Research outputs
Listing of Research outputs

American covert action and diplomacy post-9/11
Long, M., Jun 2022, (Accepted/In press) In: DIPLOMACY AND STATECRAFT. 33, 2
Research output: Contribution to journal › Article › peer-review

The Singapore Convention on Mediation: Its impact on international construction disputes
Research output: Chapter in Book/Report/Conference proceeding › Chapter

The End of Global Poverty: Is the UN Sustainable Development Goal 1 (Still) Achievable?
Sumner, A. & Hoy, C., 2022, In: Global Policy.
Research output: Contribution to journal › Article › peer-review

The Newbolt Report and its Contexts
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Moderation as Jordanian Soft Power: Islam and Beyond
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Retroframing the Future: Digital De-Aging Technologies in Contemporary Hollywood Cinema
Holliday, C., 2022, (Accepted/In press) In: Journal of Cinema and Media Studies.
Research output: Contribution to journal › Article › peer-review

High Prevalence and Incidence of Obsessive-Compulsive Disorder Among Women Across Pregnancy and the Postpartum
Research output: Contribution to journal › Article › peer-review

The emerging role of hydrogen bond interactions in polyglutamine structure, stability and association
Research output: Contribution to journal › Article › peer-review

The oil nouveau riche and arms imports
Vezina, P-L., 2021, In: JOURNAL OF AFRICAN ECONOMIES.
Research output: Contribution to journal › Article › peer-review

Service user experiences of community services for complex emotional needs: a qualitative thematic synthesis
Research output: Contribution to journal › Article › peer-review

The Relationship Between Mucins and Ulcerative Colitis: A Systematic Review
Research output: Contribution to journal › Review article › peer-review

A conserved role for the ALS-linked splicing factor SFPQ in repression of pathogenic cryptic last exons
Research output: Contribution to journal › Article › peer-review
A framework for handling missing accelerometer outcome data in trials
Research output: Contribution to journal › Article › peer-review

A large multiethnic GWAS meta-analysis of cataract identifies new risk loci and sex-specific effects
23andMe Research Team, Dec 2021, In: Nature Communications. 12, 1, 3595.
Research output: Contribution to journal › Article › peer-review

A multi-centre, open label, randomised, parallel-group, superiority Trial to compare the efficacy of URsodeoxycholic acid with RIFampicin in the management of women with severe early onset Intrahepatic Cholestasis of pregnancy: the TURRIFIC randomised trial
Research output: Contribution to journal › Article › peer-review

A multi-ethnic epigenome-wide association study of leukocyte DNA methylation and blood lipids
Research output: Contribution to journal › Article › peer-review

A non-randomised pilot study of the Solutions for Medication Adherence Problems (S-MAP) intervention in community pharmacies to support older adults adhere to multiple medications
Research output: Contribution to journal › Article › peer-review

A psychometric and validity study of callous-unemotional traits in 2.5 year old children
Research output: Contribution to journal › Article › peer-review

A systematic review and meta-analysis of the role of sugar-free chewing gum on Streptococcus mutans
Research output: Contribution to journal › Article › peer-review

A systematic review of the evidence for deprescribing interventions among older people living with frailty
Research output: Contribution to journal › Article › peer-review

A systematic review of the latent structure of the Center for Epidemiologic Studies Depression Scale (CES-D) amongst adolescents
Research output: Contribution to journal › Article › peer-review
ADVANCE integrated group intervention to address both substance use and intimate partner abuse perpetration by men in substance use treatment: a feasibility randomised controlled trial

ALS-linked FUS mutants affect the localization of U7 snRNP and replication-dependent histone gene expression in human cells

Abnormal brain cholesterol homeostasis in Alzheimer’s disease—a targeted metabolomic and transcriptomic study

Adapting the definition of multimorbidity – development of a locality-based consensus for selecting included Long Term Conditions

Addressing key gaps in implementation of mosquito larviciding to accelerate malaria vector control in southern Tanzania: results of a stakeholder engagement process in local district councils

Addressing the quality of paediatric primary care: health worker and caregiver perspectives from a process evaluation of PACK child, a health systems intervention in South Africa

An assessment of the use of patient reported outcome measurements (PROMs) in cancers of the pelvic abdominal cavity: identifying oncologic benefit and an evidence-practice gap in routine clinical practice

