Research outputs

History, Historiography, and International Relations
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

American covert action and diplomacy post-9/11
Long, M., Jun 2022, (Accepted/In press) In: DIPLOMACY AND STATECRAFT. 33, 2
Research output: Contribution to journal › Article › peer-review

Energetics and Erotics: On Carolee Schneemann's Cinema
Gorfinkel, E., Jun 2022, (Accepted/In press) Carolee Schneemann. Yale University Press
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Liveness
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Using large, publicly available data sets to study adolescent development: opportunities and challenges
Research output: Contribution to journal › Review article › peer-review

From integration to Fragmentation: political symbols and the emergence of differentiated European identities.
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Fitbeat: COVID-19 estimation based on wristband heart rate using a contrastive convolutional auto-encoder
Research output: Contribution to journal › Article › peer-review

The importance of pro-social processing, and ameliorating dysfunction in schizophrenia. An FMRI study of oxytocin
Research output: Contribution to journal › Article › peer-review

Metabolomics profile responses to changing environments in a common bean (Phaseolus vulgaris L.) germplasm collection
Research output: Contribution to journal › Article › peer-review

Brain tissue motion in acute hemorrhagic stroke using amplified MRI (aMRI)
Research output: Contribution to journal › Article › peer-review

The Riemann–Liouville field and its GMC as H→0, and skew flattening for the rough Bergomi model
The certainty of the evidence in oral health has not improved according to GRADE: a meta-epidemiological study

Variable-gain control for continuum robots based on velocity sensitivity

Laboratory experiments and Austrian Economics

Associations of serum cortisol levels, stress perception, and stressful events with suicidal behaviors in patients with depressive disorders

Immigration and the UK economy after Brexit

Increased depressive and anxiety symptoms in non-heterosexual individuals: Moderation by childhood factors using a twin design

Midfrontal theta activity in psychiatric illness: an index of cognitive vulnerabilities across disorders

TEMPERATURE CONTROL OF VIBRATING HEAT-GENERATING HARDWARE USING SPRAY EVAPORATIVE COOLING IN THE NUCLEATE BOILING REGION

The End of Global Poverty: Is the UN Sustainable Development Goal 1 (Still) Achievable?
Sumner, A. & Hoy, C., 2022, In: Global Policy.

The Newbolt Report and its Contexts

Bioengineering of virus-like particles as dynamic nanocarriers for in vivo delivery and targeting to solid tumours
COVID-19: Early evening curfews and mobility
Research output: Contribution to journal › Article › peer-review

Cognitive and visual processing performance in Parkinson's disease patients with vs without visual hallucinations: A meta-analysis
Research output: Contribution to journal › Review article › peer-review

End of Life Care and Advance Care Planning for People with Dementia: A Pilot Simulation Course for Healthcare Professionals
Research output: Contribution to journal › Article › peer-review

Inhibition of the NLRP3 inflammasome by OLT1177 induces functional protection and myelin preservation after spinal cord injury
Research output: Contribution to journal › Article › peer-review

MRI-derived brain age as a biomarker of ageing in rats: validation using a healthy lifestyle intervention
Research output: Contribution to journal › Article › peer-review

Markets, cultures and the politics of value: the case of Assisted Reproductive Technology
Research output: Contribution to journal › Article › peer-review

Multi-scale semi-supervised clustering of brain images: Deriving disease subtypes
Alzheimer's Disease Neuroimaging Initiative, Jan 2022, In: Medical Image Analysis. 75, 102304.
Research output: Contribution to journal › Article › peer-review

Neurotrophin-3 attenuates human peripheral blood T cell and monocyte activation status and cytokine production post stroke
Research output: Contribution to journal › Article › peer-review

Non-invasive local pulse wave velocity using 4D-flow MRI
Research output: Contribution to journal › Article › peer-review

Technical Note: Lysis and purification methods for increased recovery of degraded DNA from touch deposit swabs
Research output: Contribution to journal › Article › peer-review

The coevolution of international scope and technological knowledge in MNCs
Research output: Contribution to journal › Article › peer-review

Visual assessment of the placenta in antenatal magnetic resonance imaging across gestation in normal and compromised pregnancies: Observations from a large cohort study: Visual assessment of the placenta in antenatal MRI
A Machine Learning Model for Predicting Fetal Hemoglobin Levels in Sickle Cell Disease Patients

