Research outputs
Listing of Research outputs

An Architecture of Information: A Comparison of Wiener’s and Shannon’s Theories of Information
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Brought Into the Fold
Quash, J. B., 2020, Image as Theology (Arts and the Sacred Vol. 5). McInroy, M., Strine, C. & Torrance, A. (eds.). Brepols
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Drawing the boundaries of HMRC’s discretion
Daly, S., 2020, Essays in honour of Judith Freedman. de la Feria, R. & Loutzenhisier, G. (eds.). Bloomsbury Publishing
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Rethinking Britain: ruptures and global connections
Research output: Chapter in Book/Report/Conference proceeding › Chapter

The Gospels for the Life of the World
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Tony Harrison, Poet of Radical Classicism
Hall, E., 2020, Bloomsbury Academic.
Research output: Book/Report › Book

Vote and Voice: An experiment on the effects of inclusive governance rules
Research output: Contribution to journal › Article

What came between Liberalism and Neo-Liberalism? Rethinking Keynesianism, the welfare state and British Social Democracy
Research output: Chapter in Book/Report/Conference proceeding › Chapter

HLA Alleles Associated With Risk of Ankylosing Spondylitis and Rheumatoid Arthritis Influence the Gut Microbiome
Research output: Contribution to journal › Article

Sharing the Burden: The Armenian Question, Humanitarian Intervention, and Anglo-American Visions of Global Order
Laderman, C. M., 6 Dec 2019, Oxford University Press. 336 p. (Oxford Studies in International History)
Research output: Book/Report › Book

Candidalysin: discovery and function in Candida albicans Infections
Research output: Contribution to journal › Review article

Cold-related mortality in three European metropolitan areas: Athens, Lisbon and London. Implications for health promotion
Research output: Contribution to journal › Article
Evaluating a scale of excessive mind wandering among males and females with and without attention-deficit/hyperactivity disorder from a population sample

Mowlem, F. D., Agnew-Blais, J., Pingault, J-B. & Asherson, P. J. E., 1 Dec 2019, In : Scientific Reports. 9, 1, 3071.

Evaluation of algorithms for Multi-Modality Whole Heart Segmentation: An open-access grand challenge

Left dorsolateral prefrontal cortex supports context-dependent prioritisation of off-task thought

Metabolomics reveals a link between homocysteine and lipid metabolism and leukocyte telomere length: the ENGAGE consortium

On-target and off-target effects of novel orthosteric and allosteric activators of GPR84

Quantile regression analysis reveals widespread evidence for gene-environment or gene-gene interactions in myopia development

UK Biobank Eye and Vision Consortium, 1 Dec 2019

The schizophrenia genetics knowledgebase: a comprehensive update of findings from candidate gene studies

Transcriptional profiling unveils type I and II interferon networks in blood and tissues across diseases

The Laws of Medieval Scotland: Legal Compilations from the thirteenth and fourteenth centuries

Adverse effect of catechol-O-methyltransferase (COMT) Val158Met met/met genotype in methamphetamine-related executive dysfunction
Research output: Contribution to journal › Article

Bismuth embedded silica nanoparticles loaded with autophagy suppressant to promote photothermal therapy
Research output: Contribution to journal › Article

Research output: Contribution to journal › Comment/debate

Potential public health impacts of medical cannabis availability on opioid-related harms? Urgent but un-answered questions from Canada
Research output: Contribution to journal › Article

What can sociology offer urban public health?
Research output: Contribution to journal › Editorial

Diet and exercise for preeclampsia prevention in overweight and obese pregnant women: systematic review and meta-analysis
Research output: Contribution to journal › Review article

Roland Barthes and Film: Myth, Eroticism and Poetics
Research output: Book/Report › Book

Using things as art: A Graphic Menagerie of Enchanting Curiosity
Research output: Book/Report › Book

Adverse health outcomes in antidepressants users. An umbrella review of 45 meta-analyses of observational studies.
Research output: Contribution to journal › Article

Europe, Small Navies and Maritime Security
Research output: Book/Report › Book

A prediction model for short-term neonatal outcomes in severe early-onset fetal growth restriction
Research output: Contribution to journal › Article
PTSD in prison settings: A systematic review and meta-analysis of comorbid mental disorders and problematic behaviours
Research output: Contribution to journal › Article