An integrated community and primary healthcare worker intervention to reduce stigma and improve management of common mental disorders in rural India: protocol for the SMART Mental Health programme

An overview to process design, simulation and sustainability evaluation of biodiesel production

Association of social distancing and face mask use with risk of COVID-19
Barriers and drivers to service delivery in global mental health projects
Research output: Contribution to journal › Article › peer-review

Barriers and facilitators to the adoption of electronic clinical decision support systems: a qualitative interview study with UK general practitioners
Research output: Contribution to journal › Article › peer-review

Body mass index, performance on activities of daily living and cognition: analysis in two different populations
Research output: Contribution to journal › Article › peer-review

Brain-derived neurotrophic factor in cerebrospinal fluid and plasma is not a biomarker for Huntington's disease
Research output: Contribution to journal › Article › peer-review

Brief early adolescent multi-family therapy (BEAM) trial for anorexia nervosa: a feasibility randomized controlled trial protocol
Research output: Contribution to journal › Article › peer-review

COVIDiSTRESS Global Survey dataset on psychological and behavioural consequences of the COVID-19 outbreak
Research output: Contribution to journal › Article › peer-review

CXCR7 ameliorates myocardial infarction as a β-arrestin-biased receptor
Research output: Contribution to journal › Article › peer-review

Cardiomyocytes stimulate angiogenesis after ischemic injury in a ZEB2-dependent manner
Research output: Contribution to journal › Article › peer-review

CariesCare International adapted for the pandemic in children: Caries OUT multicentre single-group interventional study protocol
Research output: Contribution to journal › Article › peer-review

Cdk5 and GSK3β inhibit fast endophilin-mediated endocytosis
Research output: Contribution to journal › Article › peer-review

Characteristics and mortality rates among patients requiring intermediate care: a national cohort study using linked databases
Research output: Contribution to journal › Article › peer-review

Characterization of the public transit air microbiome and resistome reveals geographical specificity
Research output: Contribution to journal › Article › peer-review

Clearance of inflammatory cytokines in patients with septic acute kidney injury during renal replacement therapy using the EMiC2 filter (Clic-AKI study)
Research output: Contribution to journal › Article › peer-review

Clinical comparison of sub-mm high-resolution non-contrast coronary CMR angiography against coronary CT angiography in patients with low-intermediate risk of coronary artery disease: a single center trial
Research output: Contribution to journal › Article › peer-review

Co-production of an e-resource to help women who have experienced childhood sexual abuse prepare for pregnancy, birth, and parenthood
Research output: Contribution to journal › Article › peer-review

Combined treatment with enteric neural stem cells and chondroitinase ABC reduces spinal cord lesion pathology
Research output: Contribution to journal › Article › peer-review

Comparable emotional dynamics in women with ADHD and borderline personality disorder
Research output: Contribution to journal › Article › peer-review

Conserved human effector Treg cell transcriptomic and epigenetic signature in arthritic joint inflammation
Research output: Contribution to journal › Article › peer-review

Core outcomes set for research on the treatment of opioid use disorder (COS-OUD): the National Institute on Drug Abuse Clinical Trials Network protocol for an e-Delphi consensus study
Research output: Contribution to journal › Article › peer-review

Crisis in care homes: the dentists don't come
Research output: Contribution to journal › Article › peer-review
Cross-sectional analysis of the Parkinson's disease Non-motor International Longitudinal Study baseline non-motor characteristics, geographical distribution and impact on quality of life
Research output: Contribution to journal › Article › peer-review

Cross-sectional study of mental health related knowledge and attitudes among care assistant workers in Guangzhou, China
Research output: Contribution to journal › Article › peer-review

Deep learning identifies partially overlapping subnetworks in the human social brain
Research output: Contribution to journal › Article › peer-review

Deletion of the diabetes candidate gene Slc16a13 in mice attenuates diet-induced ectopic lipid accumulation and insulin resistance
Research output: Contribution to journal › Article › peer-review

Demographic, multi-morbidity and genetic impact on myocardial involvement and its recovery from COVID-19: protocol design of COVID-HEART—a UK, multicentre, observational study
Research output: Contribution to journal › Article › peer-review

Demonstrating trustworthiness when collecting and sharing genomic data: public views across 22 countries
Research output: Contribution to journal › Article › peer-review

