Research outputs
Listing of Research outputs

American covert action and diplomacy post-9/11
Long, M., Jun 2022, (Accepted/In press) In: DIPLOMACY AND STATECRAFT. 33, 2
Research output: Contribution to journal › Article › peer-review

Moderation as Jordanian Soft Power: Islam and Beyond
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Retroframing the Future: Digital De-Aging Technologies in Contemporary Hollywood Cinema
Holliday, C., 2022, (Accepted/In press) In: Journal of Cinema and Media Studies.
Research output: Contribution to journal › Article › peer-review

High Prevalence and Incidence of Obsessive-Compulsive Disorder Among Women Across Pregnancy and the Postpartum
Research output: Contribution to journal › Article › peer-review

The emerging role of hydrogen bond interactions in polyglutamine structure, stability and association
Research output: Contribution to journal › Article › peer-review

The oil nouveau riche and arms imports
Vezina, P-L., 2021, In: JOURNAL OF AFRICAN ECONOMIES.
Research output: Contribution to journal › Article › peer-review

Service user experiences of community services for complex emotional needs: a qualitative thematic synthesis
Research output: Contribution to journal › Article › peer-review

SIMON: open-source knowledge discovery platform
Research output: Contribution to journal › Article › peer-review

A conserved role for the ALS-linked splicing factor SFPQ in repression of pathogenic cryptic last exons
Research output: Contribution to journal › Article › peer-review

A multi-centre, open label, randomised, parallel-group, superiority Trial to compare the efficacy of URsodeoxycholic acid with Rifampicin in the management of women with severe early onset Intrahepatic Cholestasis of pregnancy: the TURRFIC randomised trial
Research output: Contribution to journal › Article › peer-review

A non-randomised pilot study of the Solutions for Medication Adherence Problems (S-MAP) intervention in community pharmacies to support older adults adhering to multiple medications
A psychometric and validity study of callous-unemotional traits in 2.5 year old children
Research output: Contribution to journal › Article › peer-review

A systematic review and meta-analysis of the role of sugar-free chewing gum on Streptococcus mutans
Research output: Contribution to journal › Article › peer-review

A systematic review of the evidence for deprescribing interventions among older people living with frailty
Research output: Contribution to journal › Article › peer-review

A systematic review of the latent structure of the Center for Epidemiologic Studies Depression Scale (CES-D) amongst adolescents
Research output: Contribution to journal › Article › peer-review

Addressing key gaps in implementation of mosquito larviciding to accelerate malaria vector control in southern Tanzania: results of a stakeholder engagement process in local district councils
Research output: Contribution to journal › Article › peer-review

Addressing the quality of paediatric primary care: health worker and caregiver perspectives from a process evaluation of PACK child, a health systems intervention in South Africa
Research output: Contribution to journal › Article › peer-review

An assessment of the use of patient reported outcome measurements (PROMs) in cancers of the pelvic abdominal cavity: identifying oncologic benefit and an evidence-practice gap in routine clinical practice
Research output: Contribution to journal › Review article › peer-review

An integrated community and primary healthcare worker intervention to reduce stigma and improve management of common mental disorders in rural India: protocol for the SMART Mental Health programme
Research output: Contribution to journal › Article › peer-review

Barriers and drivers to service delivery in global mental health projects
Research output: Contribution to journal › Article › peer-review

Body mass index, performance on activities of daily living and cognition: analysis in two different populations
Research output: Contribution to journal › Article › peer-review
Research output: Contribution to journal › Article › peer-review

Direct healthcare resource utilisation, health-related quality of life, and work productivity in patients with moderate rheumatoid arthritis: an observational study
Research output: Contribution to journal › Article › peer-review

Disorder-specific alterations of tactile sensitivity in neurodevelopmental disorders
Research output: Contribution to journal › Article › peer-review

Do beta-adrenergic blocking agents increase asthma exacerbation? A network meta-analysis of randomized controlled trials
Research output: Contribution to journal › Article › peer-review

Dysregulation of epithelial ion transport and neurochemical changes in the colon of a parkinsonian primate
Research output: Contribution to journal › Article › peer-review

Effectiveness and cost-effectiveness of integrating the management of depression into routine HIV Care in Uganda (the HIV + D trial): A protocol for a cluster-randomised trial
Research output: Contribution to journal › Article › peer-review