Aardman's Animal Farm: "Loaded" Livestock and Illustrative Aesthetics in Shaun the Sheep (2007-)

Accelerating Learning - Lessons and Reflections from the First Randomised Controlled Trials in Homelessness in the UK

Bringing state-owned entities back into the industrial policy debate: The case of Indonesia

Children and the media industries: an overlooked but very special "television" audience: an overlooked but very special "television" audience

Dementia and the politics of memory in fiction: From the condition as narrative experiment to the patient as plot device

Development of a point-of-care test for the detection of MDMA in latent fingerprints using Surface Plasmon Resonance and lateral flow technology

Early British Animation and Cartoonal Co-conspiracy: the case of Jerry the Troublesome Tyke (1925-1927)

In Search of the Female Gaze: Querying the Maidenform archive

Is Spotify Bad for Democracy? Artificial Intelligence, Cultural Democracy, and Law
Gingerich, J., 2022, (Accepted/In press) In: Yale Journal of Law & Technology.

Jia Zhangke's Memory Project, 24 City: Rewriting History, Rethinking Historiography
Restored river-floodplain connectivity promotes riparian tree maintenance and recruitment

The availability of section 12 doctors for Mental Health Act assessments: Interview perceptions and analysis of the national MHA Approvals Register Database

Methylome-wide association study of antidepressant use in Generation Scotland and the Netherlands Twin Register implicates the innate immune system

Stabilization Analysis and Impulsive Controller Design for Positive Interval Type-2 Polynomial Fuzzy Systems

What evidence supports the use of Body Worn Cameras in mental health inpatient wards? A systematic review and narrative synthesis of the effects of Body Worn Cameras in public sector services.

A Prospective Study of Associations between Early Fearfulness and Perceptual Sensitivity and Later Restricted and Repetitive Behaviours in Infants with Typical and Elevated Likelihood of Autism.

Around the bazaars: a global compendium of military medical journals

Characteristics and morphology of lipohypertrophic lesions in adults with type 1 diabetes with ultrasound screening: an exploratory observational study

On the essential norms of singular integral operators with constant coefficients and of the backward shift

Battleships, D-Day and Naval Strategy
Benbow, T., 6 Dec 2021, (E-pub ahead of print) In: War in History.
Computerised Cognitive Behavioural Therapy (cCBT) for the treatment of depression and anxiety in adolescents: A systematic review and meta-analysis
Wickersham, A., Barack, T., Cross, L. & Downs, J., 3 Dec 2021, (Accepted/In press) In: Journal of Medical Internet Research.

Cryptocurrency Trading: A comprehensive Survey

Integrability and Conformal Bootstrap: One Dimensional Defect CFT

Peripherally delivered Adeno-Associated Viral Vectors for spinal cord injury repair

Scale and Conformal Invariance in Higher Derivative Shift Symmetric Theories

Unpacking climate, development and conflict: Insights for contexts of FCACs.
Mirumachi, N. & Hautsch, M., 3 Dec 2021, The Foreign Policy Centre.

Adolescent depression beyond DSM definition: a network analysis

Association between autism spectrum disorder and inflammatory bowel disease: a systematic review and meta-analysis
Fusar-Poli, P., 2 Dec 2021, (Accepted/In press) In: Autism research.

Clinical and cost-effectiveness of a new psychosocial intervention to support Independence in Dementia (NIDUS-family) for family carers and people living with dementia in their own homes: a randomised controlled trial

Design of a new cell penetrating peptide for DNA, siRNA and mRNA delivery
Diffusion and superdiffusion from hydrodynamic projections
Doyon, B., 2 Dec 2021, (Accepted/In press) In: Journal of Statistical Physics.
Research output: Contribution to journal › Article › peer-review

Disaffection-images: Bruno Dumont and the sullen atheists of art cinema
Grace, M., 2 Dec 2021, (Accepted/In press) In: Screen. 64, 3
Research output: Contribution to journal › Article › peer-review

Epigenome-wide association study of alcohol consumption in N=8161 individuals and relevance to alcohol use disorder pathophysiology: identification of the cystine/glutamate transporter SLC7A11 as a top target
Research output: Contribution to journal › Article › peer-review

OCT2013, AN ISCHAEMIA-ACTIVATED ANTIARRHYTHMIC PRODRUG, DEVOID OF THE SYSTEMIC SIDE EFFECTS OF LIDOCAINE
Research output: Contribution to journal › Article › peer-review