Dental caries experience and associated factors in adults: a cross-sectional community survey within Ethiopia
Research output: Contribution to journal › Article › peer-review

Dental caries thresholds among adolescents in England, Wales, and Northern Ireland, 2013 at 12, and 15 years: implications for epidemiology and clinical care
Research output: Contribution to journal › Article › peer-review

Dental periodontal procedures: a systematic review of contamination (splatter, droplets and aerosol) in relation to COVID-19
Research output: Contribution to journal › Article › peer-review
Detecting anxiety and depression among people with limited literacy living with chronic low back pain in Nigeria: adaptation and validation of the hospital anxiety and depression scale
Research output: Contribution to journal › Article › peer-review

Determinants of penetrance and variable expressivity in monogenic metabolic conditions across 77,184 exomes
Research output: Contribution to journal › Article › peer-review

Developing a task-sharing psychological intervention to treat mild to moderate symptoms of perinatal depression and anxiety in South Africa: a mixed-method formative study
Research output: Contribution to journal › Article › peer-review

Development and validation of prediction model to estimate 10-year risk of all-cause mortality using modern statistical learning methods: a large population-based cohort study and external validation
Research output: Contribution to journal › Article › peer-review

Direct healthcare resource utilisation, health-related quality of life, and work productivity in patients with moderate rheumatoid arthritis: an observational study
Research output: Contribution to journal › Article › peer-review

Disorder-specific alterations of tactile sensitivity in neurodevelopmental disorders
Research output: Contribution to journal › Article › peer-review

Do beta-adrenergic blocking agents increase asthma exacerbation? A network meta-analysis of randomized controlled trials
Research output: Contribution to journal › Article › peer-review

Drug ranking using machine learning systematically predicts the efficacy of anti-cancer drugs
Research output: Contribution to journal › Article › peer-review

Dynamic causal modelling of immune heterogeneity
Research output: Contribution to journal › Article › peer-review

Dysregulation of epithelial ion transport and neurochemical changes in the colon of a parkinsonian primate
Research output: Contribution to journal › Article › peer-review

Effect of sevoflurane on the inflammatory response during cardiopulmonary bypass in cardiac surgery: the study protocol for a randomized controlled trial
Effectiveness and cost-effectiveness of integrating the management of depression into routine HIV Care in Uganda (the HIV + D trial): A protocol for a cluster-randomised trial

Embedding an economist in regional and rural health services to add value and reduce waste by improving local-level decision-making: protocol for the 'embedded Economist' program and evaluation

Endogenous suppression of WNT signalling in human embryonic stem cells leads to low differentiation propensity towards definitive endoderm

Epigenome-wide association meta-analysis of DNA methylation with coffee and tea consumption

Equity in newborn care, evidence from national surveys in low- and middle-income countries

Equivalent DNA methylation variation between monozygotic co-twins and unrelated individuals reveals universal epigenetic inter-individual dissimilarity

Ethics review of big data research: what should stay and what should be reformed?

Evaluation of anti-stigma social marketing campaigns in Ghana and Kenya: Time to Change Global

Evidence for specificity of polygenic contributions to attainment in English, maths and science during adolescence
Genetic variant of TTLL11 gene and subsequent ciliary defects are associated with idiopathic scoliosis in a 5-generation UK family
Research output: Contribution to journal › Article › peer-review

Genome wide association study of response to interval and continuous exercise training: the Predict-HIIT study
Research output: Contribution to journal › Article › peer-review

Genome-wide association studies identify 137 genetic loci for DNA methylation biomarkers of aging
Research output: Contribution to journal › Article › peer-review

Genome-wide meta-analysis identifies 127 open-angle glaucoma loci with consistent effect across ancestries
Research output: Contribution to journal › Article › peer-review

Genomic imbalances in the placenta are associated with poor fetal growth
Research output: Contribution to journal › Article › peer-review

Geometric Design-based Dimensional Synthesis of a Novel Metamorphic Multi-fingered Hand with Maximal Workspace
Research output: Contribution to journal › Article › peer-review

Guideline on current good radiopharmacy practice (cGRPP) for the small-scale preparation of radiopharmaceuticals
Research output: Contribution to journal › Article › peer-review

