Research outputs

**History, Historiography, and International Relations.**
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

**American covert action and diplomacy post-9/11**
Long, M., Jun 2022, (Accepted/In press) In: *DIPLOMACY AND STATECRAFT*. 33, 2
Research output: Contribution to journal › Article › peer-review

**Energetics and Erotics: On Carolee Schneemann's Cinema**
Gorfinkel, E., Jun 2022, (Accepted/In press) *Carolee Schneemann*. Yale University Press
Research output: Chapter in Book/Report/Conference proceeding › Chapter

**From Integration to Fragmegration: political symbols and the emergence of differentiated European identities.**
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

**The Singapore Convention on Mediation: Its impact on international construction disputes**
Research output: Chapter in Book/Report/Conference proceeding › Chapter

**Understanding human vulnerability to climate change: A global perspective on index validation for adaptation planning**
Research output: Contribution to journal › Article › peer-review

**The End of Global Poverty: Is the UN Sustainable Development Goal 1 (Still) Achievable?**
Research output: Contribution to journal › Article › peer-review

**The Newbolt Report and its Contexts**
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

**Children and the media industries: an overlooked but very special "television" audience: an overlooked but very special "television" audience**
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

**Moderation as Jordanian Soft Power: Islam and Beyond**
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

**Retroframing the Future: Digital De-Aging Technologies in Contemporary Hollywood Cinema**
Holliday, C., 2022, (Accepted/In press) In: *Journal of Cinema and Media Studies*.
Research output: Contribution to journal › Article › peer-review
Stress and Rhythm
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

The Threshold of the Cosmos: Priestly Scriptures and the Shamanic Wilderness in Southwest China
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

High Prevalence and Incidence of Obsessive-Compulsive Disorder Among Women Across Pregnancy and the Postpartum
Research output: Contribution to journal › Article › peer-review

The oil nouveau riche and arms imports
Vezina, P-L., 2021, In: JOURNAL OF AFRICAN ECONOMIES.
Research output: Contribution to journal › Article › peer-review

Service user experiences of community services for complex emotional needs: a qualitative thematic synthesis
Research output: Contribution to journal › Article › peer-review

The Relationship Between Mucins and Ulcerative Colitis: A Systematic Review
Research output: Contribution to journal › Review article › peer-review

A Bidirectional Mendelian Randomization Study to evaluate the causal role of reduced blood vitamin D levels with type 2 diabetes risk in South Asians and Europeans
Research output: Contribution to journal › Article › peer-review

A collaborative, computer-assisted, psycho-educational intervention for depressed patients with chronic disease at primary care: protocol for a cluster randomized controlled trial
Research output: Contribution to journal › Article › peer-review

A comparison of two studies and the prevalence and sex ratio of Neurodevelopmental conditions in Tuberous Sclerosis Complex
Research output: Contribution to journal › Letter › peer-review

A core outcome set for studies evaluating interventions to prevent and/or treat delirium for adults requiring an acute care hospital admission: an international key stakeholder informed consensus study
Research output: Contribution to journal › Article › peer-review

A framework for handling missing accelerometer outcome data in trials
A large multiethnic GWAS meta-analysis of cataract identifies new risk loci and sex-specific effects
23andMe Research Team, Dec 2021, In: Nature Communications. 12, 1, 3595.
Research output: Contribution to journal › Article › peer-review

A microRNA program regulates the balance between cardiomyocyte hyperplasia and hypertrophy and stimulates cardiac regeneration
Research output: Contribution to journal › Article › peer-review

A multi-centre, open label, randomised, parallel-group, superiority Trial to compare the efficacy of URsodeoxycholic acid with RIFampcin in the management of women with severe early onset Intrahepatic Cholestasis of pregnancy: the TURRIFIC randomised trial
Research output: Contribution to journal › Article › peer-review

A multi-ethnic epigenome-wide association study of leukocyte DNA methylation and blood lipids
Research output: Contribution to journal › Article › peer-review

A non-randomised pilot study of the Solutions for Medication Adherence Problems (S-MAP) intervention in community pharmacies to support older adults adhere to multiple medications
Research output: Contribution to journal › Article › peer-review

A psychometric and validity study of callous-unemotional traits in 2.5 year old children
Research output: Contribution to journal › Article › peer-review