Dual-probe molecular MRI for the in vivo characterization of atherosclerosis in a mouse model: Simultaneous assessment of plaque inflammation and extracellular-matrix remodeling
Research output: Contribution to journal › Article

Making space for practical authority: policy formalization and the right to water in Mexico
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Prospective cohort study of early biosignatures of response to lithium in bipolar-i disorders: overview of the H2020-funded R-LINK initiative
Research output: Contribution to journal › Review article

General Practitioners’ views about their role when children and young people disclose a history of bullying in the community: a qualitative study
Research output: Contribution to journal › Article

The Management Impact of 68Gallium-Tris(Hydroxypyridinone) Prostate Specific Membrane Antigen (68Ga-THP-PSMA) PET-CT Imaging for High-Risk and Biochemically Recurrent Prostate Cancer
Research output: Contribution to journal › Article

Critical Notice of New Work on Speech Acts
Michaelson, E. & Brisinger, E. V., 23 Sep 2019, In : ANALYSIS.
Research output: Contribution to journal › Book/Film/Article review

Prior Preparation Prevents Poor TAVR Performance
Research output: Contribution to journal › Editorial

Targeted and non-targeted forensic profiling of black powder substitutes and gunshot residue using gradient ion chromatography – high resolution mass spectrometry (IC-HRMS)
Research output: Contribution to journal › Article

Development and psychometric properties of the Discrimination and Prejudice Responses Scale; the DAPR
Research output: Contribution to journal › Article
Higher order spherical harmonics reconstruction of fetal diffusion MRI with intensity correction
Research output: Contribution to journal › Article

Injustice Appraisal but not Pain Catastrophizing Mediates the Relationship Between Perceived Ethnic Discrimination and Depression and Disability in Low Back Pain
Scott, W., 22 Sep 2019, In : JOURNAL OF PAIN.
Research output: Contribution to journal › Article

A simple process to tune wettability of pectin-modified silanized glass
Research output: Contribution to journal › Article

Crowdfunding Public Interest Judicial Reviews: A Risky New Resource and the Case for a Practical Ethics
Research output: Contribution to journal › Article

Medical Liability
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Recidivism rates in individuals receiving community sentences: A systematic review
Research output: Contribution to journal › Article

Effects of Immunomodulatory drugs on depressive symptoms: A mega-analysis of randomized, placebo-controlled clinical trials in inflammatory disorders
Research output: Contribution to journal › Article

Investigating homicide offender typologies based on their clinical histories and crime scene behaviour patterns
Research output: Contribution to journal › Article

Long-term cognitive outcomes in tuberous sclerosis complex
Research output: Contribution to journal › Article

Predicting inpatient aggression in forensic services using remote monitoring technology: a qualitative study of staff perspectives
Greer, B., Newbery, K., Cella, M. & Wykes, T. HM., 19 Sep 2019, In : Journal of Medical Internet Research. 21, 9, p. e15620
Research output: Contribution to journal › Article

Two Steps from Abolition: The U.S Navy and U.S Defence Unification 1945-1964
Who determines the trade-offs between agricultural production and environmental quality? A rural case study from eastern China
Research output: Contribution to journal › Article

‘Walk this way’: results from a pilot randomised controlled trial of a health coaching intervention to reduce sedentary behaviour and increase physical activity in people with serious mental illness
Research output: Contribution to journal › Article

A Systematic Review of Simulation-based Training in Neurosurgery, Part 1: Cranial Neurosurgery
Research output: Contribution to journal › Article

Research output: Contribution to journal › Article

Consumer Safety Considerations of Skin and Oral Microbiome Perturbation
Research output: Contribution to journal › Review article

Design characteristics, risk of bias, and reporting of randomised controlled trials supporting approvals of cancer drugs by European Medicines Agency, 2014-16: cross sectional analysis
Research output: Contribution to journal › Article

How i wean patients from veno-venous extra-corporeal membrane oxygenation
Research output: Contribution to journal › Article

Offener Anfang: Die Entstehung des Christentums im 2. Jahrhundert
Research output: Book/Report › Book