Guy's and St Thomas NHS Foundation active surveillance prostate cancer cohort: a characterisation of a prostate cancer active surveillance database
Research output: Contribution to journal › Article › peer-review

HIV-1 sequences in lentiviral vector genomes can be substantially reduced without compromising transduction efficiency
Research output: Contribution to journal › Article › peer-review

Hand-portable HPLC with broadband spectral detection enables analysis of complex polycyclic aromatic hydrocarbon mixtures
Research output: Contribution to journal › Article › peer-review
Integrated health Services for Children: a qualitative study of family perspectives
Research output: Contribution to journal › Article › peer-review

Integrating human-centred design into the development of an intervention to improve the mental wellbeing of young women in the perinatal period: the Catalyst project
Research output: Contribution to journal › Article › peer-review

Interpersonal violence in a deprived Scottish urban area with aggregations of physical health risks and psychiatric morbidity: an ecological study
Research output: Contribution to journal › Article › peer-review

Intragenerational social mobility and self-rated oral health in the British cohort study
Research output: Contribution to journal › Article › peer-review

Investigating the relationship between BMI across adulthood and late life brain pathologies
Research output: Contribution to journal › Article › peer-review

Is this the ‘new normal’? A mixed method investigation of young person, parent and clinician experience of online eating disorder treatment during the COVID-19 pandemic
Research output: Contribution to journal › Article › peer-review

Life under lockdown and social restrictions - the experiences of people living with dementia and their carers during the COVID-19 pandemic in England
Research output: Contribution to journal › Article › peer-review

Long-term kidney function of patients discharged from hospital after an intensive care admission: observational cohort study
Research output: Contribution to journal › Article › peer-review

Maladaptive behaviours in adolescence and their associations with personality traits, emotion dysregulation and other clinical features in a sample of Italian students: a cross-sectional study
Research output: Contribution to journal › Article › peer-review

Malaria and Cancer: a critical review on the established associations and new perspectives
Research output: Contribution to journal › Review article › peer-review
Meta-analysis of genome-wide DNA methylation identifies shared associations across neurodegenerative disorders
the Australian Imaging Biomarkers and Lifestyle study & The Alzheimer’s Disease Neuroimaging Initiative, Dec 2021, In: Genome Biology. 22, 1, 90.
Research output: Contribution to journal › Article › peer-review

Metabolic phenotyping reveals a reduction in the bioavailability of serotonin and kynurenine pathway metabolites in both the urine and serum of individuals living with Alzheimer’s disease
Research output: Contribution to journal › Article › peer-review

Methods and open-source toolkit for analyzing and visualizing challenge results
Research output: Contribution to journal › Article › peer-review

Microsurgical endodontic treatment of the upper molar teeth and their relationship with the maxillary sinus: a retrospective multicentric clinical study
Research output: Contribution to journal › Article › peer-review

Military and demographic predictors of mental ill-health and socioeconomic hardship among UK veterans
Research output: Contribution to journal › Article › peer-review

Model-based comorbidity clusters in patients with heart failure: association with clinical outcomes and healthcare utilization
Research output: Contribution to journal › Article › peer-review

Moving online: young people and parents’ experiences of adolescent eating disorder day programme treatment during the COVID-19 pandemic
Research output: Contribution to journal › Article › peer-review

Multi-omics phenotyping of the gut-liver axis reveals metabolic perturbations from a low-dose pesticide mixture in rats
Research output: Contribution to journal › Article › peer-review

Multizonal anogenital neoplasia in women: a cohort analysis
Research output: Contribution to journal › Article › peer-review

Non-motor predictors of 36-month quality of life after subthalamic stimulation in Parkinson disease
Research output: Contribution to journal › Article › peer-review

Not all biases are bad: equitable and inequitable biases in machine learning and radiology
Research output: Contribution to journal › Review article › peer-review

OASI2: a cluster randomised hybrid evaluation of strategies for sustainable implementation of the Obstetric Anal Sphincter Injury Care Bundle in maternity units in Great Britain
Osteocyte transcriptome mapping identifies a molecular landscape controlling skeletal homeostasis and susceptibility to skeletal disease

Pathways into and out of homelessness among people with severe mental illness in rural Ethiopia: a qualitative study

