolation: a feasibility study protocol for the SHAPER-PNDO single-arm trial

Research output: Contribution to journal › Article › peer-review

Oral health status and practices of 6- to 7-year-old children in Amman, Jordan: a cross-sectional study

Research output: Contribution to journal › Article › peer-review

Phase 1b study of berzosertib and cisplatin in patients with advanced triple-negative breast cancer

Research output: Contribution to journal › Article › peer-review

Psychometric properties of screening questionnaires to detect depression in primary healthcare setting in rural Ethiopia

Research output: Contribution to journal › Article › peer-review

Pulpotomy for the Management of Irreversible Pulpitis in Mature Teeth (PIP): a feasibility study

Research output: Contribution to journal › Article › peer-review

RA-MAP, molecular immunological landscapes in early rheumatoid arthritis and healthy vaccine recipients
The RA-MAP Consortium, Dec 2022, In: Scientific Data. 9, 1, 196.

Research output: Contribution to journal › Article › peer-review

REACH-ASD: a UK randomised controlled trial of a new post-diagnostic psycho-education and acceptance and commitment therapy programme against treatment-as-usual for improving the mental health and adjustment of caregivers of children recently diagnosed with autism spectrum disorder
The REACH-ASD Team, Dec 2022, In: Trials. 23, 1, 585.

Research output: Contribution to journal › Article › peer-review

Real- and momentum-space description of the excitons in bulk and monolayer chromium tri-halides

Research output: Contribution to journal › Article › peer-review

Rearrangement processes and structural variations show evidence of selection in oesophageal adenocarcinomas
Oesophageal Cancer Clinical and Molecular Stratification (OCCAMS) Consortium, Dec 2022, In: Communications Biology. 5, 1, 335.

Research output: Contribution to journal › Article › peer-review

Receptor tyrosine kinase inhibitors negatively impact on pro-reparative characteristics of human cardiac progenitor cells
Repair of acute respiratory distress syndrome by stromal cell administration (REALIST): a structured study protocol for an open-label dose-escalation phase 1 trial followed by a randomised, triple-blind, allocation concealed, placebo-controlled phase 2 trial

Robust prediction of force chains in jammed solids using graph neural networks

Role of polygenic and environmental factors in the co-occurrence of depression and psychosis symptoms: a network analysis

SCMR expert consensus statement for cardiovascular magnetic resonance of acquired and non-structural pediatric heart disease

Shielding of actin by the endoplasmic reticulum impacts nuclear positioning

Single-Pulse Transcranial Magnetic Stimulation for the preventive treatment of difficult-to-treat migraine: a 12-month prospective analysis

Squid Game Outside the Wall: Fandom Nationalism in China and Negotiation with State Power
Wang, E. N., Dec 2022, (Accepted/In press) In: Communication, Culture and Critique.

Stimulated phosphorylation of ERK in mouse kidney mesangial cells is dependent upon expression of Cav3.1

Structural network alterations in focal and generalized epilepsy assessed in a worldwide ENIGMA study follow axes of epilepsy risk gene expression
Symptoms of post-traumatic stress and associations with sexual behaviour and PrEP preferences among young people in South Africa, Uganda and Zimbabwe
for the CHAPS Study Team, Dec 2022, In: BMC infectious diseases. 22, 1, 466.
Research output: Contribution to journal › Article › peer-review

The Social Competence Promotion Program among Young Adolescents (SCPP-YA) in Chile ("Mi Mejor Plan") for substance use prevention among early adolescents: study protocol for a randomized controlled trial
Research output: Contribution to journal › Article › peer-review

The effects of response inhibition training following binge memory retrieval in young adults binge eaters: a randomised-controlled experimental study
Research output: Contribution to journal › Article › peer-review

The erythrocyte membrane properties of beta thalassaemia heterozygotes and their consequences for Plasmodium falciparum invasion
Research output: Contribution to journal › Article › peer-review

The grief experience during the COVID-19 pandemic across different cultures
Research output: Contribution to journal › Comment/debate › peer-review