Panel Data Nowcasting
Fosten, J. & Greenaway-McGrevy, R., 2 Dec 2021, (Accepted/In press) In: ECONOMETRIC REVIEWS.
Research output: Contribution to journal › Article › peer-review

Reprogramming reactive glia into interneurons reduces chronic seizure activity in a mouse model of mesial temporal lobe epilepsy
Research output: Contribution to journal › Article › peer-review

Resilience in Public Service Partnerships: Evidence from the UK Life Chances Fund
Research output: Contribution to journal › Article › peer-review

Self-blame in major depression: a randomised pilot trial comparing fMRI neurofeedback with self-guided psychological strategies
Research output: Contribution to journal › Article › peer-review

Static Output Feedback Fault Tolerant Control and Relaxed Stability Analysis of Positive Polynomial Fuzzy Systems
Research output: Contribution to journal › Article › peer-review

The Role of AI in characterising the DCM phenotype
Research output: Contribution to specialist publication › Special issue

Adherence to protective measures among health care workers in the UK: a cross-sectional study
Research output: Contribution to journal › Article › peer-review
Autistic characteristics in eating disorders: treatment adaptations and impact on clinical outcomes
Research output: Contribution to journal › Article › peer-review

Cannabis use disorder and dissociation: A report from a prospective first-episode psychosis study
Research output: Contribution to journal › Article › peer-review

Common elements of service delivery models that optimise quality of life and health service use among older people with advanced progressive conditions: a tertiary systematic review
Research output: Contribution to journal › Article › peer-review

Comprehensive assessment of left intraventricular hemodynamics using a finite element method: An application to dilated cardiomyopathy patients
Research output: Contribution to journal › Article › peer-review

Disclosure of non-recent (historic) childhood sexual abuse: What should researchers do?
Research output: Contribution to journal › Article › peer-review

Duration of untreated disorder and cannabis use: An observational study on a cohort of young Italian patients experiencing psychotic experiences and dissociative symptoms
Research output: Contribution to journal › Article › peer-review

Factors influencing perinatal outcomes in women with preterm preeclampsia: A secondary analysis of the PHOENIX trial
Research output: Contribution to journal › Article › peer-review

Greater occipital nerve block modulates nociceptive signals within the trigeminocervical complex
Research output: Contribution to journal › Article › peer-review

Healthcare use, costs and survival trajectory of home mechanical insufflation-exsufflation: health database case control study.
Research output: Contribution to journal › Article › peer-review

How Do Patients with Cancer and their Families Decide on Their Cancer Care? Understanding Access to and Affordability of Cancer Care in India
Research output: Contribution to journal › Article › peer-review
Time to acknowledge good electroconvulsive therapy research

Understanding key mechanisms of successfully leading integrated team-based services in health and social care: A realist synthesis: First Look Summary

Urocortin3 in the Posterodorsal Medial Amygdala Mediates Stress-induced Suppression of LH Pulsatility in Female Mice

Women's experiences of early pregnancy assessment unit services: A qualitative investigation

[18F] Sodium Fluoride PET Kinetic Parameters in Bone Imaging

"I'm truly free from my eating disorder": Emerging adults' experiences of FREED, an early intervention service model and care pathway for eating disorders

'Uncertainty attunement' has explanatory value in understanding autistic anxiety

A Preliminary Validation of the Youth Over- and Under-Control (YOU-C) Screening Measure with a Community Sample

A collaborative, computer-assisted, psycho-educational intervention for depressed patients with chronic disease at primary care: protocol for a cluster randomized controlled trial
A comparison of two studies and the prevalence and sex ratio of Neurodevelopmental conditions in Tuberous Sclerosis Complex
Research output: Contribution to journal › Letter › peer-review

A conserved role for the ALS-linked splicing factor SFPQ in repression of pathogenic cryptic last exons
Research output: Contribution to journal › Article › peer-review

A core outcome set for studies evaluating interventions to prevent and/or treat delirium for adults requiring an acute care hospital admission: an international key stakeholder informed consensus study
Research output: Contribution to journal › Article › peer-review

A demand–capacity mismatch between rehabilitation need and service provision as a result of the COVID-19 pandemic? Early clinical observations from a large teaching hospital in London
Research output: Contribution to journal › Article › peer-review

A framework for handling missing accelerometer outcome data in trials
Research output: Contribution to journal › Article › peer-review