Pediatric patients' reasons for visiting dentists in all WHO regions

Placing assistive technology and telecare in everyday practices of people with dementia and their caregivers: findings from an embedded ethnography of a national dementia trial

Polθ inhibitors elicit BRCA-gene synthetic lethality and target PARP inhibitor resistance
Proteomics of REPLICANT perfusate detects changes in the metastatic lymph node microenvironment
Research output: Contribution to journal > Article > peer-review

Protocol for A randomised feasibility trial comparing fluoride interventions to prevent dental decay in older people in care homes (FinCH trial)
Research output: Contribution to journal > Article > peer-review

Public health utility of cause of death data: applying empirical algorithms to improve data quality
GBD Cause of Death Collaborators, Dec 2021, In: BMC medical informatics and decision making. 21, 1, 175.
Research output: Contribution to journal > Article > peer-review

Pupil dilation reflects the authenticity of received nonverbal vocalizations
Cosme, G., Rosa, P. J., Lima, C. F., Tavares, V., Scott, S., Chen, S., Wilcockson, T. D. W., Crawford, T. J. & Prata, D.,
Dec 2021, In: Scientific Reports. 11, 1, 3733.
Research output: Contribution to journal > Article > peer-review

Real-time clinician text feeds from electronic health records
Teo, J. T. H., Dinu, V., Bernal, W., Davidson, P., Oliynyk, V., Breen, C., Barker, R. D. & Dobson, R. J. B., Dec 2021, In:
npj Digital Medicine. 4, 1, 35.
Research output: Contribution to journal > Article > peer-review

Recommendations for occupational therapy interventions for adults with ADHD: a consensus statement from the UK adult
ADHD network
Adamou, M., Asherson, P., Arif, M., Buckenham, L., Cubbin, S., Dancza, K., Gorman, K., Gudjonsson, G., Gutman, S.,
Kustow, J., Mabbott, K., May-Benson, T., Muller-Sedgwick, U., Pell, E., Pitts, M., Rastrick, S., Sedgwick, J., Smith, K.,
Research output: Contribution to journal > Article > peer-review

Recruitment, training and supervision of nurses and nurse assistants for a task-shifting depression intervention in two
RCTs in Brazil and Peru
Research output: Contribution to journal > Article > peer-review

Red blood cell mannoses as phagocytic ligands mediating both sickle cell anaemia and malaria resistance
Cao, H., Antonopoulos, A., Henderson, S., Wassall, H., Brewin, J., Masson, A., Shepherd, J., Konieczny, G., Patel, B.,
Williams, M. L., Davie, A., Forrester, M. A., Hall, L., Minter, B., Tampakis, D., Moss, M., Lennon, C., Pickford, W., Erwig,
Research output: Contribution to journal > Article > peer-review

Regeneration linked miRNA modify tumor phenotype and can enforce multi-lineage growth arrest in vivo
Salehi, S., Tavabie, O. D., Villanueva, A., Watson, J., Darling, D., Quaglia, A., Farzaneh, F. & Aluvihare, V. R., Dec 2021,
In: Scientific Reports. 11, 1, 10538.
Research output: Contribution to journal > Article > peer-review

Risk of esophageal and gastric adenocarcinoma in men receiving androgen deprivation therapy for prostate cancer
Reports. 11, 1, 13486.
Research output: Contribution to journal > Article > peer-review

Risk of primary lung cancer after adjuvant radiotherapy in breast cancer—a large population-based study
Risk variants and polygenic architecture of disruptive behavior disorders in the context of attention-deficit/hyperactivity disorder

Sedation versus protective stabilization for dental treatment of children with caries and challenging behavior at the dentist (CHOOSE): a study protocol for a non-randomized clinical trial
CEDACORE Collaborative Group, Dec 2021, In: BMC Oral Health. 21, 1, 256.