Embedding an economist in regional and rural health services to add value and reduce waste by improving local-level decision-making: protocol for the 'embedded Economist' program and evaluation
Research output: Contribution to journal › Article › peer-review

Endogenous suppression of WNT signalling in human embryonic stem cells leads to low differentiation propensity towards definitive endoderm
Research output: Contribution to journal › Article › peer-review

Epigenome-wide association meta-analysis of DNA methylation with coffee and tea consumption
Research output: Contribution to journal › Article › peer-review
Equivalent DNA methylation variation between monozygotic co-twins and unrelated individuals reveals universal epigenetic inter-individual dissimilarity
Research output: Contribution to journal › Article › peer-review

Evaluation of anti-stigma social marketing campaigns in Ghana and Kenya: Time to Change Global
Research output: Contribution to journal › Article › peer-review

Evidence for specificity of polygenic contributions to attainment in English, maths and science during adolescence
Research output: Contribution to journal › Article › peer-review

Factors associated with crack-cocaine early initiation: a Brazilian multicenter study
Research output: Contribution to journal › Article › peer-review

False lumen pressure estimation in type B aortic dissection using 4D flow cardiovascular magnetic resonance: comparisons with aortic growth
Research output: Contribution to journal › Article › peer-review

Fibroblast GATA-4 and GATA-6 promote myocardial adaptation to pressure overload by enhancing cardiac angiogenesis
Research output: Contribution to journal › Article › peer-review

Functional analysis of a gene-edited mouse model to gain insights into the disease mechanisms of a titin missense variant
Research output: Contribution to journal › Article › peer-review

Further evidence supporting a potential role for ADH1B in obesity
Research output: Contribution to journal › Article › peer-review

Genetic dissection of down syndrome-associated alterations in APP/amyloid-β biology using mouse models
LonDownS Consortium, Dec 2021, In: Scientific Reports. 11, 1, 5736.
Research output: Contribution to journal › Article › peer-review

Genetic impacts on DNA methylation: research findings and future perspectives
Villicaña, S. & Bell, J. T., Dec 2021, In: Genome Biology. 22, 1, 127.
Research output: Contribution to journal › Review article › peer-review

Genome wide association study of response to interval and continuous exercise training: the Predict-HIIT study
Genome-wide meta-analysis identifies 127 open-angle glaucoma loci with consistent effect across ancestries

Genomic imbalances in the placenta are associated with poor fetal growth

Geometric Design-based Dimensional Synthesis of a Novel Metamorphic Multi-fingered Hand with Maximal Workspace

Guideline on current good radiopharmacy practice (cGRPP) for the small-scale preparation of radiopharmaceuticals

Hand-portable HPLC with broadband spectral detection enables analysis of complex polycyclic aromatic hydrocarbon mixtures

Health impact assessment to predict the impact of tobacco price increases on COPD burden in Italy, England and Sweden

High intake of vegetables is linked to lower white blood cell profile and the effect is mediated by the gut microbiome

Hybrid mosquitoes? Evidence from rural Tanzania on how local communities conceptualize and respond to modified mosquitoes as a tool for malaria control

IUPACpal: efficient identification of inverted repeats in IUPAC-encoded DNA sequences
Identification of 38 novel loci for systemic lupus erythematosus and genetic heterogeneity between ancestral groups
Lei, Y., He, J., Wu, Q., Shen, J. J., Yang, J., Lam, T. H., Lin, J. H., Mai, Z. M., Guo, M., Tang, Y., Chen, Y., Song, Q., Ban,
B., Mok, C. C., Cui, Y., Lu, L., Shen, N., Sham, P. C., Lau, C. S., Smith, D. K., Vyse, T. J., Zhang, X., Lau, Y. L. & Yang,
W., Dec 2021, In: Nature Communications. 12, 1, 772.
Research output: Contribution to journal › Article › peer-review

Identifying contextual determinants of problems in tuberculosis care provision in South Africa: a theory-generating case study
In: Infectious diseases of poverty. 10, 1, 67.
Research output: Contribution to journal › Article › peer-review