A geometric Jacquet–Langlands correspondence for paramodular Siegel threefolds
Research output: Contribution to journal › Article › peer-review

A large multiethnic GWAS meta-analysis of cataract identifies new risk loci and sex-specific effects
Research output: Contribution to journal › Article › peer-review

A microRNA program regulates the balance between cardiomyocyte hyperplasia and hypertrophy and stimulates cardiac regeneration
Research output: Contribution to journal › Article › peer-review

A mixed-methods feasibility study of an intervention to improve men’s mental health and wellbeing during their transition to fatherhood
Research output: Contribution to journal › Article › peer-review

A multi-centre, open label, randomised, parallel-group, superiority Trial to compare the efficacy of URsodeoxycholic acid with Rifampicin in the management of women with severe early onset Intrahepatic Cholestasis of pregnancy: the TURRIFIC randomised trial
Research output: Contribution to journal › Article › peer-review
A multi-ethnic epigenome-wide association study of leukocyte DNA methylation and blood lipids

Research output: Contribution to journal › Article › peer-review

A natural protein based platform for the delivery of Temozolomide acid to glioma cells

Research output: Contribution to journal › Article › peer-review

A new integrative model for the co-occurrence of non-suicidal self-injury behaviours and eating disorder symptoms

Research output: Contribution to journal › Article › peer-review

A non-randomised pilot study of the Solutions for Medication Adherence Problems (S-MAP) intervention in community pharmacies to support older adults to adhere to multiple medications

Research output: Contribution to journal › Article › peer-review

A psychometric and validity study of callous-unemotional traits in 2.5 year old children

Research output: Contribution to journal › Article › peer-review

A qualitative study exploring behavioural change intervention in Congenital Heart Disease

Research output: Contribution to journal › Article › peer-review

A review of recent research in EFL motivation: Research trends, emerging methodologies, and diversity of researched populations

Research output: Contribution to journal › Review article › peer-review

A role for GABA in the modulation of striatal and hippocampal systems under stress

Research output: Contribution to journal › Article › peer-review

A short dynamic scan method of measuring bone metabolic flux using [18 f]naf pet

Research output: Contribution to journal › Article › peer-review

A systematic review and meta-analysis of altered electrophysiological markers of performance monitoring in Obsessive-Compulsive Disorder (OCD), Gilles de la Tourette Syndrome (GTS), Attention-Deficit/Hyperactivity disorder (ADHD) and Autism
A systematic review and meta-analysis of the role of sugar-free chewing gum on Streptococcus mutans

A systematic review of the evidence for deprescribing interventions among older people living with frailty

A systematic review of the latent structure of the Center for Epidemiologic Studies Depression Scale (CES-D) amongst adolescents

ADVANCE integrated group intervention to address both substance use and intimate partner abuse perpetration by men in substance use treatment: a feasibility randomised controlled trial

ALS-linked FUS mutants affect the localization of U7 snRNP and replication-dependent histone gene expression in human cells

Abnormal brain cholesterol homeostasis in Alzheimer's disease—a targeted metabolomic and transcriptomic study

Acceptability and feasibility of peer-administered group interpersonal therapy for depression for people living with HIV/AIDS—a pilot study in Northwest Ethiopia

Accessible data curation and analytics for international-scale citizen science datasets

Accurate and reproducible diagnosis of peanut allergy using epitope mapping

Achieving the sustainable development goals: investing in early career interdisciplinarity
Keynejad, R., Yapa, H. M. N. & Ganguli, P., Dec 2021, In: Humanities and Social Sciences Communications. 8, 1, 153.
Across the continuum: Associations between (fluctuations in) momentary self-esteem and psychotic experiences
Research output: Contribution to journal › Article › peer-review

Acute kidney injury in ECMO patients
Research output: Contribution to journal › Review article › peer-review

Acute regional changes in myocardial strain may predict ventricular remodelling after myocardial infarction in a large animal model
Research output: Contribution to journal › Article › peer-review

Adapting the definition of multimorbidity – development of a locality-based consensus for selecting included Long Term Conditions
Research output: Contribution to journal › Article › peer-review

Addressing key gaps in implementation of mosquito larviciding to accelerate malaria vector control in southern Tanzania: results of a stakeholder engagement process in local district councils
Research output: Contribution to journal › Article › peer-review

Adipoclast: a multinucleated fat-eating macrophage
Research output: Contribution to journal › Review article › peer-review