Self-determination theory interventions versus usual care in people with diabetes: a protocol for a systematic review with meta-analysis and trial sequential analysis

Specialized post-inpatient psychotherapy for sustained recovery in anorexia nervosa via videoconference – study protocol of the randomized controlled SUSTAIN trial

Spectrum of mutational signatures in T-cell lymphoma reveals a key role for UV radiation in cutaneous T-cell lymphoma

Symptoms and syndromes associated with SARS-CoV-2 infection and severity in pregnant women from two community cohorts

TIM4 expression by dendritic cells mediates uptake of tumor-associated antigens and anti-tumor responses

TMS-EEG signatures of glutamatergic neurotransmission in human cortex

The Early Youth Engagement in first episode psychosis (EYE-2) study: pragmatic cluster randomised controlled trial of implementation, effectiveness and cost-effectiveness of a team-based motivational engagement intervention to improve engagement

The NeST (Neoadjuvant systemic therapy in breast cancer) study: National Practice Questionnaire of United Kingdom multi-disciplinary decision making
on behalf of the NeST Study Research Collaborative, Dec 2021, In: BMC Cancer. 21, 1, 90.
Research output: Contribution to journal › Article › peer-review

The Rise of the Modern Middle East
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

The chemical tool-kit for molecular imaging with radionuclides in the age of targeted and immune therapy
Research output: Contribution to journal › Review article › peer-review

The effect of training intensity on implicit learning rates in schizophrenia
Research output: Contribution to journal › Article › peer-review

The effects of dietary and lifestyle interventions among pregnant women with overweight or obesity on early childhood outcomes: an individual participant data meta-analysis from randomised trials
Research output: Contribution to journal › Article › peer-review

The efficacy of exergaming in people with major neurocognitive disorder residing in long-term care facilities: a pilot randomized controlled trial
Research output: Contribution to journal › Article › peer-review

The expansion of Acheulean hominins into the Nefud Desert of Arabia
Research output: Contribution to journal › Article › peer-review

The genomic loci of specific human tRNA genes exhibit ageing-related DNA hypermethylation
Research output: Contribution to journal › Article › peer-review

The impact of moral injury on the wellbeing of UK military veterans
Research output: Contribution to journal › Article › peer-review

The order and logic of CD4 versus CD8 lineage choice and differentiation in mouse thymus
Research output: Contribution to journal › Article › peer-review

The progression of disorder-specific brain pattern expression in schizophrenia over 9 years
Research output: Contribution to journal › Article › peer-review
The relationship between cardiac injury, inflammation and coagulation in predicting COVID-19 outcome
Pisa Covid Study Group, Dec 2021, In: Scientific Reports. 11, 1, 6515.
Research output: Contribution to journal › Article › peer-review

Three-dimensional total-internal reflection fluorescence nanoscopy with nanometric axial resolution by photometric localization of single molecules
Research output: Contribution to journal › Article › peer-review

Towards optimising experimental quantification of persistent pain in Parkinson's disease using psychophysical testing
Research output: Contribution to journal › Review article › peer-review

Ultrasound mediated delivery of quantum dots from a proof of concept capsule endoscope to the gastrointestinal wall
Research output: Contribution to journal › Article › peer-review

Understanding the key processes of excellence as a prerequisite to establishing academic centres of excellence in Africa
Research output: Contribution to journal › Article › peer-review

Using electronic patient records to assess the effect of a complex antenatal intervention in a cluster randomised controlled trial—data management experience from the DESIGN Trial team
on behalf of the DESIGN Trial team, Dec 2021, In: Trials. 22, 1, 195.
Research output: Contribution to journal › Article › peer-review

Validation of a high-fidelity training model for fetoscopic spina bifida surgery
Research output: Contribution to journal › Article › peer-review

Validation of the Critical-Care Pain Observation Tool-Neuro in brain-injured adults in the intensive care unit: a prospective cohort study
Research output: Contribution to journal › Article › peer-review

Validity and reliability of the English and translated Chinese versions of the Integrated Palliative care Outcome Scale (IPOS) in Singapore
Research output: Contribution to journal › Article › peer-review

Viral infiltration of pancreatic islets in patients with COVID-19
Research output: Contribution to journal › Article › peer-review
Visualization of elastin using cardiac magnetic resonance imaging after myocardial infarction as inflammatory response
Research output: Contribution to journal › Article › peer-review

Why do some inter-organisational collaborations in healthcare work when others do not? A realist review
Research output: Contribution to journal › Article › peer-review

DEPRESSED PATIENTS HAVE ELEVATED C-REACTIVE PROTEIN INDEPENDENTLY OF GENETIC, HEALTH AND PSYCHOSOCIAL FACTORS, IN THE UK BIOBANK
Research output: Contribution to journal › Article › peer-review