Improving nursing documentation for surgical patients in a referral hospital in Freetown, Sierra Leone: protocol for assessing feasibility of a pilot multifaceted quality improvement hybrid type project
Research output: Contribution to journal › Article › peer-review

Influence of the arterial input sampling location on the diagnostic accuracy of cardiovascular magnetic resonance stress myocardial perfusion quantification
Journal of Cardiovascular Magnetic Resonance. 23, 1, 35.
Research output: Contribution to journal › Article › peer-review

Information technology and addiction science: promises and challenges
Research output: Contribution to journal › Article

Integrated health Services for Children: a qualitative study of family perspectives
Research output: Contribution to journal › Article › peer-review

Integrating human-centered design into the development of an intervention to improve the mental wellbeing of young women in the perinatal period: the Catalyst project
Research output: Contribution to journal › Article › peer-review

Intragenerational social mobility and self-rated oral health in the British cohort study
Research output: Contribution to journal › Article › peer-review

Investigating the relationship between BMI across adulthood and late life brain pathologies
James, S. N., Keshavan, A., Buchanan, S., Keuss, S., Murray-Smith, H., Wong, A., Gordon, E., Coath, W., Modat, M.,
Research output: Contribution to journal › Article › peer-review

Life under lockdown and social restrictions - the experiences of people living with dementia and their carers during the COVID-19 pandemic in England
Research output: Contribution to journal › Article › peer-review
Long-term kidney function of patients discharged from hospital after an intensive care admission: observational cohort study
Research output: Contribution to journal › Article › peer-review

Maladaptive behaviours in adolescence and their associations with personality traits, emotion dysregulation and other clinical features in a sample of Italian students: a cross-sectional study
Research output: Contribution to journal › Article › peer-review

Malaria and Cancer: a critical review on the established associations and new perspectives
Research output: Contribution to journal › Article › peer-review

Meta-analysis of genome-wide DNA methylation identifies shared associations across neurodegenerative disorders
Research output: Contribution to journal › Article › peer-review

Metabolic phenotyping reveals a reduction in the bioavailability of serotonin and kynurenine pathway metabolites in both the urine and serum of individuals living with Alzheimer's disease
Research output: Contribution to journal › Article › peer-review

Microsurgical endodontic treatment of the upper molar teeth and their relationship with the maxillary sinus: a retrospective multicentric clinical study
Research output: Contribution to journal › Article › peer-review

Model-based comorbidity clusters in patients with heart failure: association with clinical outcomes and healthcare utilization
Research output: Contribution to journal › Article › peer-review

Multi-omics phenotyping of the gut-liver axis reveals metabolic perturbations from a low-dose pesticide mixture in rats
Research output: Contribution to journal › Article › peer-review

Multizonal anogenital neoplasia in women: a cohort analysis
Research output: Contribution to journal › Article › peer-review

Not all biases are bad: equitable and inequitable biases in machine learning and radiology
Research output: Contribution to journal › Review article › peer-review

Osteocyte transcriptome mapping identifies a molecular landscape controlling skeletal homeostasis and susceptibility to skeletal disease
Pathways into and out of homelessness among people with severe mental illness in rural Ethiopia: a qualitative study

Placing assistive technology and telecare in everyday practices of people with dementia and their caregivers: findings from an embedded ethnography of a national dementia trial

Positive symptom phenotypes appear progressively in "EDIPS", a new animal model of the schizophrenia prodrome

Predicting urban innovation from the US Workforce Mobility Network
Bonaventura, M., Aiello, L. M., Quercia, D. & Latora, V., Dec 2021, In: Humanities and Social Sciences Communications. 8, 1, 10.

Proteomic blood profiling in mild, severe and critical COVID-19 patients

Proteomics of REPLICANT perfusate detects changes in the metastatic lymph node microenvironment

Pupil dilation reflects the authenticity of received nonverbal vocalizations

Real-time clinician text feeds from electronic health records

Recommendations for occupational therapy interventions for adults with ADHD: a consensus statement from the UK adult ADHD network

Recruitment, training and supervision of nurses and nurse assistants for a task-shifting depression intervention in two RCTs in Brazil and Peru
Red blood cell mannoses as phagocytic ligands mediating both sickle cell anaemia and malaria resistance

Risk variants and polygenic architecture of disruptive behavior disorders in the context of attention-deficit/hyperactivity disorder

Sedation versus protective stabilization for dental treatment of children with caries and challenging behavior at the dentist (CHOOSE): a study protocol for a non-randomized clinical trial

CEDACORE Collaborative Group, Dec 2021, In: BMC Oral Health. 21, 1, 256.

