Research outputs
Listing of Research outputs

**Immunostaining of the Embryonic and Larval Drosophila Brain**
Research output: Contribution to journal › Article

**An Architecture of Information: A Comparison of Wiener’s and Shannon’s Theories of Information**
Research output: Chapter in Book/Report/Conference proceeding › Chapter

**Brought Into the Fold**
Quash, J. B., 2020, *Image as Theology (Arts and the Sacred Vol. 5)*. McInroy, M., Strine, C. & Torrance, A. (eds.). Brepols
Research output: Chapter in Book/Report/Conference proceeding › Chapter

**Drawing the boundaries of HMRC’s discretion**
Research output: Chapter in Book/Report/Conference proceeding › Chapter

**Rethinking Britain: ruptures and global connections**
Research output: Chapter in Book/Report/Conference proceeding › Chapter

**The Gospels for the Life of the World**
Research output: Chapter in Book/Report/Conference proceeding › Chapter

**Tony Harrison, Poet of Radical Classicism**
Hall, E., 2020, Bloomsbury Academic.
Research output: Book/Report › Book

**Vote and Voice: An experiment on the effects of inclusive governance rules**
Research output: Contribution to journal › Article

**What came between Liberalism and Neo-Liberalism? Rethinking Keynesianism, the welfare state and British Social Democracy**
Research output: Chapter in Book/Report/Conference proceeding › Chapter

**Warm redrawing of AA6082 sheets and investigations into the effect of aging heat treatment on cup wall strength**
Research output: Contribution to journal › Article

**HLA Alleles Associated With Risk of Ankylosing Spondylitis and Rheumatoid Arthritis Influence the Gut Microbiome**
Research output: Contribution to journal › Article

**Sharing the Burden: The Armenian Question, Humanitarian Intervention, and Anglo-American Visions of Global Order**
Laderman, C. M., 6 Dec 2019, Oxford University Press. 336 p. (Oxford Studies in International History)
Research output: Book/Report › Book
Aqueous Humor Dynamics in Uveitic Eyes
Research output: Contribution to journal › Article

Candidalysin: discovery and function in Candida albicans infections
Research output: Contribution to journal › Review article

Cold-related mortality in three European metropolitan areas: Athens, Lisbon and London. Implications for health promotion
Research output: Contribution to journal › Article

Evaluating a scale of excessive mind wandering among males and females with and without attention-deficit/hyperactivity disorder from a population sample
Mowlem, F. D., Agnew-Blais, J., Pingault, J-B. & Asherson, P. J. E., 1 Dec 2019, In : Scientific Reports. 9, 1, 3071.
Research output: Contribution to journal › Article

Evaluation of algorithms for Multi-Modality Whole Heart Segmentation: An open-access grand challenge
Research output: Contribution to journal › Article

Invasive shrub re-establishment following management has contrasting effects on biodiversity
Research output: Contribution to journal › Article

Left dorsolateral prefrontal cortex supports context-dependent prioritisation of off-task thought
Research output: Contribution to journal › Article

Metabolomics reveals a link between homocysteine and lipid metabolism and leukocyte telomere length: the ENGAGE consortium
Research output: Contribution to journal › Article

On-target and off-target effects of novel orthosteric and allosteric activators of GPR84
Research output: Contribution to journal › Article

Quantile regression analysis reveals widespread evidence for gene-environment or gene-gene interactions in myopia development
UK Biobank Eye and Vision Consortium, 1 Dec 2019
Research output: Other contribution
Special issue on MICCAI 2018
Research output: Contribution to journal › Editorial

The schizophrenia genetics knowledgebase: a comprehensive update of findings from candidate gene studies
Research output: Contribution to journal › Article

Transcriptional profiling unveils type I and II interferon networks in blood and tissues across diseases
Research output: Contribution to journal › Article

The Laws of Medieval Scotland: Legal Compilations from the thirteenth and fourteenth centuries
Research output: Book/Report › Book

Anti-counterfeiting DNA molecular tagging of pharmaceutical excipients: An evaluation of lactose containing tablets
Research output: Contribution to journal › Article

Adverse effect of catechol-O-methyltransferase (COMT) Val158Met met/met genotype in methamphetamine-related executive dysfunction
Research output: Contribution to journal › Article