A review of recent research in EFL motivation: Research trends, emerging methodologies, and diversity of researched populations
Research output: Contribution to journal › Review article › peer-review

A systematic review and meta-analysis of the role of sugar-free chewing gum on Streptococcus mutans
Research output: Contribution to journal › Article › peer-review

A systematic review of the evidence for deprescribing interventions among older people living with frailty
A systematic review of the latent structure of the Center for Epidemiologic Studies Depression Scale (CES-D) amongst adolescents

ADVANCE integrated group intervention to address both substance use and intimate partner abuse perpetration by men in substance use treatment: a feasibility randomised controlled trial

ALS linked-FUS mutants affect the localization of U7 snRNP and replication-dependent histone gene expression in human cells

Abnormal brain cholesterol homeostasis in Alzheimer’s disease—a targeted metabolomic and transcriptomic study

Acute kidney injury in ECMO patients

Adapting the definition of multimorbidity – development of a locality-based consensus for selecting included Long Term Conditions

Addressing key gaps in implementation of mosquito larviciding to accelerate malaria vector control in southern Tanzania: results of a stakeholder engagement process in local district councils

Adverse childhood experiences, daytime salivary cortisol, and depressive symptoms in early adulthood: a longitudinal genetically informed twin study

An assessment of the use of patient reported outcome measurements (PROMs) in cancers of the pelvic abdominal cavity: identifying oncologic benefit and an evidence-practice gap in routine clinical practice

An integrated community and primary healthcare worker intervention to reduce stigma and improve management of common mental disorders in rural India: protocol for the SMART Mental Health programme
An integrated pre-pregnancy care programme framework theoretically modelled from the perspectives of women with Type 2 diabetes and healthcare professionals

An overview to process design, simulation and sustainability evaluation of biodiesel production

Association of pharmacological prophylaxis with the risk of pediatric emergence delirium after sevoflurane anesthesia: An updated network meta-analysis

Association of social distancing and face mask use with risk of COVID-19

Barriers and drivers to service delivery in global mental health projects

Biotrauma during ultra-low tidal volume ventilation and venoarterial extracorporeal membrane oxygenation in cardiogenic shock: a randomized crossover clinical trial

Body mass index, performance on activities of daily living and cognition: analysis in two different populations

Brain-derived neurotrophic factor in cerebrospinal fluid and plasma is not a biomarker for Huntington’s disease
Brief early adolescent multi-family therapy (BEAM) trial for anorexia nervosa: a feasibility randomized controlled trial protocol
Research output: Contribution to journal › Article › peer-review

COVIDiSTRESS Global Survey dataset on psychological and behavioural consequences of the COVID-19 outbreak
Research output: Contribution to journal › Article › peer-review

CXCR7 ameliorates myocardial infarction as a β-arrestin-biased receptor
Research output: Contribution to journal › Article › peer-review

Cardiomyocytes stimulate angiogenesis after ischemic injury in a ZEB2-dependent manner
Research output: Contribution to journal › Article › peer-review

CariesCare International adapted for the pandemic in children: Caries OUT multicentre single-group interventional study protocol
Research output: Contribution to journal › Article › peer-review

Cdk5 and GSK3β inhibit fast endophilin-mediated endocytosis
Research output: Contribution to journal › Article › peer-review

Challenges to implementing electronic trial data collection in primary care: a qualitative study
Research output: Contribution to journal › Article › peer-review

Changes to management of hypertension in pregnancy, and attitudes to self-management: An online survey of obstetricians, before and following the first wave of the COVID-19 pandemic
Research output: Contribution to journal › Article › peer-review

Changes to the identity of EndoC-βH1 beta cells may be mediated by stress-induced depletion of HNRNPD
Research output: Contribution to journal › Article › peer-review

Characteristics and mortality rates among patients requiring intermediate care: a national cohort study using linked databases
Research output: Contribution to journal › Article › peer-review
Characterization of the public transit air microbiome and resistome reveals geographical specificity
Research output: Contribution to journal › Article › peer-review

Childhood growth and development and DNA methylation age in mid-life
Research output: Contribution to journal › Article › peer-review

Chloride sensing by WNK1 regulates NLRP3 inflammasome activation and pyroptosis
Research output: Contribution to journal › Article › peer-review