Adverse childhood experiences, daytime salivary cortisol, and depressive symptoms in early adulthood: a longitudinal genetically informed twin study
Research output: Contribution to journal › Article › peer-review

All-cause and cause-specific mortality in people with mental disorders and intellectual disabilities, before and during the COVID-19 pandemic: cohort study
Research output: Contribution to journal › Article › peer-review

Ambulatory seizure forecasting with a wrist-worn device using long-short term memory deep learning
Research output: Contribution to journal › Article › peer-review

An assessment of the use of patient reported outcome measurements (PROMs) in cancers of the pelvic abdominal cavity: identifying oncologic benefit and an evidence-practice gap in routine clinical practice
Research output: Contribution to journal › Review article › peer-review
Association of pharmacological prophylaxis with the risk of pediatric emergence delirium after sevoflurane anesthesia: An updated network meta-analysis

Research output: Contribution to journal › Review article › peer-review

Association of social distancing and face mask use with risk of COVID-19

Research output: Contribution to journal › Article › peer-review

Associations between dimensions of behaviour, personality traits, and mental-health during the COVID-19 pandemic in the United Kingdom

Research output: Contribution to journal › Article › peer-review

Attitude towards migration of psychiatric trainees and early career psychiatrists in Iran

Research output: Contribution to journal › Article › peer-review

Attitudes about the treatment of obesity among healthcare providers involved in the care of obesity-related diseases: A survey across medical specialties in multiple European countries

Research output: Contribution to journal › Article › peer-review

AusTraits, a curated plant trait database for the Australian flora

Research output: Contribution to journal › Article › peer-review

Autism symptoms in anorexia nervosa: A comparative study with females with autism spectrum disorder

Kerr Gaffney, J., Hayward, H., Jones, E., Halls, D., Murphy, D. & Tchanturia, K., Dec 2021, In: Molecular Autism. 12, 1, 47.
Automatic Extraction of Hiatal Dimensions in 3-D Transperineal Pelvic Ultrasound Recordings
Research output: Contribution to journal › Article › peer-review

Barriers and drivers to service delivery in global mental health projects
Research output: Contribution to journal › Article › peer-review

Barriers and facilitators to the adoption of electronic clinical decision support systems: a qualitative interview study with UK general practitioners
Research output: Contribution to journal › Article › peer-review

Baseline predictors of remission, pain and fatigue in rheumatoid arthritis: the TITRATE trial
Research output: Contribution to journal › Article › peer-review

Behavioural and neural markers of tactile sensory processing in infants at elevated likelihood of autism spectrum disorder and/or attention deficit hyperactivity disorder
BASIS/STAARS Team, Dec 2021, In: Journal Of Neurodevelopmental Disorders. 13, 1, 1.
Research output: Contribution to journal › Article › peer-review

Benign ethnic neutropenia: an analysis of prevalence, timing and identification accuracy in two large inner-city NHS hospitals
Research output: Contribution to journal › Article › peer-review

Biological variation of secretoneurin; a novel cardiovascular biomarker implicated in arrhythmogenesis
Research output: Contribution to journal › Article › peer-review

Biotrauma during ultra-low tidal volume ventilation and venoarterial extracorporeal membrane oxygenation in cardiogenic shock: a randomized crossover clinical trial
Research output: Contribution to journal › Article › peer-review

Body mass index, performance on activities of daily living and cognition: analysis in two different populations
Research output: Contribution to journal › Article › peer-review

Brain-derived neurotrophic factor in cerebrospinal fluid and plasma is not a biomarker for Huntington’s disease
Research output: Contribution to journal › Article › peer-review
Breast may not always be best: moderation of effects of postnatal depression by breastfeeding and infant sex
Research output: Contribution to journal › Article › peer-review

Brief Report: Analysis of Dental Treatment Provided Under General Anaesthesia for Children and Young Adults with Autism Spectrum Disorder and Identification of Challenges for Dental Services
Research output: Contribution to journal › Article › peer-review

Brief early adolescent multi-family therapy (BEAM) trial for anorexia nervosa: a feasibility randomized controlled trial protocol
Research output: Contribution to journal › Article › peer-review

C-STICH: Cerclage Suture Type for an Insufficient Cervix and its effect on Health outcomes—a multicentre randomised controlled trial
Research output: Contribution to journal › Article › peer-review