An Update: Pathophysiology of Migraine
Research output: Contribution to journal › Review article

Bismuth embedded silica nanoparticles loaded with autophagy suppressant to promote photothermal therapy
Research output: Contribution to journal › Article

Companions’ dilemma of intervention when they mediate between patients with intellectual disabilities and health staff
Research output: Contribution to journal › Article

Research output: Contribution to journal › Comment/debate

Potential public health impacts of medical cannabis availability on opioid-related harms? Urgent but un-answered questions from Canada

Is sitting invisible? Exploring how people mentally represent sitting
Research output: Contribution to journal › Article

Development of the ‘SNS older adults measure’ (SNS-OA) to examine social network site use in older adults
Research output: Contribution to journal › Article

Estimating the prevalence of alcohol dependence in Europe using routine hospital discharge data: An ecological study
Research output: Contribution to journal › Article

Ten Salient Practices for mentoring student research in schools: new opportunities for teacher professional development
Walkington, H. & Rushton, E. A. C., 11 Oct 2019, In : Higher Education Studies . 9, 4
Research output: Contribution to journal › Article

A Roof, Not A Home: The housing experiences of Black and minoritised women survivors of gender-based violence in London
Research output: Book/Report › Report

Computation capacities of a broad class of signaling networks are higher than their communication capacities
Research output: Contribution to journal › Article

Cosmology with a master coupling in flipped SU(5)×U(1): The $\lambda_6$ universe
Research output: Contribution to journal › Article

Hengist and Horsa at Monticello: Human and Nonhuman Migration, Parahistory and American Anglo-Saxonism
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Laying The 'Islamist' Bogeyman To Rest
Krieg, A., 10 Oct 2019
Research output: Non-textual form › Web publication/site

Facial Photoprotection in Xeroderma Pigmentosum (XP) patients: validation of a new self-reported questionnaire of adherence
Research output: Contribution to journal › Article

Intentional rounding in hospital wards to improve regular interaction and engagement between nurses and patients: a realist evaluation
Research output: Contribution to journal › Book/Film/Article review
Lattice-based SMT for Program Verification
Research output: Chapter in Book/Report/Conference proceeding › Conference paper

Carers’ involvement in telecare provision by local councils for older people in England: perspectives of council telecare managers and stakeholders
Research output: Contribution to journal › Article

International meta-analysis of PTSD genome-wide association studies identifies sex- and ancestry-specific genetic risk loci
Research output: Contribution to journal › Article

What Role does Substance use play in Intimate Partner Violence? A Narrative Analysis of In-Depth Interviews with Men in Substance Use Treatment and their Current or Ex-female partners
Research output: Contribution to journal › Article

Academic freedom is under threat around the world – here’s how to defend it
Pils, E. M. & Svensson, M., 7 Oct 2019
Research output: Other contribution

An analysis of the Commission for Countering Extremism’s call for evidence: Report 2: Tactics and harms
Research output: Book/Report › Report

Psychometric properties of the EQ-5D-5L and SF-6D measures of health-related quality of life in a population of pregnant women with depression
Research output: Contribution to journal › Article

Empirical Reason: Answers to Gupta, McDowell, and Siegel
Research output: Contribution to journal › Article

Empirical Reason: Questions for Gupta, McDowell, and Siegel
Research output: Contribution to journal › Article

Horizontal and vertical transfer of oral dysbiosis and periodontal disease
Research output: Contribution to journal › Article

Purging the Queer Archive: Tumblr’s Counterhegemonic Pornographies
Research output: Contribution to journal › Comment/debate

A priori estimates for solutions to the relativistic Euler equations with a moving vacuum boundary
Research output: Contribution to journal › Article
GWAS identifies 44 independent associated genomic loci for self-reported adult hearing difficulty in UK biobank
Research output: Contribution to journal › Article

Influence of prior antibiotic use on risk of rheumatoid arthritis: case control study in general practice
Research output: Contribution to journal › Article

Interplay between the human gut microbiome and host metabolism
Research output: Contribution to journal › Article

Medicines associated with dependence or withdrawal: a mixed-methods public health review and national database study in England
Research output: Contribution to journal › Article

Meta-analysis of the influence of age on symptom change following cognitive-behavioural treatment for anxiety disorders
Research output: Contribution to journal › Review article