The p75 neurotrophin receptor is required for the survival of neuronal progenitors and normal formation of the basal forebrain, striatum, thalamus and neocortex
Research output: Contribution to journal › Article

Interleukin-36 promotes systemic Type-I IFN responses in severe forms of psoriasis
Research output: Contribution to journal › Article
Intermediality in the Metamorphoses
Dinter, M. T., 17 Sep 2019, In : Trends in Classics. 11, 1, p. 96-118
Research output: Contribution to journal › Article

Non-technical skills: a review of training and evaluation in urology
Research output: Contribution to journal › Article

RUNX1-ETO Depletion in t(8;21) AML Leads to C/EBPα- and AP-1-Mediated Alterations in Enhancer-Promoter Interaction
Research output: Contribution to journal › Article

The Revolutionary City: Socialist Urbanisation and Nuclear Modernity in Cienfuegos, Cuba
Research output: Contribution to journal › Article

Associations between prenatal maternal mental health indices and mother-infant relationship quality six to 18 months postpartum: a systematic review
Research output: Contribution to journal › Article

Task-shifting must recognise the professional role of nurses
Research output: Contribution to journal › Comment/debate

A Historical View on Health Care: A New View on Austerity?
Research output: Contribution to journal › Article

Associations between attentional bias and interpretation bias and change in school concerns and anxiety symptoms during the transition from primary to secondary school
Research output: Contribution to journal › Article

Austerity and Professionalism: Being a Good Healthcare Professional in Bad Conditions
Research output: Contribution to journal › Article

Austerity, Health and Ethics
Research output: Contribution to journal › Editorial

Effects of single and combined toxic exposures on the gut microbiome: Current knowledge and future directions
Research output: Contribution to journal › Article

Experimental measurements of black carbon emission factors to estimate the global impact of uncontrolled burning of waste
Health and functional outcomes for shared and unique variances of interpersonal callousness and low prosocial behavior
Research output: Contribution to journal › Article

Non-invasive vagus nerve stimulation (nVNS) for the preventive treatment of episodic migraine: The multicentre, double-blind, randomised, sham-controlled PREMIUM trial
PREMIUM Study Group, 15 Sep 2019, In : Cephalalgia. p. 333102419876920
Research output: Contribution to journal › Article

The Influence of Treatment Engagement on Positive Outcomes in the Context of a School-Based Intervention for Students with Externalizing Behavior Problems
Research output: Contribution to journal › Article

Towards the design of ethical standards related to digital mental health and all its applications
Research output: Contribution to journal › Review article

Transcriptional Signatures of Cognitive Impairment in Rat Exposed to Prenatal Stress
Research output: Contribution to journal › Article

Affordability and Non-Perfectionism in Moral Action
Research output: Contribution to journal › Article

Applications of amyloid, tau, and neuroinflammation PET imaging to Alzheimer's disease and mild cognitive impairment.
Research output: Contribution to journal › Review article

Cardiac resynchronization therapy non-responder to responder conversion rate in the more response to cardiac resynchronization therapy with MultiPoint Pacing (MORE-CRT MPP) study: results from Phase I
Research output: Contribution to journal › Article

Circularity, psychiatry & biomarkers: The operationalisation of Alzheimer's & stress in research
Research output: Contribution to journal › Article

Examining physical health conditions and associations of pain, obesity and function of UK veterans diagnosed with PTSD and other mental health diagnoses
Sharp, M-L., Busuttill, W. & Murphy, D., 14 Sep 2019, In : Journal of Military, Veteran and Family Health. 5, 2
Research output: Contribution to journal › Article

Non-Genetic Factors in Schizophrenia
Stilo, S. A. & Murray, R. M., 14 Sep 2019, In : CURRENT PSYCHIATRY REPORTS. 21, 100
Research output: Contribution to journal › Article
Seizure initiation in infantile spasms vs. focal seizures: proposed common cellular mechanisms
Research output: Contribution to journal › Article

Theory of mind performance in younger and older adults with elevated autistic traits
Research output: Contribution to journal › Article

A case study: views on the practice of opting in and out of lecture capture
Research output: Contribution to journal › Article

A qualitative exploratory study of UK first-time fathers’ experiences, mental health and wellbeing needs during their transition to fatherhood
Research output: Contribution to journal › Article