Self-determination theory interventions versus usual care in people with diabetes: a protocol for a systematic review with meta-analysis and trial sequential analysis

Sedation versus protective stabilization for dental treatment of children with caries and challenging behavior at the dentist (CHOOSE): a study protocol for a non-randomized clinical trial

CEDACORE Collaborative Group, Dec 2021, In: BMC Oral Health. 21, 1, 256.

Sedation versus protective stabilization for dental treatment of children with caries and challenging behavior at the dentist (CHOOSE): a study protocol for a non-randomized clinical trial

CEDACORE Collaborative Group, Dec 2021, In: BMC Oral Health. 21, 1, 256.

Specialized post-inpatient psychotherapy for sustained recovery in anorexia nervosa via videoconference – study protocol of the randomized controlled SUSTAIN trial

Spectrum of mutational signatures in T-cell lymphoma reveals a key role for UV radiation in cutaneous T-cell lymphoma

Symptoms and syndromes associated with SARS-CoV-2 infection and severity in pregnant women from two community cohorts

TIM4 expression by dendritic cells mediates uptake of tumor-associated antigens and anti-tumor responses

TMS-EEG signatures of glutamatergic neurotransmission in human cortex

The Early Youth Engagement in first episode psychosis (EYE-2) study: pragmatic cluster randomised controlled trial of implementation, effectiveness and cost-effectiveness of a team-based motivational engagement intervention to improve engagement

Research output: Contribution to journal › Article › peer-review

**The NeST (Neoadjuvant systemic therapy in breast cancer) study: National Practice Questionnaire of United Kingdom multi-disciplinary decision making**
on behalf of the NeST Study Research Collaborative, Dec 2021, In: BMC Cancer. 21, 1, 90.
Research output: Contribution to journal › Article › peer-review

**The Rise of the Modern Middle East**
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

**The chemical tool-kit for molecular imaging with radionuclides in the age of targeted and immune therapy**
Research output: Contribution to journal › Review article › peer-review

**The effect of training intensity on implicit learning rates in schizophrenia**
Research output: Contribution to journal › Article › peer-review

**The efficacy of exergaming in people with major neurocognitive disorder residing in long-term care facilities: a pilot randomized controlled trial**
Research output: Contribution to journal › Article › peer-review

**The expansion of Acheulean hominins into the Nefud Desert of Arabia**
Research output: Contribution to journal › Article › peer-review

**The genomic loci of specific human tRNA genes exhibit ageing-related DNA hypermethylation**
Research output: Contribution to journal › Article › peer-review

**The impact of moral injury on the wellbeing of UK military veterans**
Research output: Contribution to journal › Article › peer-review

**The order and logic of CD4 versus CD8 lineage choice and differentiation in mouse thymus**
Research output: Contribution to journal › Article › peer-review

**The relationship between cardiac injury, inflammation and coagulation in predicting COVID-19 outcome**
Pisa Covid Study Group, Dec 2021, In: Scientific Reports. 11, 1, 6515.
Research output: Contribution to journal › Article › peer-review

**Three-dimensional total-internal reflection fluorescence nanoscopy with nanometric axial resolution by photometric localization of single molecules**
Towards optimising experimental quantification of persistent pain in Parkinson's disease using psychophysical testing

Ultrasound mediated delivery of quantum dots from a proof of concept capsule endoscope to the gastrointestinal wall

Understanding the key processes of excellence as a prerequisite to establishing academic centres of excellence in Africa

Using electronic patient records to assess the effect of a complex antenatal intervention in a cluster randomised controlled trial—data management experience from the DESIGN Trial team
on behalf of the DESIGN Trial team, Dec 2021, In: Trials. 22, 1, 195.