Reduced mu opioid receptor availability in schizophrenia revealed with [11C]-carfentanil Positron Emission Tomographic Imaging
Research output: Contribution to journal › Article

Remission vs low disease activity: function, quality of life and structural outcomes in the Early Rheumatoid Arthritis Study and Network
Research output: Contribution to journal › Article

Targeted knockout of GABA receptor gamma 2 subunit provokes transient light-induced reflex seizures in zebrafish larvae
Research output: Contribution to journal › Article

UK renal transplant outcomes in low and high BMI recipients: the need for a national policy
Research output: Contribution to journal › Article

Adverse health outcomes in antidepressants users. An umbrella review of 45 meta-analyses of observational studies.
Research output: Contribution to journal › Article

Anorexia and Bulimia Nervosa
Research output: Book/Report › Book
Basal ganglia volume and shape in anorexia nervosa
Research output: Contribution to journal › Article

Genetic stratification of depression by neuroticism: revisiting a diagnostic tradition
Research output: Contribution to journal › Article

Organisational strategies and practices to improve care using patient experience data in acute NHS hospital trusts: an ethnographic study
Research output: Contribution to journal › Article

Patients’ and Carers’ Perspectives of Psychopharmacological Interventions Targeting Anorexia Nervosa Symptoms
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Europe, Small Navies and Maritime Security
Research output: Book/Report › Book

A cat-and-Maus game: the politics of truth and reconciliation in post-conflict comics
Research output: Contribution to journal › Article

A new approach for detecting shifts in forecast accuracy
Research output: Contribution to journal › Article

A prediction model for short-term neonatal outcomes in severe early-onset fetal growth restriction
Research output: Contribution to journal › Article

Adaptive statistical iterative reconstruction (ASIR) affects CT radiomics quantification in primary colorectal cancer
Research output: Contribution to journal › Article

Age-related neurochemical and behavioural changes in D409V/WT GBA1 mouse: Relevance to lewy body dementia
Research output: Contribution to journal › Article

Annual hospital volume of surgery for gastrointestinal cancer in relation to prognosis
Research output: Contribution to journal › Article
DTI/DXI interferences with global coagulation tests in emergency hospital admissions - Results of the prospective Dresden NOAC Registry (NCT01588119)
Research output: Contribution to journal › Article

Delayed peripheral treatment with neurotrophin-3 improves sensorimotor recovery after central nervous system injury
Research output: Contribution to journal › Review article

Depression and incidence of frailty in older people from six Latin American countries
Research output: Contribution to journal › Article

Development of a training program for the ultrasound screening of placenta accreta spectrum disorders
Research output: Contribution to journal › Article

Diagnosis of patients with angina and non-obstructive coronary disease in the catheter laboratory
Research output: Contribution to journal › Review article

Duration of use of proton pump inhibitors and the risk of gastric and oesophageal cancer
Research output: Contribution to journal › Article

Early intervention for bipolar disorder – Do current treatment guidelines provide recommendations for the early stages of the disorder?
Research output: Contribution to journal › Review article

Editorial: Suicide and self-harm: advancing from science to preventing deaths
Research output: Contribution to journal › Editorial

Electoral rules, strategic entry and polarization
Research output: Contribution to journal › Article

Empirical or microbiologically-guided systemic antimicrobials as adjuncts to non-surgical periodontal therapy? a systematic review
Research output: Contribution to journal › Review article

Extensive validation study of the Parkinson's Disease Composite Scale
Research output: Contribution to journal › Article
First episode mania: we should have intervened earlier
Research output: Contribution to journal › Letter

Fiscal Sociology at the Centenary: UK Perspectives on Budgeting, Taxation and Austerity
Research output: Book/Report › Book

Fitting Predictive Coding to the Neurophysiological Data
Research output: Contribution to journal › Article

Free-running 3D Whole Heart Myocardial T1 Mapping with Isotropic Spatial Resolution
Research output: Contribution to journal › Article

Free-running 3D whole heart myocardial T mapping with isotropic spatial resolution
Research output: Contribution to journal › Article

Genetic correlations between diabetes and glaucoma: an analysis of continuous and dichotomous phenotypes
Research output: Contribution to journal › Article

I know where I'm going: Sensemaking and the emergence of calling
Research output: Contribution to journal › Article