Clearance of inflammatory cytokines in patients with septic acute kidney injury during renal replacement therapy using the EMiC2 filter (Clic-AKI study)
Research output: Contribution to journal › Article › peer-review

Clinical comparison of sub-mm high-resolution non-contrast coronary CMR angiography against coronary CT angiography in patients with low-intermediate risk of coronary artery disease: a single center trial
Research output: Contribution to journal › Article › peer-review

Co-production of an e-resource to help women who have experienced childhood sexual abuse prepare for pregnancy, birth, and parenthood
Research output: Contribution to journal › Article › peer-review

Combined treatment with enteric neural stem cells and chondroitinase ABC reduces spinal cord lesion pathology
Research output: Contribution to journal › Article › peer-review

Commentary: Novel strategies and new tools to curtail the health effects of pesticides
Research output: Contribution to journal › Comment/debate › peer-review

Comparable emotional dynamics in women with ADHD and borderline personality disorder
Research output: Contribution to journal › Article › peer-review

Comparison of robotic and manual implantation of intracerebral electrodes: a single-centre, single-blinded, randomised controlled trial
Research output: Contribution to journal › Article › peer-review
Consensus statement on the role of health systems in advancing the long-term well-being of people living with HIV
Research output: Contribution to journal › Review article › peer-review

Conserved human effector Treg cell transcriptomic and epigenetic signature in arthritic joint inflammation
Research output: Contribution to journal › Article › peer-review

Core outcomes set for research on the treatment of opioid use disorder (COS-OUD): the National Institute on Drug Abuse Clinical Trials Network protocol for an e-Delphi consensus study
Research output: Contribution to journal › Article › peer-review

Crisis in care homes: the dentists don't come
Research output: Contribution to journal › Article › peer-review

Cross-sectional analysis of the Parkinson’s disease Non-motor International Longitudinal Study baseline non-motor characteristics, geographical distribution and impact on quality of life
Research output: Contribution to journal › Article › peer-review

Cross-sectional study of mental health related knowledge and attitudes among care assistant workers in Guangzhou, China
Research output: Contribution to journal › Article › peer-review

Deep learning identifies partially overlapping subnetworks in the human social brain
Research output: Contribution to journal › Article › peer-review

Deletion of the diabetes candidate gene Slc16a13 in mice attenuates diet-induced ectopic lipid accumulation and insulin resistance
Research output: Contribution to journal › Article › peer-review

Demographic, multi-morbidity and genetic impact on myocardial involvement and its recovery from COVID-19: protocol design of COVID-HEART—a UK, multicentre, observational study
Research output: Contribution to journal › Article › peer-review
Demonstrating trustworthiness when collecting and sharing genomic data: public views across 22 countries
Research output: Contribution to journal › Article › peer-review

Dental caries experience and associated factors in adults: a cross-sectional community survey within Ethiopia
Research output: Contribution to journal › Article › peer-review

Dental caries thresholds among adolescents in England, Wales, and Northern Ireland, 2013 at 12, and 15 years: implications for epidemiology and clinical care
Research output: Contribution to journal › Article › peer-review

Dental periodontal procedures: a systematic review of contamination (splatter, droplets and aerosol) in relation to COVID-19
Research output: Contribution to journal › Article › peer-review

Detecting anxiety and depression among people with limited literacy living with chronic low back pain in Nigeria: adaptation and validation of the hospital anxiety and depression scale
Research output: Contribution to journal › Article › peer-review

Determinants of penetrance and variable expressivity in monogenic metabolic conditions across 77,184 exomes
Research output: Contribution to journal › Article › peer-review

Developing a task-sharing psychological intervention to treat mild to moderate symptoms of perinatal depression and anxiety in South Africa: a mixed-method formative study
Research output: Contribution to journal › Article › peer-review

Development and validation of prediction model to estimate 10-year risk of all-cause mortality using modern statistical learning methods: a large population-based cohort study and external validation
Research output: Contribution to journal › Article › peer-review

Development of a peer support intervention to improve the experience and outcomes of discharge from inpatient mental health care: the role of experiential knowledge in a coproduced approach
Research output: Contribution to journal › Article › peer-review