Validation of a high-fidelity training model for fetoscopic spina bifida surgery

Validation of the Critical-Care Pain Observation Tool-Neuro in brain-injured adults in the intensive care unit: a prospective cohort study

Validity and reliability of the English and translated Chinese versions of the Integrated Palliative care Outcome Scale (IPOS) in Singapore

Why do some inter-organisational collaborations in healthcare work when others do not? A realist review

DEPRESSED PATIENTS HAVE ELEVATED C-REACTIVE PROTEIN INDEPENDENTLY OF GENETIC, HEALTH AND PSYCHOSOCIAL FACTORS, IN THE UK BIOBANK
Research output: Contribution to journal › Article › peer-review

Info Ops: From World War I to the Twitter Era
Research output: Book/Report › Book › peer-review
Conclusion: Layers, Traces, Fields, and Storehouses of Memory
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Crafting Chinese Memories: The Art and Materiality of Storytelling
Research output: Book/Report › Book › peer-review

Introduction: Materiality, Imagination, and the Memorable
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Jailhouse Blues, Storytelling, and Becoming the Stuff of Legends in Southwest China
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

Non-invasive wearable seizure detection using long-short-term memory networks with transfer learning
Research output: Contribution to journal › Article › peer-review

Pancreatic cell fate specification: insights into developmental mechanisms and their application for lineage reprogramming
Research output: Contribution to journal › Review article › peer-review

Predictors of adherence to a gluten-free diet in celiac disease: Do knowledge, attitudes, experiences, symptoms, and quality of life play a role?
Research output: Contribution to journal › Article › peer-review

Chronic atmospheric reactive N deposition has breached the N sink capacity of a northern ombrotrophic peatbog increasing the gaseous and fluvial N losses
Research output: Contribution to journal › Article › peer-review

Characterising binge eating over the course of a feasibility trial among individuals with binge eating disorder and bulimia nervosa
Research output: Contribution to journal › Article › peer-review

The effect of visualisation and mindfulness-based decentering on chocolate craving
Wilson, E., Senior, V. & Tapper, K., 1 Sep 2021, In: Appetite. 164, 105278.
Research output: Contribution to journal › Article › peer-review

Combining a parallel 2D CNN with a self-attention Dilated Residual Network for CTC-based discrete speech emotion recognition
Data-driven methods distort optimal cutoffs and accuracy estimates of depression screening tools: a simulation study using individual participant data

Experiences of training and delivery of Physical therapy informed by Acceptance and Commitment Therapy (PACT): a longitudinal qualitative study

Initiating Students' Reflections on Life's Passing in the Anatomy Course – an International Observation at 14 Universities

Interplay of lipid and surfactant: Impact on nanoparticle structure

Rethinking 'carriage' of take-home naloxone

Tiagabine induced modulation of oscillatory connectivity and activity match PET-derived, canonical GABA-A receptor distributions

Environmentally relevant concentrations of oxytetracycline and copper increased liver lipid deposition through inducing oxidative stress and mitochondria dysfunction in grass carp Ctenopharyngodon idella

Liveness

Longitudinal infant fNIRS channel-space analyses are robust to variability parameters at the group-level: An image reconstruction investigation

Model-based prediction of muscarinic receptor function from auditory mismatch negativity responses
Serum tyrosine is associated with better cognition in Lewy body dementia
Research output: Contribution to journal › Article › peer-review

Sex differences in experiences of multiple traumas and mental health problems in the UK Biobank Cohort
Research output: Contribution to journal › Article › peer-review

Risk Prediction of Cognitive Decline after Stroke
Research output: Contribution to journal › Article › peer-review

Charge transport at the protein–electrode interface in the emerging field of BioMolecular Electronics
Research output: Contribution to journal › Review article › peer-review

Research output: Contribution to journal › Article › peer-review

Second intercostal space electromyography as a measure of neural respiratory drive: Clinical utility and validity
Research output: Contribution to journal › Article › peer-review

Time-resolved and excitation-emission matrix luminescence behaviour of boro-silicate glasses doped with Eu$^{3+}$ ions for red luminescent application
Research output: Contribution to journal › Article › peer-review

Voice-hearers' beliefs about the causes of their voices
Research output: Contribution to journal › Article › peer-review

Which tobacco control policies do smokers support? Findings from the International Tobacco Control Four Country Smoking and Vaping Survey
Research output: Contribution to journal › Article › peer-review