The impact of moderator by confounder interactions in the assessment of treatment effect modification: a simulation study
Research output: Contribution to journal › Article › peer-review

The relationship between jumping to conclusions and social cognition in first-episode psychosis
Spanish Metacognition Group, Dec 2022, In: Schizophrenia. 8, 1, 39.
Research output: Contribution to journal › Article › peer-review

Towards a biological definition of ARDS: are treatable traits the solution?
Research output: Contribution to journal › Review article › peer-review

Unified classification and risk-stratification in Acute Myeloid Leukemia
Research output: Contribution to journal › Article › peer-review
Variation in communication and family visiting policies in intensive care within and between countries during the Covid-19 pandemic: The COVISIT international survey
the COVISIT contributors, Oct 2022, In: Journal of Critical Care. 71, 154050.
Research output: Contribution to journal › Article › peer-review

Hyaluronic acid-entecavir conjugates-core/lipid-shell nanohybrids for efficient macrophage uptake and hepatotropic prospects
Research output: Contribution to journal › Article › peer-review

Transnational Advocacy against China's Atrocities in Xinjiang
Pils, E., 30 Sep 2022, Activism and Authoritarian Governance in Asia. Barrow, A. & Fuller, S. (eds.). Routledge
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

A miniaturized passive sampling-based workflow for monitoring chemicals of emerging concern in water
Research output: Contribution to journal › Article › peer-review

Mixing Mediums and Methods: Practice-Led Research into Interactive Screen-Based Production and Reception
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Poems We Live With: "The Victorious Ones"
De’Ath, A., 1 Sep 2022, (Accepted/In press) In: Paideuma: Modern and Contemporary Poetry and Poetics.
Research output: Contribution to journal › Article › peer-review

A common epigenetic clock from childhood to old age
Research output: Contribution to journal › Article › peer-review

A description of virtual skills workshops for supporters of loved ones with eating disorders: Indicators of benefit and acceptability, clinical reflections and consideration of neurodiversity
Research output: Contribution to journal › Article › peer-review

Acute Antibody-mediated rejection in liver transplantation: Impact and applicability of the Banff working group on liver allograft pathology 2016 criteria
Research output: Contribution to journal › Article › peer-review

Adverse childhood experiences and adolescent drug use in the UK: The moderating role of socioeconomic position and ethnicity
Research output: Contribution to journal › Article › peer-review

Anticoagulation for atrial fibrillation in people with serious mental illness in the general hospital setting
Are patients with cancer at higher risk of COVID-19-related death? A systematic review and critical appraisal of the early evidence

Assessing responsiveness to direct verbal suggestions in depersonalization-derealization disorder

Combining cost-effectiveness results into a single measurement: What is the value?

Cryogel scaffolds: Soft and easy to use tools for neural tissue culture

DUSP4 protects BRAF- and NRAS-mutant melanoma from oncogene overdose through modulation of MITF

Differences in mental health inequalities based on university attendance: Intersectional multilevel analyses of individual heterogeneity and discriminatory accuracy

Electrodermal activity response during seizures: A systematic review and meta-analysis
Casanovas Ortega, M., Bruno, E. & Richardson, M. P., Sep 2022, In: Epilepsy and Behavior. 134, 108864.

Events as catalysts for communal resistance to overtourism

Evidence of discontinuity between psychosis-risk and non-clinical samples in the neuroanatomical correlates of social function

Exposure to transit migration: Public attitudes and entrepreneurship
Ajzenman, N., Aksoy, C. G. & Guriev, S., Sep 2022, In: JOURNAL OF DEVELOPMENT ECONOMICS. 158, 102899.