Direct healthcare resource utilisation, health-related quality of life, and work productivity in patients with moderate rheumatoid arthritis: an observational study
Research output: Contribution to journal › Article › peer-review
Disorder-specific alterations of tactile sensitivity in neurodevelopmental disorders
Research output: Contribution to journal › Article › peer-review

Do beta-adrenergic blocking agents increase asthma exacerbation? A network meta-analysis of randomized controlled trials
Research output: Contribution to journal › Article › peer-review

Drug ranking using machine learning systematically predicts the efficacy of anti-cancer drugs
Research output: Contribution to journal › Article › peer-review

Dynamic causal modelling of immune heterogeneity
Research output: Contribution to journal › Article › peer-review

Dysfunction of the key ferroptosis-surveilling systems hypersensitizes mice to tubular necrosis during acute kidney injury
Research output: Contribution to journal › Article › peer-review

Dysregulation of epithelial ion transport and neurochemical changes in the colon of a parkinsonian primate
Research output: Contribution to journal › Article › peer-review

Effect of sevoflurane on the inflammatory response during cardiopulmonary bypass in cardiac surgery: the study protocol for a randomized controlled trial
Research output: Contribution to journal › Article › peer-review

Effectiveness and cost-effectiveness of integrating the management of depression into routine HIV Care in Uganda (the HIV + D trial): A protocol for a cluster-randomised trial
Research output: Contribution to journal › Article › peer-review

Embedding an economist in regional and rural health services to add value and reduce waste by improving local-level decision-making: protocol for the ‘embedded Economist’ program and evaluation
Research output: Contribution to journal › Article › peer-review

Endogenous suppression of WNT signalling in human embryonic stem cells leads to low differentiation propensity towards definitive endoderm
Epigenome-wide association meta-analysis of DNA methylation with coffee and tea consumption

Equity in newborn care, evidence from national surveys in low- and middle-income countries

Equivalent DNA methylation variation between monozygotic co-twins and unrelated individuals reveals universal epigenetic inter-individual dissimilarity

Evolution of opposing regulatory interactions underlies the emergence of eukaryotic cell cycle checkpoints

Exploring the role of gender and women in the political economy of health in armed conflict: a narrative review

Factors associated with crack-cocaine early initiation: a Brazilian multicenter study
Feasibility of Comparative Health Research Outcome of Novel Surgery in prostate cancer (IP4-CHRONOS): statistical analysis plan for the randomised feasibility phase of the CHRONOS study
Research output: Contribution to journal › Article › peer-review

Feasibility of task-sharing with community health workers for the identification, emergency management and referral of women with pre-eclampsia, in Mozambique
Research output: Contribution to journal › Article › peer-review

Fibroblast GATA-4 and GATA-6 promote myocardial adaptation to pressure overload by enhancing cardiac angiogenesis
Research output: Contribution to journal › Article › peer-review

Formulation in eating disorder focused family therapy: why, when and how?
Research output: Contribution to journal › Review article › peer-review

Four-dimensional flow cardiovascular magnetic resonance in tetralogy of Fallot: a systematic review
Research output: Contribution to journal › Review article › peer-review

From Slater to Mott physics by epitaxially engineering electronic correlations in oxide interfaces
Research output: Contribution to journal › Article › peer-review

Functional analysis of a gene-edited mouse model to gain insights into the disease mechanisms of a titin missense variant
Research output: Contribution to journal › Article › peer-review

Fundamental challenges in assessing the impact of research infrastructure
Research output: Contribution to journal › Comment/debate › peer-review

Further evidence supporting a potential role for ADH1B in obesity
Research output: Contribution to journal › Article › peer-review

GATA3 induces mitochondrial biogenesis in primary human CD4+ T cells during DNA damage
Research output: Contribution to journal › Article › peer-review

Genetic association study of childhood aggression across raters, instruments, and age
Genetic dissection of Down syndrome-associated alterations in APP/amyloid-β biology using mouse models
LonDownS Consortium, Dec 2021, In: Scientific Reports. 11, 1, 5736.
Research output: Contribution to journal › Article › peer-review

Genetic impacts on DNA methylation: research findings and future perspectives
Villicaña, S. & Bell, J. T., Dec 2021, In: Genome Biology. 22, 1, 127.
Research output: Contribution to journal › Review article › peer-review