Assessment of hepatic fatty acids during non-alcoholic steatohepatitis progression using magnetic resonance spectroscopy
Research output: Contribution to journal › Article › peer-review

Info Ops: From World War I to the Twitter Era
Research output: Book/Report › Book › peer-review

The outcomes of mindfulness-based interventions for Obesity and Binge Eating Disorder: A meta-analysis of randomised controlled trials
Research output: Contribution to journal › Review article › peer-review

A model-driven framework for developing android-based classic multiplayer 2D board games
Research output: Contribution to journal › Article › peer-review

Effect of zinc depletion/repletion on intestinal iron absorption and iron status in rats
Research output: Contribution to journal › Article › peer-review

Prisoner’s Dilemma: Ethical questions and mental health concerns about the COVID-19 vaccination and people living in detention
Research output: Contribution to journal › Comment/debate › peer-review

Effects of aerobic exercise on gut microbiota in adolescents with subthreshold mood syndromes and healthy adolescents: A 12-week, randomized controlled trial
Research output: Contribution to journal › Article › peer-review

Maternal thoughts of self-harm and their association with future offspring mental health problems
A novel reconfigurable spherical joint based on linear independence of screws and its resultant metamorphic mechanisms

Associations between sources of particle number and mortality in four European cities

Computer-aided diagnosis of prostate cancer using multiparametric MRI and clinical features: A patient-level classification framework

Conclusion: Layers, Traces, Fields, and Storehouses of Memory

Crafting Chinese Memories: The Art and Materiality of Storytelling

Introduction: Materiality, Imagination, and the Memorable

Jailhouse Blues, Storytelling, and Becoming the Stuff of Legends in Southwest China

Non-invasive wearable seizure detection using long-short-term memory networks with transfer learning

Pancreatic cell fate specification: insights into developmental mechanisms and their application for lineage reprogramming

Predictors of adherence to a gluten-free diet in celiac disease: Do knowledge, attitudes, experiences, symptoms, and quality of life play a role?

RNA interference therapeutics for cardiac regeneration
Cerebrovascular disease, neurodegeneration, and clinical phenotype in dementia with Lewy bodies

Combining a parallel 2D CNN with a self-attention Dilated Residual Network for CTC-based discrete speech emotion recognition

Data-driven methods distort optimal cutoffs and accuracy estimates of depression screening tools: a simulation study using individual participant data

Design of transformable hinged ori-block dissected from cylinders and cones

Experiences of training and delivery of Physical therapy informed by Acceptance and Commitment Therapy (PACT): a longitudinal qualitative study

Initiating Students' Reflections on Life's Passing in the Anatomy Course – an International Observation at 14 Universities

Interplay of lipid and surfactant: Impact on nanoparticle structure

Neuroanatomical and cognitive correlates of visual hallucinations in Parkinson's disease and dementia with Lewy bodies: Voxel-based morphometry and neuropsychological meta-analysis

Refugees' and irregular migrants' self-selection into Europe

Rethinking ‘carriage' of take-home naloxone
Targeting image-based autobiographical memory in childhood to prevent emotional disorders: Intervention development and a feasibility randomised controlled trial

The squirrel monkey model in clinical neuroscience

Tiagabine induced modulation of oscillatory connectivity and activity match PET-derived, canonical GABA-A receptor distributions

Trade-off decisions in ecosystem management for poverty alleviation

Pituitary volume in people with chronic schizophrenia: Clarifying the roles of serious violence and childhood maltreatment

Environmentally relevant concentrations of oxytetracycline and copper increased liver lipid deposition through inducing oxidative stress and mitochondria dysfunction in grass carp Ctenopharyngodon idella

Hippocampal and striatal responses during motor learning are modulated by prefrontal cortex stimulation

Liveness
Waterborne zinc bioaccumulation influences glucose metabolism in orange-spotted grouper embryos

Exposure definition in case-control studies of cervical cancer screening: a systematic literature review

Solid-state quantum chemistry with ΘΦ (ThetaPhi): Spin-liquids, superconductors, and magnetic superstructures made computationally available

Sex differences in experiences of multiple traumas and mental health problems in the UK Biobank Cohort