COVID-19 and fatigue: Where do we go from here? Response to Ortelli et al.
Research output: Contribution to journal › Letter › peer-review

Ashpits and Offal: James Joyce and the Odours of Modernity
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review
Imitation learning for improved 3D PET/MR attenuation correction
Research output: Contribution to journal › Article › peer-review

Just-in-time two-dimensional bin packing
Research output: Contribution to journal › Article › peer-review

Key genetic variants associated with variation of milk oligosaccharides from diverse human populations
Research output: Contribution to journal › Article › peer-review

Long-term cognitive and psychiatric outcomes of acute respiratory distress syndrome managed with Extracorporeal Membrane Oxygenation
Research output: Contribution to journal › Article › peer-review

Maternal help seeking about early warning signs and symptoms of pre-eclampsia: A qualitative study of experiences of women and their families
Research output: Contribution to journal › Article › peer-review

Reconfigurability of the origami-inspired integrated 8R kinematotropic metamorphic mechanism and its evolved 6R and 4R mechanisms
Research output: Contribution to journal › Article › peer-review

Representation transfer learning from deep end-to-end speech recognition networks for the classification of health states from speech
Research output: Contribution to journal › Article › peer-review

Self-harm and Mental Health Characteristics of Prisoners with elevated rates of autistic traits
Research output: Contribution to journal › Article › peer-review

The microbiota in cirrhosis and its role in hepatic decompensation
Research output: Contribution to journal › Review article › peer-review

Top Management's Role in Enabling Sensing, Seizing, and Reconfiguring in the Digital Age: Structured Abstract
Research output: Chapter in Book/Report/Conference proceeding › Conference paper › peer-review

Synergistic multi-contrast cardiac magnetic resonance image reconstruction
Research output: Contribution to journal › Review article › peer-review
I, Warbot: The Dawn of Artificially Intelligence Conflict
Research output: Book/Report › Book › peer-review

Suicidality in patients with bipolar depression: Findings from a lower middle-income country
Research output: Contribution to journal › Article › peer-review

Memes, Radicalisation, and the Promotion of Violence on Chan Sites
Crawford, B., Keen, F. & Suarez-Tangil, G., 7 Jun 2021, The International AAAI Conference on Web and Social Media (ICWSM).
Research output: Chapter in Book/Report/Conference proceeding › Conference paper › peer-review

Immigration and the UK economy after Brexit
Research output: Working paper

The Gulf crisis has not been solved but managed
Krieg, A., 5 Jun 2021
Research output: Non-textual form › Web publication/site

EULAR portfolio for Rheumatology training: a EULAR School of Rheumatology initiative
Research output: Contribution to journal › Article › peer-review

In vitro proof of concept studies of radiotoxicity from Auger electron-emitter thallium-201 (201Tl).
Research output: Contribution to journal › Article › peer-review

New results on dissipative control for a class of singular Takagi-Sugeno fuzzy systems with time delay
Research output: Contribution to journal › Article › peer-review

Curation as Methodological Enhancement in Researching Production Cultures behind Screen Content about Displaced Children in Europe
Research output: Contribution to journal › Article › peer-review

Estimating pulse wave velocity from the radial pressure wave using machine learning algorithms
Research output: Contribution to journal › Article › peer-review

Neonatal DNA methylation and childhood low prosocial behavior: An epigenome-wide association meta-analysis
Research output: Contribution to journal › Article › peer-review

New Insights into Glial Scar Formation after Spinal Cord Injury
Research output: Contribution to journal › Review article › peer-review
Normative positions towards COVID-19 contact-tracing apps: findings from a large-scale qualitative study in nine European countries
Research output: Contribution to journal › Article › peer-review

Understanding Consent in Maternity Care: Offers, Threats, Manipulation and Force
Research output: Contribution to journal › Article › peer-review

Biologics in atopic dermatitis
Research output: Contribution to journal › Article › peer-review

Candidalysin triggers epithelial cellular stresses that induce necrotic death
Research output: Contribution to journal › Article › peer-review

Does cognitive improvement translate into functional changes? Exploring the transfer mechanisms of cognitive remediation therapy for euthymic people with bipolar disorder.
Research output: Contribution to journal › Article › peer-review