Identification of a distinct subset of disease-associated gain-of-function missense mutations in the STAT1 coiled-coil domain as system mutants
Research output: Contribution to journal › Article

Imidazoline 2 binding sites reflecting astroglia pathology in Parkinson's disease: an in vivo11C-BU99008 PET study
Research output: Contribution to journal › Article

Impact of Polygenic Risk for Schizophrenia on Cortical Structure in UK Biobank
Research output: Contribution to journal › Article

Individual- and community-level risk factors for ESBL Enterobacteriaceae colonization identified by universal admission screening in London
Research output: Contribution to journal › Article
Inflammation associated with coronary heart disease predicts onset of depression in a three-year prospective follow-up: A preliminary study
Research output: Contribution to journal › Article

Insights into the importance of ecosystem services to human well-being in reservoir landscapes
Research output: Contribution to journal › Article

Interplay between Affinity and Valency in Effector Cell Degranulation: A Model System with Polcalcin Allergens and Human Patient–Derived IgE Antibodies
Research output: Contribution to journal › Article

Investigation into the validity of WearCompare, a purpose-built software to quantify erosive tooth wear progression
Research output: Contribution to journal › Article

Low Levels of Physical Activity During Critical Illness and Weaning: The Evidence–Reality Gap
Research output: Contribution to journal › Article

MAVRIC: A Multicentre Randomised Controlled Trial of Transabdominal Versus Transvaginal Cervical Cerclage
Research output: Contribution to journal › Article

Markers of central inflammation in major depressive disorder: a systematic review and meta-analysis of studies examining cerebrospinal fluid, positron emission tomography and post-mortem brain tissue
Research output: Contribution to journal › Article

Microbiota-gut brain axis involvement in neuropsychiatric disorders
Research output: Contribution to journal › Article

Migration, ethnicity and psychoses: evidence, models and future directions
Research output: Contribution to journal › Article

Modifying effects of depression on the association between BDNF methylation and prognosis of acute coronary syndrome
Research output: Contribution to journal › Article

Mucous membrane pemphigoid and oral blistering diseases
Research output: Contribution to journal › Review article
Proteomic signatures of brain regions affected by tau pathology in early and late stages of Alzheimer's disease

Research output: Contribution to journal › Article

Psychological and demographic factors associated with fatigue and social adjustment in young people with severe chronic fatigue syndrome/myalgic encephalomyelitis: a preliminary mixed-methods study

Research output: Contribution to journal › Article

Relationships of maternal body mass index and plasma biomarkers with childhood body mass index and adiposity at 6 years: The Children of SCOPE study

Research output: Contribution to journal › Article

Reproducibility of Atrial Fibrosis Assessment Using CMR Imaging and an Open Source Platform

Research output: Contribution to journal › Letter

Resilient Health Care as the basis for teaching patient safety – A Safety-II critique of the World Health Organisation patient safety curriculum

Research output: Contribution to journal › Article

Risk factors and impact of patterns of co-occurring comorbidities in people living with HIV

Research output: Contribution to journal › Article

Rumination and problematic substance use among individuals with a long-term history of illicit drug use

Research output: Contribution to journal › Article

Scan preparation for patients with type I diabetes treated with continuous sub-cutaneous insulin infusion (CSII) pumps

Research output: Contribution to journal › Letter

Serum immunoglobulin levels and the risk of bladder cancer in the AMORIS Cohort

Research output: Contribution to journal › Article

Should I Care or Should I Work? The Impact of Working in Older Age on Caregiving

Research output: Working paper

Should we worry that take-home naloxone availability may increase opioid use?

Research output: Contribution to journal › Editorial
Spectral Theory of Sparse Non-Hermitian Random Matrices
Research output: Contribution to journal › Article

Stereotactic Ablative Body Radiotherapy Versus Radical Radiotherapy: Comparing Real-World Outcomes in Stage I Lung Cancer
Research output: Contribution to journal › Article

Streptococcus pneumoniae as a Cause of Mycotic and Infected Aneurysms in Patients without Respiratory Features: Challenging Diagnoses Aided by 16S PCR
Research output: Contribution to journal › Article

Targeting macrophages and their recruitment in the oral cavity using swellable (+) alpha tocopheryl phosphate nanostructures
Research output: Contribution to journal › Article