Community-based short-term integrated palliative and supportive care reduces symptom distress for older people with chronic noncancer conditions compared with usual care: a randomised controlled single-blind mixed method trial
Evans, C., Bone, A., Yi, D. H., Gao, W., Morgan, M., Taherzadeh, S., Maddocks, M., Wright, J., Lindsay, F., Bruni, C., Harding, R., Sleeman, K., Gomes, B. & Higginson, I., 1 Aug 2021, In: International Journal of Nursing Studies. 120

Etiological pathways of depressive and anxiety symptoms linked to personality traits: A genetically-informative longitudinal study

Risk Prediction of Cognitive Decline after Stroke

The magnitude and variability of brain structural alterations in bipolar disorder: A double meta-analysis of 5534 patients and 6651 healthy controls

Treacherous Waters: Review of British Naval Intelligence Through the Twentieth Century
Dylan, H., 1 Aug 2021, In: History Today. August
A Rule Mining-based Advanced Persistent Threats Detection System
Research output: Contribution to conference types › Paper › peer-review

A family with partially penetrant multicentric carplotarsal osteolysis due to gonadal mosaicism: First reported case
Research output: Contribution to journal › Article › peer-review

Accelerated forgetting in temporal lobe epilepsy: When does it occur?
Research output: Contribution to journal › Article › peer-review

Adherence with blood pressure self-monitoring in women with pregnancy hypertension, and comparisons to clinic readings: A secondary analysis of OPTIMUM-BP
Research output: Contribution to journal › Article › peer-review

Altered evoked low-frequency connectivity from SI to ACC following nerve injury in rats
Research output: Contribution to journal › Article › peer-review

Cannabis use and clinical outcome in people with first-episode schizophrenia spectrum disorders over 24 months of treatment
Research output: Contribution to journal › Article › peer-review

Charge transport at the protein–electrode interface in the emerging field of BioMolecular Electronics
Research output: Contribution to journal › Review article › peer-review

Editorial: Is tofacitinib another rescue option for acute severe ulcerative colitis?
Research output: Contribution to journal › Editorial › peer-review

Efficacy of serotonergic antidepressant treatment for the neuropsychiatric symptoms and agitation in dementia: A systematic review and meta-analysis
Research output: Contribution to journal › Review article › peer-review

Endothelin antagonism and sodium glucose Co-transporter 2 Inhibition. A potential combination therapeutic strategy for COVID-19
Research output: Contribution to journal › Review article › peer-review

Ethnic geography: Measurement and evidence
Research output: Contribution to journal › Article › peer-review
Genome-wide DNA methylation patterns associated with general psychopathology in children
Research output: Contribution to journal › Article › peer-review

IL-33 amplifies airways inflammation in a murine surrogate of asthma putatively via activation of dendritic cells
Research output: Contribution to journal › Article › peer-review

Research output: Contribution to journal › Article › peer-review

Protein-creatinine ratio and albumin-creatinine ratio for the diagnosis of significant proteinuria in pregnant women with hypertension: Systematic review and meta-analysis of diagnostic test accuracy
Research output: Contribution to journal › Review article › peer-review

Second intercostal space electromyography as a measure of neural respiratory drive: Clinical utility and validity
Research output: Contribution to journal › Article › peer-review

The ability and safety of community-based health workers to safely initiate lifesaving therapies for pre-eclampsia in Ogun State, Nigeria: An analysis of 260 community treatments with MgSO4 and/or methyldopa
Research output: Contribution to journal › Article › peer-review

The ability of post-chemoradiotherapy DWI ADCmean and 18F-FDG SUVmax to predict treatment outcomes in head and neck cancer: impact of human papilloma virus oropharyngeal cancer status
Research output: Contribution to journal › Article › peer-review

The anti-inflammatory effects of cannabidiol and cannabigerol alone, and in combination
Research output: Contribution to journal › Article › peer-review

The effect of pre-treatment levels of tooth wear and the applied increase in the vertical dimension of occlusion (VDO) on the survival of direct resin composite restorations.
Research output: Contribution to journal › Article › peer-review

The epidemiology of kidney disease in people of African ancestry with HIV in the UK
Research output: Contribution to journal › Article › peer-review

Time-resolved and excitation-emission matrix luminescence behaviour of boro-silicate glasses doped with Eu³⁺ ions for red luminescent application
Research output: Contribution to journal › Article › peer-review