Genetic variant of TTLL11 gene and subsequent ciliary defects are associated with idiopathic scoliosis in a 5-generation UK family
Research output: Contribution to journal › Article › peer-review

Genome-wide association study of response to interval and continuous exercise training: the Predict-HIIT study
Research output: Contribution to journal › Article › peer-review

Genome-wide association studies identify 137 genetic loci for DNA methylation biomarkers of aging
Research output: Contribution to journal › Article › peer-review

Genome-wide meta-analysis identifies 127 open-angle glaucoma loci with consistent effect across ancestries
Research output: Contribution to journal › Article › peer-review

Genomic imbalances in the placenta are associated with poor fetal growth
Research output: Contribution to journal › Article › peer-review

Geometric Design-based Dimensional Synthesis of a Novel Metamorphic Multi-fingered Hand with Maximal Workspace
Research output: Contribution to journal › Article › peer-review
Guideline on current good radiopharmacy practice (cGRPP) for the small-scale preparation of radiopharmaceuticals
Research output: Contribution to journal › Article › peer-review

Guy's and St Thomas NHS Foundation active surveillance prostate cancer cohort: a characterisation of a prostate cancer active surveillance database
Research output: Contribution to journal › Article › peer-review

HIV-1 sequences in lentiviral vector genomes can be substantially reduced without compromising transduction efficiency
Research output: Contribution to journal › Article › peer-review

Hand-portable HPLC with broadband spectral detection enables analysis of complex polycyclic aromatic hydrocarbon mixtures
Research output: Contribution to journal › Article › peer-review

Health behaviours in 131,182 UK women planning pregnancy
Research output: Contribution to journal › Article › peer-review

Health impact assessment to predict the impact of tobacco price increases on COPD burden in Italy, England and Sweden
Research output: Contribution to journal › Article › peer-review

High intake of vegetables is linked to lower white blood cell profile and the effect is mediated by the gut microbiome
Research output: Contribution to journal › Article › peer-review

How epidemic psychology works on Twitter: evolution of responses to the COVID-19 pandemic in the U.S.
Research output: Contribution to journal › Article › peer-review

Hybrid mosquitoes? Evidence from rural Tanzania on how local communities conceptualize and respond to modified mosquitoes as a tool for malaria control
Research output: Contribution to journal › Article › peer-review

Identification of 38 novel loci for systemic lupus erythematosus and genetic heterogeneity between ancestral groups
Research output: Contribution to journal › Article › peer-review
Impact of replacing sedentary behaviour with other movement behaviours on depression and anxiety symptoms: a prospective cohort study in the UK Biobank
Research output: Contribution to journal › Article › peer-review

Improving nursing documentation for surgical patients in a referral hospital in Freetown, Sierra Leone: protocol for assessing feasibility of a pilot multifaceted quality improvement hybrid type project
Research output: Contribution to journal › Article › peer-review

In vivo multi-parametric manganese-enhanced MRI for detecting amyloid plaques in rodent models of Alzheimer's disease
Research output: Contribution to journal › Article › peer-review

Increased habitual flavonoid intake predicts attenuation of cognitive ageing in twins
Research output: Contribution to journal › Article › peer-review

Influence of probiotic bacteria on gut microbiota composition and gut wall function in an in-vitro model in patients with Parkinson's disease
Research output: Contribution to journal › Article › peer-review

Influence of the arterial input sampling location on the diagnostic accuracy of cardiovascular magnetic resonance stress myocardial perfusion quantification
Research output: Contribution to journal › Article › peer-review

Information technology and addiction science: promises and challenges
Research output: Contribution to journal › Article

Integrated health Services for Children: a qualitative study of family perspectives
Research output: Contribution to journal › Article › peer-review

Integrating human-centred design into the development of an intervention to improve the mental wellbeing of young women in the perinatal period: the Catalyst project
Research output: Contribution to journal › Article › peer-review

Interpersonal violence in a deprived Scottish urban area with aggregations of physical health risks and psychiatric morbidity: an ecological study
Research output: Contribution to journal › Article › peer-review

Intragenerational social mobility and self-rated oral health in the british cohort study
Investigating the impact of COVID-19 lockdown on adults with a recent history of recurrent major depressive disorder: a multi-Centre study using remote measurement technology on behalf of the RADAR-CNS consortium, Dec 2021, In: BMC Psychiatry. 21, 1, 435.