A systematic review to assess interventions delivered by mobile phones in improving adherence to oral hygiene advice for children and adolescents
Research output: Contribution to journal › Article

Artificial Signal Transduction across Membranes
Vanuytsel, S., Carniello, J. & Wallace, M. I., 13 Sep 2019, In : CHEMBIOCHEM. 0, 0, 1 p.
Research output: Contribution to journal › Article

Associating Cognition With Amyloid Status Using Partially Ordered Set Analysis
Research output: Contribution to journal › Article

Embarking on a professional career: social advantage in dentistry and medicine UK dental and medical student applications and admissions, 1996-2011
Research output: Contribution to journal › Article

Functional stroke symptoms: a narrative review and conceptual model
Research output: Contribution to journal › Article

Goats Mingling with Sheep? Professionalisation, Personalities, and Partnerships between British Civil and Military Engineers, c.1837-1939
Fox, A., 13 Sep 2019, In : War and Society. 38, 4, p. 268-285
Research output: Contribution to journal › Article

High Throughput PET/CT Imaging Using a Multiple Mouse Imaging System
Research output: Contribution to journal › Article

Pessimism and the Alt-Right: Knowledge, Power, Race and Time

SIS, Grigori Tokaev, and the London Controlling Section: New perspectives on a Cold War defector and Cold War deception
Dylan, H., 13 Sep 2019, In : War in History. 26, 4

Body composition in anorexia nervosa: meta-analysis and meta-regression of cross-sectional and longitudinal studies

Converging evidence points towards a role of insulin signaling in regulating compulsive behavior

Current status of simulation and training models in microsurgery: A systematic review

Epidemiology of Pediatric Medical Emergencies at the Kindu Reference General Hospital (HGRK): State of Affairs and Perspectives

Evidence-Based Interventions for Mental Health Consequences of Intimate Partner Violence

Franco's Internationalists: Social Experts and Spain's Search for Legitimacy

Mental health and work: what's next?

On machine learning force fields for metallic nanoparticles
Absent words in a sliding window with applications
Research output: Contribution to journal › Article

Acetylcholine Delays Atrial Activation to Facilitate Atrial Fibrillation
Research output: Contribution to journal › Article

Cognitive behavioural therapy for irritable bowel syndrome): 24 month follow-up of ACTIB trial participants
Research output: Contribution to journal › Article

Determinant Monte Carlo for irreducible Feynman diagrams in the strongly correlated regime
Research output: Contribution to journal › Article

Digital Economy Report 2019 - Value Creation and Capture: Implications for Developing Countries
Research output: Other contribution

Enzymatic quantification of total serum bile acids as a monitoring strategy for women with intrahepatic cholestasis of pregnancy receiving ursodeoxycholic acid treatment: a cohort study
Research output: Contribution to journal › Article

Laughter and the Moral Guide: Dio Chrysostom and Plutarch
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Non-pharmacological interventions for preventing weight gain in patients with first episode schizophrenia or bipolar disorder: A systematic review
Nyboe, L., Lemcke, S., Möller, A. V. & Stubbs, B., 4 Sep 2019, In : Psychiatry Research. 281, p. 112556
Research output: Contribution to journal › Review article

Parallel weight 2 points on Hilbert modular eigenvarieties and the parity conjecture
Research output: Contribution to journal › Article

Reduced mu opioid receptor availability in schizophrenia revealed with [11C]-carfentanil Positron Emission Tomographic Imaging
Research output: Contribution to journal › Article

A systematic review of diabetes self-management education interventions for people with type 2 diabetes mellitus in the Asian Western Pacific (AWP) region
Mohamed, A., Staite, E., Ismail, K. & Winkley, K., 3 Sep 2019, In : Nursing Open. 00
Research output: Contribution to journal › Article
Serine phosphorylation of L-selectin regulates ERM binding, clustering, and monocyte protrusion in transendothelial migration
Ivetic, A., 3 Sep 2019, In : Frontiers in Immunology.
Research output: Contribution to journal › Article

The Children and Young People's Health Partnership Evelina London Model of Care: process evaluation protocol
Research output: Contribution to journal › Article