The Effect of Vascular Segmentation Methods on Stereotactic Trajectory Planning for Drug-Resistant Focal Epilepsy: A Retrospective Cohort Study
Research output: Contribution to journal › Article

The Effects of Perceived Corporate Brand Personality on Individuals’ Exploration and Exploitation Orientations: The Moderating Role of Self-Brand Connection
Tuncdogan, A. & Volberda, H., 1 Oct 2019, In : R AND D MANAGEMENT.
Research output: Contribution to journal › Article

The Risk of Dying From and the Prospect of Living With Ischemic Cardiomyopathy
Research output: Contribution to journal › Editorial

The association between cardiorespiratory fitness and the incidence of common mental health disorders: A systematic review and meta-analysis
Research output: Contribution to journal › Review article

The association between familial risk and brain abnormalities is disease-specific: an ENIGMA-Relatives study of schizophrenia and bipolar disorder
Research output: Contribution to journal › Article

The crisis in clinical training for addiction
Research output: Contribution to journal › Comment/debate

The effect of chelation of sodium alginate with osteogenic ions, calcium, zinc, and strontium
The efficacy and safety of nutrient supplements in the treatment of mental disorders: a meta-review of meta-analyses of randomized controlled trials

The impact of spine sarcoma on mental health and well-being

The prevalence of wholly attributable alcohol conditions in the United Kingdom hospital system: A systematic review, meta-analysis and meta-regression

The role of circulatory systemic environment in predicting interferon-alpha–induced depression: The neurogenic process as a potential mechanism

The unheard voice: A qualitative exploration of companions’ experiences of liaison psychiatry and mental health crises in the emergency department

The war on antidepressants: What we can, and can't conclude, from the systematic review of antidepressant withdrawal effects by Davies and Read

Three Novel Symmetric Waldron-Bricard Metamorphic and Reconfigurable Mechanisms and Their Isomerization

Tooth Bioengineering and Regenerative Dentistry

Traumatic axonal injury influences the cognitive effect of non-invasive brain stimulation

Understanding and using time series analyses in addiction research
Walking and living independently with spina bifida: a 50-year prospective cohort study

'tRA and the microbiome: do host genetic factors provide the link?

"There's nothing there for guys". Do men with eating disorders want treatment adaptations? A qualitative study

A legacy of conflict: Kosovo, Russia and the West
German, T. C., Oct 2019, In : COMPARATIVE STRATEGY. 38, 5

A rule-based method for predicting the electrical activation of the heart with cardiac resynchronization therapy from non-invasive clinical data: Medical Image Analysis

Adrenal cortex–medulla interactions in adaptation to stress and disease

Are fit indices used to test psychopathology structure biased? A simulation study.

Barriers to women's access to alongside midwifery units in England

Challenges for IT-Enabled Formative Assessment of Complex 21st Century Skills

Circularity, psychiatry & biomarkers: The operationalisation of Alzheimer's & stress in research

Conceptualizing and testing action understanding
Correlates of physical activity among 142,118 adolescents aged 12-15 years from 48 low- and middle-income countries
Research output: Contribution to journal » Article

Cortical cerebral blood flow in ageing: effects of haematocrit, sex, ethnicity and diabetes
Research output: Contribution to journal » Article

Descending pain modulation: influence and impact
Research output: Contribution to journal » Review article

Developmental Cell Death in the Cerebral Cortex
Research output: Contribution to journal » Article

Ethnic differences in hepatic, pancreatic, muscular and visceral fat deposition in healthy men of white European and black west African ethnicity
Research output: Contribution to journal » Article

Gait stability of diabetic patients is altered with the rigid rocker shoes
Research output: Contribution to journal » Article

Multi-decade global gas flaring change inventoried using the ATSR-1, ATSR-2, AATSR and SLSTR data records
Research output: Contribution to journal » Article

Neurologists’ experiences of participating in the CODES study: a multicentre randomised controlled trial comparing cognitive behavioural therapy vs standardised medical care for dissociative seizures
Research output: Contribution to journal » Article

Non-Genetic Factors in Schizophrenia
Research output: Contribution to journal » Review article

Nursing teamwork in the care of older people: A mixed methods study
Research output: Contribution to journal » Article

Retrospective correction of motion-affected MR images using deep learning frameworks
Research output: Contribution to journal » Article