Investigating the relationship between BMI across adulthood and late life brain pathologies

Is this the ‘new normal’? A mixed method investigation of young person, parent and clinician experience of online eating disorder treatment during the COVID-19 pandemic

Lee Silverman Voice Treatment versus standard speech and language therapy versus control in Parkinson's disease: preliminary cost-consequence analysis of the PD COMM pilot randomised controlled trial

Life under lockdown and social restrictions - the experiences of people living with dementia and their carers during the COVID-19 pandemic in England

Long-term kidney function of patients discharged from hospital after an intensive care admission: observational cohort study

Maladaptive behaviours in adolescence and their associations with personality traits, emotion dysregulation and other clinical features in a sample of Italian students: a cross-sectional study

Malaria and Cancer: a critical review on the established associations and new perspectives

Methods and open-source toolkit for analyzing and visualizing challenge results

Microsurgical endodontic treatment of the upper molar teeth and their relationship with the maxillary sinus: a retrospective multicentric clinical study

Military and demographic predictors of mental ill-health and socioeconomic hardship among UK veterans

Model-based comorbidity clusters in patients with heart failure: association with clinical outcomes and healthcare utilization

Moving online: young people and parents’ experiences of adolescent eating disorder day programme treatment during the COVID-19 pandemic

Multi-omics phenotyping of the gut-liver axis reveals metabolic perturbations from a low-dose pesticide mixture in rats

Multivariate pattern analysis of brain structure predicts functional outcome after auditory-based cognitive training interventions

Multizonal anogenital neoplasia in women: a cohort analysis

Needs-led human resource planning for Sierra Leone in support of oral health

No evidence for differential gene expression in major depressive disorder PBMCs, but robust evidence of elevated biological ageing
NIMA Consortium, Dec 2021, In: Translational psychiatry. 11, 1, 404.

Non-motor predictors of 36-month quality of life after subthalamic stimulation in Parkinson disease
Non-verbal IQ and change in restricted and repetitive behavior throughout childhood in autism: a longitudinal study using the Autism Diagnostic Interview-Revised
Pathways Team, Dec 2021, In: Molecular Autism. 12, 1, 57.
Research output: Contribution to journal › Article › peer-review

Not all biases are bad: equitable and inequitable biases in machine learning and radiology
Research output: Contribution to journal › Review article › peer-review

OASi2: a cluster randomised hybrid evaluation of strategies for sustainable implementation of the Obstetric Anal Sphincter Injury Care Bundle in maternity units in Great Britain
Research output: Contribution to journal › Article › peer-review

Only two subscales of the Coping Strategies Questionnaire are culturally relevant for people with chronic low back pain in Nigerian Igbo populations: a cross-cultural adaptation and validation study
Research output: Contribution to journal › Article › peer-review

Osteocyte transcriptome mapping identifies a molecular landscape controlling skeletal homeostasis and susceptibility to skeletal disease
Research output: Contribution to journal › Article › peer-review

Pathways into and out of homelessness among people with severe mental illness in rural Ethiopia: a qualitative study
Research output: Contribution to journal › Article › peer-review

Pediatric patients’ reasons for visiting dentists in all WHO regions
Research output: Contribution to journal › Article › peer-review

Placing assistive technology and telecare in everyday practices of people with dementia and their caregivers: findings from an embedded ethnography of a national dementia trial
Research output: Contribution to journal › Article › peer-review

Polθ inhibitors elicit BRCA-gene synthetic lethality and target PARP inhibitor resistance
Research output: Contribution to journal › Article › peer-review
Poor medical student welfare—a growing threat to healthcare
Research output: Contribution to journal › Editorial › peer-review

Positive symptom phenotypes appear progressively in “EDIPS”, a new animal model of the schizophrenia prodrome
Research output: Contribution to journal › Article › peer-review

Posttraumatic stress disorder intervention for people with severe mental illness in a low-income country primary care setting: a randomized feasibility trial protocol
Research output: Contribution to journal › Article › peer-review