Highly efficient poly(acrylic acid-co-aniline) grafted itaconic acid hydrogel: Application in water retention and adsorption of rhodamine B dye for a sustainable environment
Industry updates from the field of stem cell research and regenerative medicine in May 2022
Ilic, D. & Liovic, M., Sep 2022, In: Regenerative medicine. 17, 9, p. 597-606 10 p.
Research output: Contribution to journal › Article › peer-review

International research and clinical collaboration of early-career psychiatrists—Celebrating achievements
Research output: Contribution to journal › Letter › peer-review

Intimate partner violence and abuse experience and perpetration in UK military personnel compared to a general population cohort: A cross-sectional study
Research output: Contribution to journal › Article › peer-review

Location of out-of-hospital cardiac arrests and automated external defibrillators in relation to schools in an English ambulance service region
Hawkes, C., Sep 2022, In: RESUSCITATION PLUS. 11, 100279.
Research output: Contribution to journal › Article › peer-review

Position statement from the Editors of Anaesthesia on equity, diversity and inclusion
Research output: Contribution to journal › Article › peer-review

Practicalities, challenges and solutions to delivering a national organisational survey of cancer service and processes: Lessons from the National Prostate Cancer Audit
Research output: Contribution to journal › Article › peer-review

Prevalence and predictors of non-alcoholic steatohepatitis in subjects with morbid obesity and with or without type 2 diabetes
Research output: Contribution to journal › Article › peer-review

Racism as the fundamental cause of ethnic inequities in COVID-19 vaccine hesitancy: A theoretical framework and empirical exploration using the UK Household Longitudinal Study
Research output: Contribution to journal › Article › peer-review

Rituximab in juvenile myasthenia gravis—an international cohort study and literature review
Research output: Contribution to journal › Article › peer-review

Segmenting electroencephalography wires reduces radiofrequency shielding artifacts in simultaneous electroencephalography and functional magnetic resonance imaging at 7 T
Research output: Contribution to journal › Article › peer-review
Special Issue: Autism and Feeding and Eating Disorders
Tchanturia, K., Sep 2022, European Eating Disorders Review, p. 435-690.
Research output: Contribution to specialist publication › Special issue

Spend less to achieve more: Economic analysis of intermittent versus continuous cetuximab in KRAS wild-type patients with metastatic colorectal cancer
Research output: Contribution to journal › Article › peer-review

The effect of psychological meaningfulness and perceived organisational support on the relationship between nursing workload and job satisfaction: A prospective, cross-sectional investigation
Research output: Contribution to journal › Article › peer-review

The relationship between symptoms of obsessive compulsive disorder and depression during therapy: A random intercept cross-lagged panel model
Research output: Contribution to journal › Article › peer-review

The risk of contracting SARS-CoV-2 or developing COVID-19 for people with cancer: A systematic review of the early evidence
Research output: Contribution to journal › Review article › peer-review

Dance Cultures
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Hidden Multivalency in Phosphatase Recruitment by a Disordered AKAP Scaffold: Hidden multivalency in a disordered scaffold
Research output: Contribution to journal › Article › peer-review

Global patterns of antigen receptor repertoire disruption across adaptive immune compartments in COVID-19
Research output: Contribution to journal › Article › peer-review

Growth of What? New Narratives for the Creative Economy, Beyond GDP
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Frailty and mortality risk in COPD: a cohort study comparing the Fried Frailty Phenotype and Short Physical Performance Battery
Research output: Contribution to journal › Article › peer-review
The challenge of exercise (non) adherence: a scoping review of methods and techniques applied to improve adherence to physical activity and exercise in people with inflammatory arthritis
Research output: Contribution to journal › Review article › peer-review

The efficacy of GLP-1RAs for the management of postprandial hypoglycaemia following bariatric surgery: A systematic review
Research output: Contribution to journal › Review article › peer-review

The enduring effects of racism on health: Understanding direct and indirect effects over time
Research output: Contribution to journal › Article › peer-review

The prognostic and discriminatory utility of the Clinical Frailty Scale and modified frailty Index compared to age
Research output: Contribution to journal › Article › peer-review

Shared endeavours: Exploring Elinor Ostrom's principles for collaborative group working from a contemporary design perspective
Research output: Chapter in Book/Report/Conference proceeding › Conference paper › peer-review

The Brexit referendum and three types of regret
Drinkwater, S. & Jennings, C., 20 Aug 2022, (Accepted/In press) In: PUBLIC CHOICE.
Research output: Contribution to journal › Article › peer-review