Review: The Cambridge History of Ireland, Vols. 1 and 2
Research output: Contribution to journal » Book/Film/Article review
Secondary re-analysis of the FEAST trial
Research output: Contribution to journal › Letter

Similarities between borderline personality disorder and post traumatic stress disorder: Evidence from resting-state meta-analysis
Research output: Contribution to journal › Review article

Task-shifting must recognise the professional role of nurses
Research output: Contribution to journal › Letter

The AMBER care bundle for hospital inpatients with uncertain recovery nearing the end of life: the ImproveCare feasibility cluster RCT
Research output: Contribution to journal › Article

Research output: Chapter in Book/Report/Conference proceeding › Chapter

Comparison of major depression diagnostic classification probability using the SCID, CIDI, and MINI diagnostic interviews among women in pregnancy or postpartum: An individual participant data meta-analysis
Research output: Contribution to journal › Article

Inhibition of Kirsten-Ras reduces fibrosis and protects against renal dysfunction in a mouse model of chronic folic acid nephropathy
Research output: Contribution to journal › Article

Pregnancy-Related Acute Kidney Injury in Preeclampsia: Risk Factors and Renal Outcomes
Research output: Contribution to journal › Article

Significant lung injury and its prognostic significance in acute liver failure: a cohort analysis
The effect of a genetic variant at the schizophrenia associated AS3MT/BORCS7 locus on striatal dopamine function: A PET imaging study

Validation of an Oral Disease Severity Score (ODSS) tool for use in oral mucous membrane pemphigoid

Definition and validation of a custom protocol to detect miRNAs in the spent media after blastocyst culture: searching for biomarkers of implantation

Landau’s switching problem: An elementary decision theoretic resolution of the two-envelope paradox
Ismail, M., 28 Sep 2019, (Unpublished).

Planned early delivery or expectant management for late preterm pre-eclampsia (PHOENIX): a randomised controlled trial

Respiratory physiotherapy in the bronchiectasis guidelines: is there a loud voice we are yet to hear?
Spinou, A. & Chalmers, J. D., 28 Sep 2019, In : The European respiratory journal. 54, 3

Respiratory physiotherapy in the bronchiectasis guidelines. Is there a loud voice we are yet to hear?
Spinou, A. & Chalmers, J. D., 28 Sep 2019, In : European Respiratory Journal. 54, 3

Respiratory physiotherapy in the bronchiectasis guidelines: is there a loud voice we are yet to hear?
Spinou, A. & Chalmers, J. D., 28 Sep 2019, In : European Respiratory Journal. 54, 3

British Society of Gastroenterology consensus guidelines on the management of inflammatory bowel disease in adults

Genetic association study of psychotic experiences in UK Biobank: Psychotic experiences in UK Biobank

Horizontal and Vertical Transfer of Oral Microbial Dysbiosis and Periodontal Disease
Multiple sclerosis genomic map implicates peripheral immune cells and microglia in susceptibility
Research output: Contribution to journal › Article

Re-fighting the First World War: Internationalism, Strategy, and Law
Research output: Contribution to journal › Review article

Reactive Vasodilation Predicts Mortality in Primary Systemic Light-Chain Amyloidosis
Research output: Contribution to journal › Article

Graham Roberts Study protocol: first ‘trials within cohort study’ for bladder cancer
Research output: Contribution to journal › Article

PTSD in prison settings: A systematic review and meta-analysis of comorbid mental disorders and problematic behaviours
Research output: Contribution to journal › Article

Why Colonialism is Wrong
Renzo, M., 26 Sep 2019, In : Current Legal Problems. 27 p.
Research output: Contribution to journal › Article

Prospective cohort study of early biosignatures of response to lithium in bipolar-I-disorders: overview of the H2020-funded R-LiNK initiative
Research output: Contribution to journal › Review article

Making space for practical authority: policy formalization and the right to water in Mexico
Research output: Chapter in Book/Report/Conference proceeding › Chapter

General Practitioners’ views about their role when children and young people disclose a history of bullying in the community: a qualitative study
Research output: Contribution to journal › Article
Perioperative dietary therapy in inflammatory bowel disease
Research output: Contribution to journal › Article

Preeclampsia and Cardiovascular Disease in a Large UK Pregnancy Cohort of Linked Electronic Health Records: A CALIBER Study
Research output: Contribution to journal › Article