Predicting urban innovation from the US Workforce Mobility Network
Bonaventura, M., Aiello, L. M., Quercia, D. & Latora, V., Dec 2021, In: Humanities and Social Sciences Communications. 8, 1, 10.
Research output: Contribution to journal › Article › peer-review

Promoting helpful attention and interpretation patterns to reduce anxiety and depression in young people: weaving scientific data with young peoples' lived experiences
Research output: Contribution to journal › Article › peer-review

Proteomic blood profiling in mild, severe and critical COVID-19 patients
Research output: Contribution to journal › Article › peer-review

Proteomics of REPLICANT perfusate detects changes in the metastatic lymph node microenvironment
Research output: Contribution to journal › Article › peer-review

Protocol for A randomised feasibility trial comparing fluoride interventions to prevent dental decay in older people in care homes (FinCH trial)
Research output: Contribution to journal › Article › peer-review

Protocol for a systematic review of outcomes from microsurgical free-tissue transfer performed on short-term collaborative surgical trips in low-income and middle-income countries
Research output: Contribution to journal › Article › peer-review

Psychological well-being and burnout amongst medical students in India: a report from a nationally accessible survey
Research output: Contribution to journal › Article › peer-review

Public health utility of cause of death data: applying empirical algorithms to improve data quality
GBD Cause of Death Collaborators, Dec 2021, In: BMC medical informatics and decision making. 21, 1, 175.
Research output: Contribution to journal › Article › peer-review
Pupil dilation reflects the authenticity of received nonverbal vocalizations
Research output: Contribution to journal › Article › peer-review

Real-time clinician text feeds from electronic health records
Research output: Contribution to journal › Article › peer-review

Recommendations for occupational therapy interventions for adults with ADHD: a consensus statement from the UK adult ADHD network
Research output: Contribution to journal › Review article › peer-review

Recruitment, training and supervision of nurses and nurse assistants for a task-shifting depression intervention in two RCTs in Brazil and Peru
Research output: Contribution to journal › Article › peer-review

Red blood cell mannoses as phagocytic ligands mediating both sickle cell anaemia and malaria resistance
Research output: Contribution to journal › Article › peer-review

Regeneration linked miRNA modify tumor phenotype and can enforce multi-lineage growth arrest in vivo
Research output: Contribution to journal › Article › peer-review

Region-specific elevations of glutamate + glutamine correlate with the sensory symptoms of autism spectrum disorders
Research output: Contribution to journal › Article › peer-review

Responsive core-shell DNA particles trigger lipid-membrane disruption and bacteria entrapment
Research output: Contribution to journal › Article › peer-review

Revelation of metamorphic phenomenon through the equivalent mechanisms and development of the novel metamorphic epicyclic gear trains
Research output: Contribution to journal › Article › peer-review

Review of eating disorders and oxytocin receptor polymorphisms
Research output: Contribution to journal › Review article › peer-review
Risk of esophageal and gastric adenocarcinoma in men receiving androgen deprivation therapy for prostate cancer
Research output: Contribution to journal › Article › peer-review

Risk of primary lung cancer after adjuvant radiotherapy in breast cancer—a large population-based study
Research output: Contribution to journal › Article › peer-review

Risk variants and polygenic architecture of disruptive behavior disorders in the context of attention-deficit/hyperactivity disorder
Research output: Contribution to journal › Article › peer-review

Safety and technical efficacy of pre-operative embolization of head and neck paragangliomas: A 10-year mono-centric experience and systematic review: Pre-operative embolization of head and neck paraganglioma
Research output: Contribution to journal › Article › peer-review

Screening of minor psychiatric disorders and burnout among a sample of medical students in St. Petersburg, Russia: a descriptive study
Research output: Contribution to journal › Article › peer-review

Seasonal modulation of antibody response to diphtheria-tetanus-pertussis vaccination in infants: a cohort study in rural Gambia
Research output: Contribution to journal › Article › peer-review

Sedation versus protective stabilization for dental treatment of children with caries and challenging behavior at the dentist (CHOOSE): a study protocol for a non-randomized clinical trial
CEDACORE Collaborative Group, Dec 2021, In: BMC Oral Health. 21, 1, 256.
Research output: Contribution to journal › Article › peer-review

Selective Caries Removal in Permanent Teeth (SCriPT) for the treatment of deep carious lesions: a randomised controlled clinical trial in primary care
Research output: Contribution to journal › Article › peer-review