COVID-19 vaccination in pregnancy—number needed to vaccinate to avoid harm
Research output: Contribution to journal › Letter › peer-review

COVID-19-related acute kidney injury; incidence, risk factors and outcomes in a large UK cohort
Research output: Contribution to journal › Article › peer-review

COVIDISTRESS Global Survey dataset on psychological and behavioural consequences of the COVID-19 outbreak
Research output: Contribution to journal › Article › peer-review

CXCR7 ameliorates myocardial infarction as a β-arrestin-biased receptor
Research output: Contribution to journal › Article › peer-review

Cardiomyocytes stimulate angiogenesis after ischemic injury in a ZEB2-dependent manner
Research output: Contribution to journal › Article › peer-review

Caregiver Psychological Distress Predicts Temperament and Social-Emotional Outcomes in Infants with Autism Traits
Research output: Contribution to journal › Article › peer-review

CariesCare International adapted for the pandemic in children: Caries OUT multicentre single-group interventional study protocol
Cdk5 and GSK3β inhibit fast endophilin-mediated endocytosis
Research output: Contribution to journal › Article › peer-review

Cerebrospinal fluid markers for synaptic function and Alzheimer type changes in late life depression
Research output: Contribution to journal › Article › peer-review

Changes to management of hypertension in pregnancy, and attitudes to self-management: An online survey of obstetricians, before and following the first wave of the COVID-19 pandemic
Research output: Contribution to journal › Article › peer-review

Changes to the identity of EndoC-βH1 beta cells may be mediated by stress-induced depletion of HNRNPD
Research output: Contribution to journal › Article › peer-review

Characteristics and mortality rates among patients requiring intermediate care: a national cohort study using linked databases
Research output: Contribution to journal › Article › peer-review

Characterization of the public transit air microbiome and resistome reveals geographical specificity
Research output: Contribution to journal › Article › peer-review

Chemical shielding of H2O and HF encapsulated inside a C60 cage
Research output: Contribution to journal › Article › peer-review

Childhood growth and development and DNA methylation age in mid-life
Research output: Contribution to journal › Article › peer-review

Childhood overeating is associated with adverse cardiometabolic and inflammatory profiles in adolescence
Research output: Contribution to journal › Article › peer-review

Chloride sensing by WNK1 regulates NLRP3 inflammasome activation and pyroptosis
Research output: Contribution to journal › Article › peer-review
Clearance of inflammatory cytokines in patients with septic acute kidney injury during renal replacement therapy using the EMiC2 filter (Clic-AKI study)
Research output: Contribution to journal › Article › peer-review

Clinical Outcome Data of First Cohort of Chronic Pain Patients Treated With Cannabis-Based Sublingual Oils in the United Kingdom: Analysis From the UK Medical Cannabis Registry
Research output: Contribution to journal › Article › peer-review

Clinical and laboratory characteristics of Brazilian versus non-Brazilian primary antiphospholipid syndrome patients in AntiPhospholipid Syndrome Alliance for Clinical Trials and International Networking (APS ACTION) clinical database and repository
APS ACTION, Dec 2021, In: Advances in Rheumatology. 61, 1, 64.
Research output: Contribution to journal › Article › peer-review

Clinical comparison of sub-mm high-resolution non-contrast coronary CMR angiography against coronary CT angiography in patients with low-intermediate risk of coronary artery disease: a single center trial
Research output: Contribution to journal › Article › peer-review

Clinical, genetic, and histological features of centronuclear myopathy in the Netherlands
Research output: Contribution to journal › Article › peer-review

Co-production of an e-resource to help women who have experienced childhood sexual abuse prepare for pregnancy, birth, and parenthood
Research output: Contribution to journal › Article › peer-review

Combined diffusion-relaxometry microstructure imaging: Current status and future prospects
Research output: Contribution to journal › Review article › peer-review

Combined treatment with enteric neural stem cells and chondroitinase ABC reduces spinal cord lesion pathology
Research output: Contribution to journal › Article › peer-review

Commentary: Novel strategies and new tools to curtail the health effects of pesticides
Research output: Contribution to journal › Comment/debate › peer-review

Comparable emotional dynamics in women with ADHD and borderline personality disorder
Research output: Contribution to journal › Article › peer-review
Comparative structural, biophysical, and receptor binding study of true type and wild type AAV2
Research output: Contribution to journal › Article › peer-review