Effects of cancer, chemotherapy and cytokines on subjective and objective cognitive functioning among patients with breast cancer
Research output: Contribution to journal › Article › peer-review

Evaluation of NHS Practitioner Health: capturing mental health outcomes using five instruments
Simpson, K., Ashworth, M., Roberts-Lewis, S. & Ayis, S., 1 Jun 2021, In: BJPsych Open. 7, 4
Research output: Contribution to journal › Article › peer-review

Facial pain beyond trigeminal neuralgia
Research output: Contribution to journal › Article › peer-review

Feasibility Trial of Cognitive Behavioral Therapy for Fatigue in Hemodialysis (BReF Intervention)
Research output: Contribution to journal › Article › peer-review

Greater genetic risk for adult psychiatric diseases increases vulnerability to adverse outcome after preterm birth
Cullen, H., Selzam, S., Dimitrakopoulou, K., Plomin, R. & Edwards, A. D., 1 Jun 2021, In: Scientific Reports. 11, 1, 11443.
Research output: Contribution to journal › Article › peer-review

Infant feeding practices among macrosomic infants: A prospective cohort study
Research output: Contribution to journal › Article › peer-review

Multilingualism and Chomsky's Generative Grammar
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review
Multiple-day high-dose beetroot juice supplementation does not improve pulmonary or muscle deoxygenation kinetics of well-trained cyclists in normoxia and hypoxia
Research output: Contribution to journal › Article › peer-review

On the Beach: Musicology's Migrant Crisis
Research output: Contribution to journal › Article › peer-review

Pain in Parkinson's disease: Mechanism-based treatment strategies
Research output: Contribution to journal › Article › peer-review

Replicating extensive brain structural heterogeneity in individuals with schizophrenia and bipolar disorder
Research output: Contribution to journal › Article › peer-review

Small intestinal metabolism is central to whole-body insulin resistance
Research output: Contribution to journal › Article › peer-review

Software sensor to enhance online parametric identification for nonlinear closed-loop systems for robotic applications
Research output: Contribution to journal › Article › peer-review

Subnational mapping of HIV incidence and mortality among individuals aged 15–49 years in sub-Saharan Africa, 2000–18: a modelling study
Local Burden of Disease HIV Collaborators, Adekanmbi, V., Molokhia, M., Shibuya, K. & Wang, Y., 1 Jun 2021, In: The Lancet HIV. 8, 6, p. e363-e375
Research output: Contribution to journal › Article › peer-review

Targets for migraine treatment: beyond calcitonin gene-related peptide
Research output: Contribution to journal › Article › peer-review

The Gulf Crisis and Qatar's Pursuit of Self-Sufficiency in the Military Domain
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

A Novel Group Cognitive Behavioural Therapy Approach to Adult Non-Rapid Eye Movement Parasomnias
Research output: Contribution to journal › Article › peer-review

A comparative evaluation between the reliability of gypsum casts and digital greyscale intra-oral scans for the scoring of tooth wear using the Tooth Wear Evaluation System (TWES)
A tale of two hearth sites: Neolithic and intermittent mid to late Holocene occupations in the Jubbah oasis, northern Saudi Arabia

ABVD and BEACOPP regimens’ effects on fertility in young males with Hodgkin lymphoma

Adverse reactions to COVID-19 vaccines: A practical approach

All Roads Lead to Rome: Revisiting the Pairing of the Histoire ancienne jusqu'à César and the Faits des Romains in the Thirteenth Century
Ravenhall, H., Jun 2021, (Accepted/In press) In: Romania: revue trimestrielle consacrée a l'étude des langues et des littératures romanes. 139

Antiphospholipid Syndrome Alliance for Clinical Trials and International Networking (APS ACTION): 10-Year Update

Association of British Clinical Diabetologists and Renal Association guidelines on the detection and management of diabetes post solid organ transplantation

COVID-19 editorial: mechanistic links and therapeutic challenges for metabolic diseases one year into the COVID-19 pandemic

Cannabis, schizophrenia genetic risk, and psychotic experiences: a cross-sectional study of 109,308 participants from the UK Biobank

Cholinergic modulation of disorder-relevant human defensive behaviour in generalised anxiety disorder