Self-determination theory interventions versus usual care in people with diabetes: a protocol for a systematic review with meta-analysis and trial sequential analysis
Research output: Contribution to journal › Article › peer-review

Specialized post-inpatient psychotherapy for sustained recovery in anorexia nervosa via videoconference – study protocol of the randomized controlled SUSTAIN trial
Research output: Contribution to journal › Article › peer-review
Spectrum of mutational signatures in T-cell lymphoma reveals a key role for UV radiation in cutaneous T-cell lymphoma
Research output: Contribution to journal › Article › peer-review

Study protocol for a randomised placebo-controlled trial of pramipexole in addition to mood stabilisers for patients with treatment resistant bipolar depression (the PAX-BD study)
Research output: Contribution to journal › Article › peer-review

TIM4 expression by dendritic cells mediates uptake of tumor-associated antigens and anti-tumor responses
Research output: Contribution to journal › Article › peer-review

TMS-EEG signatures of glutamatergic neurotransmission in human cortex
Research output: Contribution to journal › Article › peer-review

Temperament-based treatment for young adults with eating disorders: acceptability and initial efficacy of an intensive, multi-family, parent-involved treatment
Research output: Contribution to journal › Article › peer-review

Testing positive for Human Papillomavirus (HPV) at primary HPV cervical screening: A qualitative exploration of women’s information needs and preferences for communication of results
Research output: Contribution to journal › Article › peer-review

The Early Youth Engagement in first episode psychosis (EYE-2) study: pragmatic cluster randomised controlled trial of implementation, effectiveness and cost-effectiveness of a team-based motivational engagement Intervention to improve engagement
Research output: Contribution to journal › Article › peer-review

The Monash Autism-ADHD genetics and neurodevelopment (MAGNET) project design and methodologies: a dimensional approach to understanding neurobiological and genetic aetiology
Research output: Contribution to journal › Article › peer-review

The NeST (Neoadjuvant systemic therapy in breast cancer) study: National Practice Questionnaire of United Kingdom multi-disciplinary decision making
on behalf of the NeST Study Research Collaborative, Dec 2021, In: BMC Cancer. 21, 1, 90.
Research output: Contribution to journal › Article › peer-review
The Rise of the Modern Middle East
Research output: Chapter in Book/Report/Conference proceeding › Chapter › peer-review

The chemical tool-kit for molecular imaging with radionuclides in the age of targeted and immune therapy
Research output: Contribution to journal › Review article › peer-review

The continuity of effect of schizophrenia polygenic risk score and patterns of cannabis use on transdiagnostic symptom dimensions at first-episode psychosis: findings from the EU-GEI study
EU-GEI collaborators, Dec 2021, In: Translational psychiatry. 11, 1, 423.
Research output: Contribution to journal › Article › peer-review

The effect of training intensity on implicit learning rates in schizophrenia
Research output: Contribution to journal › Article › peer-review

The effect of dietary and lifestyle interventions among pregnant women with overweight or obesity on early childhood outcomes: an individual participant data meta-analysis from randomised trials
Research output: Contribution to journal › Article › peer-review

The expansion of Acheulean hominins into the Nefud Desert of Arabia
Research output: Contribution to journal › Article › peer-review

The force loading rate drives cell mechanosensing through both reinforcement and cytoskeletal softening
Research output: Contribution to journal › Article › peer-review

The genomic loci of specific human tRNA genes exhibit ageing-related DNA hypermethylation
Research output: Contribution to journal › Article › peer-review

The impact of moral injury on the wellbeing of UK military veterans
Research output: Contribution to journal › Article › peer-review

The incidence and prevalence of upper tract urothelial carcinoma: a systematic review
The order and logic of CD4 versus CD8 lineage choice and differentiation in mouse thymus
Research output: Contribution to journal › Article › peer-review

The progression of disorder-specific brain pattern expression in schizophrenia over 9 years
Research output: Contribution to journal › Article › peer-review

The relationship between cardiac injury, inflammation and coagulation in predicting COVID-19 outcome
Pisa Covid Study Group, Dec 2021, In: Scientific Reports. 11, 1, 6515.
Research output: Contribution to journal › Article › peer-review