Comparison of Characteristics, Follow-up and Outcomes of Active Surveillance for Prostate Cancer According to Ethnicity in the GAP3 Global Consortium Database
Research output: Contribution to journal › Article › peer-review

Comparison of robotic and manual implantation of intracerebral electrodes: a single-centre, single-blinded, randomised controlled trial
Research output: Contribution to journal › Article › peer-review

Complementary time-frequency domain networks for dynamic parallel MR image reconstruction
Research output: Contribution to journal › Article › peer-review

Consensus statement on the role of health systems in advancing the long-term well-being of people living with HIV
Research output: Contribution to journal › Article › peer-review

Conserved human effector Treg cell transcriptomic and epigenetic signature in arthritic joint inflammation
Research output: Contribution to journal › Article › peer-review

Core outcomes set for research on the treatment of opioid use disorder (COS-OUD): the National Institute on Drug Abuse Clinical Trials Network protocol for an e-Delphi consensus study
Research output: Contribution to journal › Article › peer-review

Cortical and subcortical brain structure in generalized anxiety disorder: findings from 28 research sites in the ENIGMA-Anxiety Working Group
Research output: Contribution to journal › Article › peer-review
Costs and staffing resource requirements for adaptive clinical trials: quantitative and qualitative results from the Costing Adaptive Trials project
Research output: Contribution to journal › Article › peer-review

Cost-Effectiveness of Peer-Educator-Delivered Lifestyle Modification for Type 2 Diabetes Prevention in a Young Healthy Population in Sri Lanka: A Trial-Based Economic Evaluation and Economic Model
Research output: Contribution to journal › Article › peer-review

Creation and validation of the Postpartum Specific Anxiety Scale Research Short-Form (PSAS-RSF)
Research output: Contribution to journal › Article › peer-review

Crisis in care homes: the dentists don't come
Research output: Contribution to journal › Article › peer-review

Cross-sectional analysis of the Parkinson’s disease Non-motor International Longitudinal Study baseline non-motor characteristics, geographical distribution and impact on quality of life
Research output: Contribution to journal › Article › peer-review

Cross-sectional study of mental health related knowledge and attitudes among care assistant workers in Guangzhou, China
Research output: Contribution to journal › Article › peer-review

Cyclic alternating pattern in obstructive sleep apnea: A preliminary study
Research output: Contribution to journal › Article › peer-review

DNA methylation landscapes of 1538 breast cancers reveal a replication-linked clock, epigenomic instability and cis-regulation
Research output: Contribution to journal › Article › peer-review

DUKweb, diachronic word representations from the UK Web Archive corpus
Research output: Contribution to journal › Article › peer-review

Deep learning identifies partially overlapping subnetworks in the human social brain
Research output: Contribution to journal › Article › peer-review
Deletion of the diabetes candidate gene Slc16a13 in mice attenuates diet-induced ectopic lipid accumulation and insulin resistance
Research output: Contribution to journal › Article › peer-review

Demographic, multi-morbidity and genetic impact on myocardial involvement and its recovery from COVID-19: protocol design of COVID-HEART—a UK, multicentre, observational study
Research output: Contribution to journal › Article › peer-review

Demonstrating trustworthiness when collecting and sharing genomic data: public views across 22 countries
Research output: Contribution to journal › Article › peer-review

Dental caries experience and associated factors in adults: a cross-sectional community survey within Ethiopia
Research output: Contribution to journal › Article › peer-review

Dentaltcaries thresholds among adolescents in England, Wales, and Northern Ireland, 2013 at 12, and 15 years: implications for epidemiology and clinical care
Research output: Contribution to journal › Article › peer-review

Dental periodontal procedures: a systematic review of contamination (splatter, droplets and aerosol) in relation to COVID-19
Research output: Contribution to journal › Article › peer-review

Detecting anxiety and depression among people with limited literacy living with chronic low back pain in Nigeria: adaptation and validation of the hospital anxiety and depression scale
Research output: Contribution to journal › Article › peer-review

Determinants of penetrance and variable expressivity in monogenic metabolic conditions across 77,184 exomes
Research output: Contribution to journal › Article › peer-review

Developing a task-sharing psychological intervention to treat mild to moderate symptoms of perinatal depression and anxiety in South Africa: a mixed-method formative study
Research output: Contribution to journal › Article › peer-review