Chinese Nuclear Force Modernization and Doctrinal Change
Leveringhaus, N., 19 Aug 2022
Research output: Book/Report › Commissioned report › peer-review

Ironing out the crease
Drukker, N. & Trépanier, M., 19 Aug 2022, In: Journal of High Energy Physics. 2022, 8
Research output: Contribution to journal › Article › peer-review

The problematic nature of transitions amongst adolescents with multiple and complex needs in secure care: An overview of institutional transitions: Diversity and Marginalisation in Forensic Mental Health Care
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Transcranial direct current stimulation effects in late life depression: a meta-analysis of individual participant data
Research output: Contribution to journal › Article › peer-review

Analysing the European Union-Japan dialogue through the lenses of knowledge for development
Serban, I. D., 18 Aug 2022, In: Journal of European Integration.
Research output: Contribution to journal › Article › peer-review
Philological Reception and the Repeating Odyssey in the Caribbean: Francisco Chofre’s La Odilea
Andújar, R., 13 Aug 2022, In: AMERICAN JOURNAL OF PHILOLOGY. 143, 2
Research output: Contribution to journal › Article › peer-review

Service user experiences of mental health assessments: a systematic review and thematic synthesis of qualitative literature
Research output: Contribution to journal › Article › peer-review

Achieving child-centred care for children and young people with life-limiting and life-threatening conditions
Research output: Contribution to journal › Article › peer-review

Adolescent mobile phone addiction during the COVID-19 pandemic predicts subsequent suicide risk: a two-wave longitudinal study
Research output: Contribution to journal › Article › peer-review

Civil war secularity talk
Gutkowski, S., 12 Aug 2022, (Accepted/In press) In: Religions. 21 p.
Research output: Contribution to journal › Article › peer-review

Different loneliness types, cognitive function, and brain structure in midlife: Findings from the Framingham Heart Study
Research output: Contribution to journal › Article › peer-review

Neonatal frontal-limbic connectivity is associated with externalizing behaviours in toddlers with Congenital Heart Disease
Research output: Contribution to journal › Article › peer-review

Ustekinumab-Induced Inflammatory Demyelinating Polyneuropathy in a Patient with Ulcerative Colitis
Research output: Contribution to journal › Article › peer-review

Can magnetic resonance imaging enhance the assessment of potential new treatments for cognitive impairment in mood disorders? A systematic review and position paper by the International Society for Bipolar Disorders Targeting Cognition Task Force
Research output: Contribution to journal › Review article › peer-review

Flow completion network: Inferring the fluid dynamics from incomplete flow information using graph neural networks
He, X., Wang, Y. & Li, J., 11 Aug 2022, In: PHYSICS OF FLUIDS. 34
Research output: Contribution to journal › Article › peer-review

Message self and social relevance increases intentions to share content: Correlational and causal evidence from six studies.
Precarity and preparedness during the SARS-CoV-2 pandemic: A qualitative service evaluation of maternity healthcare professionals

Relief from Relief?: Greek-Born Adoptees "Talk Back"

The managerial contradictions of extroverted financialization: the rise and fall of Deutsche Bank
Beck, M., 11 Aug 2022, (E-pub ahead of print) In: SOCIO-ECONOMIC REVIEW.

Transvenous lead extraction in conduction system pacing

Does the number of candidates increase turnout? Causal evidence from two-round elections
Bol, D. & Ivandic, R., 10 Aug 2022, In: POLITICAL BEHAVIOR.

Graphical Modelling and Optimization of RAN function split deployed through UAVs

Handbook on heritage, sustainable tourism and digital media
Tuncdogan, A., 10 Aug 2022, (Accepted/In press) In: Journal of Heritage Tourism.

Local molecular and global connectomic contributions to cross-disorder cortical abnormalities

Adaptive Fuzzy Control for a Spatial Flexible Hose System with Dynamic Event-triggered Mechanism

Beyond financialisation: the longue durée of finance and production in the Global South

Complement dysregulation and Alzheimer's disease in Down Syndrome
Evaluating Physical Urban Features in Psychotic Disorders using Electronic Health Record Data