Citation of prior systematic reviews in reports of randomized controlled trials published in dental specialty journals
Comparing development and regeneration in the submandibular gland highlights distinct mechanisms
Research output: Contribution to journal › Article › peer-review

Cultural adaptation and validation of the Body Esteem Scale for Adults and Adolescents for use in English among adolescents in urban India
Research output: Contribution to journal › Article › peer-review

Decentering as a core component in the psychological treatment and prevention of youth anxiety and depression: a narrative review and insight report
Research output: Contribution to journal › Article › peer-review

Differential predictors for alcohol use in adolescents as a function of familial risk
Research output: Contribution to journal › Review article › peer-review

Dissociating brain systems that respond to contingency and valence during monetary loss avoidance in adolescence
Research output: Contribution to journal › Article › peer-review

Drivers of Inflammation in Psoriatic Arthritis: the Old and the New
Research output: Contribution to journal › Review article › peer-review

Effects of the COVID-19 pandemic on maternal and perinatal outcomes: a systematic review and meta-analysis
Research output: Contribution to journal › Article › peer-review

Emotional Behavioural and Autonomic Dysregulation (EBAD) in Rett Syndrome – EDA and HRV monitoring using wearable sensor technology
Research output: Contribution to journal › Article › peer-review

Ennius annales 1 Sk. And appendix vergiliana dirae 48
Research output: Contribution to journal › Article › peer-review

Evidence for similar structural brain anomalies in youth and adult attention-deficit/hyperactivity disorder: a machine learning analysis
the ENIGMA-ADHD working group, Jun 2021, In: Translational psychiatry. 11, 1, p. 82 11.
Research output: Contribution to journal › Article › peer-review

Exposure to Bullying and General Psychopathology: A Prospective, Longitudinal Study
Research output: Contribution to journal › Article › peer-review
Feasibility of dual-phase $^{99m}$Tc-MDP SPECT/CT imaging in rheumatoid arthritis evaluation

Finite-Time Fuzzy Sliding Mode Control for Nonlinear Descriptor Systems

First-episode Psychosis and Migration in Italy: Results from a Study in the Italian Mental Health Services (Pep-Ita Study)

Fixers and Framers: Reconsidering the Sources and Meaning of the American Founding

Functional brain defects in a mouse model of a chromosomal t(1;11) translocation that disrupts DISC1 and confers increased risk of psychiatric illness

HLA-DQB1 6672G>C (rs113332494) is associated with clozapine-induced neutropenia and agranulocytosis in individuals of European ancestry

Indole alkaloids from the leaves of Ravenia spectabilis engl. with activity against pancreatic cancer cell line

Intratumor heterogeneity is biomarker specific and challenges the association with heterogeneity in multimodal functional imaging in head and neck squamous cell carcinoma

Is poor global processing a transdiagnostic feature of Body Dysmorphic Disorder and Anorexia Nervosa? A meta-analysis.

Lipoprotein compartmentalisation as a regulator of PCSK9 activity
Live cell ATR-FTIR spectroscopy as a novel bioanalytical tool for cell glucose metabolism research
Research output: Contribution to journal › Article › peer-review

Longitudinal changes in movement-related functional MRI activity in Parkinson's disease patients
Research output: Contribution to journal › Article › peer-review

Mental health problems and fear of childbirth: A cohort study of women in an inner-city maternity service
Research output: Contribution to journal › Article › peer-review

Microbial transitions from health to disease
Research output: Contribution to journal › Review article › peer-review

Multi-layered composite electrodes of high power Li$_4$Ti$_5$O$_{12}$ and high capacity SnO$_2$ for smart lithium ion storage
Research output: Contribution to journal › Article › peer-review

Omega-3 polyunsaturated fatty acids protect against inflammation through production of LOX and CYP450 lipid mediators: relevance for major depression and for human hippocampal neurogenesis
Research output: Contribution to journal › Article › peer-review

Oral biofilms revisited: A novel host tissue of bacteriological origin
Research output: Contribution to journal › Review article › peer-review

Overcoming psychological insulin resistance: A practical guide for healthcare professionals
Research output: Contribution to journal › Comment/debate › peer-review

Patterns and prediction of liver injury with persistent cholestasis in survivors of severe SARS-CoV-2 infection
Research output: Contribution to journal › Letter › peer-review