Development and validation of prediction model to estimate 10-year risk of all-cause mortality using modern statistical learning methods: a large population-based cohort study and external validation
Research output: Contribution to journal › Article › peer-review
Development and validity assessment of a Japanese version of the Exercise Adherence Rating Scale in participants with musculoskeletal disorders
Research output: Contribution to journal › Article › peer-review

Development of a peer support intervention to improve the experience and outcomes of discharge from inpatient mental health care: the role of experiential knowledge in a coproduced approach
Research output: Contribution to journal › Article › peer-review

Development of the Rheumatoid Arthritis Distress Scale (RADS): a new tool to identify disease-specific distress in patients with Rheumatoid Arthritis
Research output: Contribution to journal › Article › peer-review

Diabetes basic science research takes centre stage
Research output: Contribution to journal › Editorial › peer-review

Differences in clinical and laboratory biomarkers for short and long-term respiratory outcomes in preterm neonates
Research output: Contribution to journal › Article › peer-review

Direct healthcare resource utilisation, health-related quality of life, and work productivity in patients with moderate rheumatoid arthritis: an observational study
Research output: Contribution to journal › Article › peer-review

Disorder-specific alterations of tactile sensitivity in neurodevelopmental disorders
Research output: Contribution to journal › Article › peer-review

Do beta-adrenergic blocking agents increase asthma exacerbation? A network meta-analysis of randomized controlled trials
Research output: Contribution to journal › Article › peer-review

Do ventilatory parameters influence outcome in patients with severe acute respiratory infection? Secondary analysis of an international, multicentre 14-day inception cohort study
Research output: Contribution to journal › Article › peer-review

Does awareness of condition help people with mild-to-moderate dementia to live well? Findings from the IDEAL programme
in collaboration with the IDEAL programme research team, Dec 2021, In: BMC Geriatrics. 21, 1, 511.
Research output: Contribution to journal › Article › peer-review
Does insulin resistance influence neurodegeneration in non-diabetic Alzheimer's subjects?
Research output: Contribution to journal › Article › peer-review

Drug ranking using machine learning systematically predicts the efficacy of anti-cancer drugs
Research output: Contribution to journal › Article › peer-review

Dynamic causal modelling of immune heterogeneity
Research output: Contribution to journal › Article › peer-review

Dysfunction of the key ferroptosis-surveilling systems hypersensitizes mice to tubular necrosis during acute kidney injury
Research output: Contribution to journal › Article › peer-review

Dysregulated expression levels of APH1B in peripheral blood are associated with brain atrophy and amyloid-β deposition in Alzheimer's disease
Research output: Contribution to journal › Article › peer-review

Dysregulation of epithelial ion transport and neurochemical changes in the colon of a parkinsonian primate
Research output: Contribution to journal › Article › peer-review

EANM guideline for harmonisation on molar activity or specific activity of radiopharmaceuticals: impact on safety and imaging quality
Research output: Contribution to journal › Article › peer-review

ENIGMA-Sleep: Challenges, opportunities, and the road map
ENIGMA-Sleep, Dec 2021, In: Journal of Sleep Research. 30, 6, e13347.
Research output: Contribution to journal › Review article › peer-review

Early weight gain trajectories in first episode anorexia: predictors of outcome for emerging adults in outpatient treatment
Research output: Contribution to journal › Article › peer-review

Editorial: Do lockdowns scar? Three putative mechanisms through which COVID-19 mitigation policies could cause long-term harm to young people's mental health
Enhanced NF-κB signaling in type-2 dendritic cells at baseline predicts non-response to adalimumab in psoriasis

Epicardial adipose tissue and adrenal gland volume in patients with borderline personality disorder

Epigenome-wide association meta-analysis of DNA methylation with coffee and tea consumption

Equilibrating SSC guidelines with individualized care

Equity in newborn care, evidence from national surveys in low- and middle-income countries

Equivalent DNA methylation variation between monozygotic co-twins and unrelated individuals reveals universal epigenetic inter-individual dissimilarity

Estimating redundancy in clinical text

Ethics review of big data research: what should stay and what should be reformed?

Evaluating the potential for respiratory metagenomics to improve treatment of secondary infection and detection of nosocomial transmission on expanded COVID-19 intensive care units
Functional analysis of a gene-edited mouse model to gain insights into the disease mechanisms of a titin missense variant
Research output: Contribution to journal › Article › peer-review

Fundamental challenges in assessing the impact of research infrastructure