Real-World Outcomes in the Management of Refractory Psychosis
Research output: Contribution to journal › Article

A randomized control trial of phototherapy and 20% albumin versus phototherapy and saline in Kilifi, Kenya
Research output: Contribution to journal › Article

Critical Notice of New Work on Speech Acts
Michaelson, E. & Brisinger, E. V., 23 Sep 2019, In : ANALYSIS.
Research output: Contribution to journal › Book/Film/Article review

Esketamine for treatment resistant depression
Research output: Contribution to journal › Article

Handgrip strength is associated with suicidal thoughts in men: Cross-sectional analyses from NHANES
Research output: Contribution to journal › Article

Preconception care in mental health services: planning for a better future
Research output: Contribution to journal › Article

Prior Preparation Prevents Poor TAVR Performance
Research output: Contribution to journal › Editorial

Targeted and non-targeted forensic profiling of black powder substitutes and gunshot residue using gradient ion chromatography – high resolution mass spectrometry (IC-HRMS)
Research output: Contribution to journal › Article

Twins Early Development Study: A Genetically Sensitive Investigation into Behavioral and Cognitive Development from Infancy to Emerging Adulthood
Research output: Contribution to journal › Article
Well-Being Workshops in Eating Disorder Wards and Their Perceived Benefits to Patients and the Multi-Disciplinary Team: A Pilot Study
Smith, K., Dandil, Y., Baillie, C. & Tchanturia, K., 23 Sep 2019, In : Brain Sciences. 9, 10
Research output: Contribution to journal › Article

Development and psychometric properties of the Discrimination and Prejudice Responses Scale; the DAPR
Research output: Contribution to journal › Article

Higher order spherical harmonics reconstruction of fetal diffusion MRI with intensity correction
Research output: Contribution to journal › Article

Injustice Appraisal but not Pain Catastrophizing Mediates the Relationship Between Perceived Ethnic Discrimination and Depression and Disability in Low Back Pain
Research output: Contribution to journal › Article

Oral antihypertensive regimens (nifedipine retard, labetalol, and methyldopa) for management of severe hypertension in pregnancy: an open-label, randomised controlled trial
Research output: Contribution to journal › Article

A simple process to tune wettability of pectin-modified silanized glass
Research output: Contribution to journal › Article

Crowdfunding Public Interest Judicial Reviews: A Risky New Resource and the Case for a Practical Ethics
Research output: Contribution to journal › Article

Effect of deinstitutionalisation for adults with intellectual disabilities on costs: A systematic review
Research output: Contribution to journal › Review article

Exercise as Medicine for Mental and Substance Use Disorders: A Meta-review of the Benefits for Neuropsychiatric and Cognitive Outcomes
Research output: Contribution to journal › Review article

Medical Liability
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Recidivism rates in individuals receiving community sentences: A systematic review
Research output: Contribution to journal › Review article
Combining gene mutation with gene expression analysis improves outcome prediction in acute promyelocytic leukemia
Research output: Contribution to journal › Article

Effects of immunomodulatory drugs on depressive symptoms: A mega-analysis of randomized, placebo-controlled clinical trials in inflammatory disorders
Research output: Contribution to journal › Article

Investigating homicide offender typologies based on their clinical histories and crime scene behaviour patterns
Research output: Contribution to journal › Article

Long-term cognitive outcomes in tuberous sclerosis complex
Research output: Contribution to journal › Article

Mechanical Deformation and Electronic Structure of a Blue Copper Azurin in a Solid-State Junction
Research output: Contribution to journal › Article

Predicting inpatient aggression in forensic services using remote monitoring technology: Qualitative study of staff perspectives
Greer, B., Newbery, K., Cella, M. & Wykes, T. HM., 19 Sep 2019, In : Journal of Medical Internet Research. 21, 9, p. e15620 e15620.
Research output: Contribution to journal › Review article

Two Steps from Abolition: The U.S Navy and U.S Defence Unification 1945-1964
Research output: Chapter in Book/Report/Conference proceeding › Conference paper

Who determines the trade-offs between agricultural production and environmental quality? A rural case study from eastern China
Research output: Contribution to journal › Article

'Walk this way': results from a pilot randomised controlled trial of a health coaching intervention to reduce sedentary behaviour and increase physical activity in people with serious mental illness
Research output: Contribution to journal › Article

'Walk this way': results from a pilot randomised controlled trial of a health coaching intervention to reduce sedentary behaviour and increase physical activity in people with serious mental illness
Research output: Contribution to journal › Article

A Systematic Review of Simulation-based Training in Neurosurgery, Part 1: Cranial Neurosurgery

A novel 6R metamorphic mechanism with eight motion branches and multiple furcation points
Song, Y., Ma, X. & Dai, J. S., 18 Sep 2019, In : Mechanism and machine theory. 142, 103598.

Association of Serum Ustekinumab Levels with Clinical Response in Psoriasis

Consumer Safety Considerations of Skin and Oral Microbiome Perturbation

Design characteristics, risk of bias, and reporting of randomised controlled trials supporting approvals of cancer drugs by European Medicines Agency, 2014–16: cross sectional analysis

Headgear-induced temporary pressure alopecia

How I wean patients from veno-venous extra-corporeal membrane oxygenation

Offener Anfang: Die Entstehung des Christentums im 2. Jahrhundert

The p75 neurotrophin receptor is required for the survival of neuronal progenitors and normal formation of the basal forebrain, striatum, thalamus and neocortex

The relationship between depressive symptoms and negative symptoms in people with non-affective psychosis: A meta-analysis
Clinical Reasoning: A 58-year-old man with hand tremor and episodes of neck pain
Research output: Contribution to journal › Article

Enhancer activation by FGF signalling during otic induction
Research output: Contribution to journal › Article

Evolutionary and functional impact of common polymorphic inversions in the human genome
Research output: Contribution to journal › Article

Interleukin-36 promotes systemic Type-I IFN responses in severe forms of psoriasis
Research output: Contribution to journal › Article

Intermediality in the Metamorphoses
Dinter, M. T., 17 Sep 2019, In : Trends in Classics. 11, 1, p. 96-118
Research output: Contribution to journal › Article

Non-technical skills: a review of training and evaluation in urology
Research output: Contribution to journal › Article

RUNX1-ETO Depletion in t(8;21) AML Leads to C/EBPα- and AP-1-Mediated Alterations in Enhancer-Promoter Interaction
Research output: Contribution to journal › Article

The Revolutionary City: Socialist Urbanisation and Nuclear Modernity in Cienfuegos, Cuba
Research output: Contribution to journal › Article

TwinsUK: The UK Adult Twin Registry Update
Research output: Contribution to journal › Article

Associations between prenatal maternal mental health indices and mother-infant relationship quality six to 18 months postpartum: A systematic review
Research output: Contribution to journal › Article

Legally protecting apologies shrinks the clinician-patient relationship
Research output: Contribution to journal › Letter
PM2.5 on the London Underground
Green, D. C., 16 Sep 2019, In : Environment International.
Research output: Contribution to journal › Article

A Historical View on Health Care: A New View on Austerity?
Research output: Contribution to journal › Article

Associations between attentional bias and interpretation bias and change in school concerns and anxiety symptoms during the transition from primary to secondary school
Research output: Contribution to journal › Article

Austerity and Professionalism: Being a Good Healthcare Professional in Bad Conditions
Research output: Contribution to journal › Article

Austerity, Health and Ethics
Research output: Contribution to journal › Editorial

Can the subaltern ‘speak’ science? An intersectional analysis of performances of ‘talking science through muscular intellect’ by ‘subaltern’ students in UK urban secondary science classrooms
Research output: Contribution to journal › Article

Effects of single and combined toxic exposures on the gut microbiome: Current knowledge and future directions
Research output: Contribution to journal › Article

Experimental measurements of black carbon emission factors to estimate the global impact of uncontrolled burning of waste
Research output: Contribution to journal › Article

Health and functional outcomes for shared and unique variances of interpersonal callousness and low prosocial behavior
Research output: Contribution to journal › Article

Non-invasive vagus nerve stimulation (nVNS) for the preventive treatment of episodic migraine: The multicentre, double-blind, randomised, sham-controlled PREMIUM trial
Research output: Contribution to journal › Article

Noncanonical Ion Channel Behaviour in Pain
Research output: Contribution to journal › Review article
The Ethics Ecosystem: Personal ethics, network governance and regulating actors governing the use of social media research data