The relationship between independent and dependent life events and depression symptoms in Sri Lanka: a twin and singleton study
Research output: Contribution to journal › Article

Adolescent-onset heavy cannabis use associated with significantly reduced glial but not neuronal markers and glutamate levels in the hippocampus
Research output: Contribution to journal › Article

Celebrating the contribution of foreign staff in the NHS
Research output: Contribution to journal › Editorial

Dance and decolonisation in Africa: introduction
Research output: Contribution to journal › Editorial

North-South dynamics in academia
Research output: Contribution to journal › Comment/debate

Reset for health creation
While, A., 2 Sep 2019, In : British Journal of Community Nursing. 24, 9, 1 p.
Research output: Contribution to journal › Comment/debate

The forgotten monsoon raga
Schofield, K. R., 2 Sep 2019, India Currents.
Research output: Other contribution

Training final year medical students in telephone communication and prioritization skills: an evaluation in the simulated environment
Research output: Contribution to journal › Article

A brief, patient- and proxy-reported outcome measure in advanced illness: Validity, reliability and responsiveness of the Integrated Palliative care Outcome Scale (IPOS)
Research output: Contribution to journal › Article
A class of global solutions to the Euler-Poisson system.
Research output: Contribution to journal › Article

A combined 32-channel receive-loops/8-channel transmit-dipoles coil array for whole-brain MR imaging at 7T
Research output: Contribution to journal › Article

A randomised, controlled, observer-masked trial of corneal cross-linking for progressive keratoconus in children: The KERALINK protocol
Research output: Contribution to journal › Article

A review of quantification methodologies for multi-hazard interrelationships
Research output: Contribution to journal › Review article

Aircrew Conditioning Programme Impact on +Gz-tolerance
Research output: Contribution to journal › Article

An empirical examination of the use of Easy Read health information in health consultations involving patients with intellectual disabilities
Chinn, D., 1 Sep 2019, In : JOURNAL OF APPLIED RESEARCH IN INTELLECTUAL DISABILITIES.
Research output: Contribution to journal › Article

Assessing telephone-delivered cognitive-behavioural therapy (CBT) and web-delivered CBT versus treatment as usual in irritable bowel syndrome (ACTIB): a multicentre randomised trial
Research output: Contribution to journal › Article

Associations of atopic dermatitis and asthma with child behaviour: Results from the PROBIT cohort
Research output: Contribution to journal › Article

Authors' reply
Research output: Contribution to journal › Letter

Authors' reply
Research output: Contribution to journal › Letter

Bullying Victimization and Suicide Attempt Among Adolescents Aged 12-15 Years From 48 Countries
Research output: Contribution to journal › Article
Calibrated Learning for Online Distributed Power Allocation in Small-Cell Networks
Research output: Contribution to journal › Article

Cancer control in small island nations: from local challenges to global action
Research output: Contribution to journal › Review article

Cardiac Magnetic Resonance Fingerprinting: Technical Developments and Initial Clinical Validation
Cruz, G., Jaubert, O., Botnar, R. M. & Prieto, C., 1 Sep 2019, In : Current Cardiology Reports. 21, 9, p. 101570.
Research output: Contribution to journal › Article

Circadian leaf movements facilitate overtopping of neighbors
Research output: Contribution to journal › Article

Citizen Participation in Neoliberal Times
Research output: Contribution to journal › Editorial

Clinical features and burden of new onset diabetic foot ulcers post simultaneous pancreas kidney transplantation and kidney only transplantation
Research output: Contribution to journal › Article

Clozapine-associated neutropenia in Latin America: incidence report of 5380 Chilean users
Research output: Contribution to journal › Article

Comparison between a pure functional connectivity and a mixed functional-topological model in functional connectivity. An application on parahippocampal gyrus-anterior division data
Finotelli, P., Cabinio, M., Dipasquale, O., Cercignani, M., Francesca, B. & Dulio, P., 1 Sep 2019, In : Biomedical Signal Processing and Control. 54, 101570.
Research output: Contribution to journal › Article

Compensatory strategies below the behavioural surface in autism: A qualitative study
Research output: Contribution to journal › Article

Contribution of STAT3 and RAD23B in Primary Sézary Cells to Histone Deacetylase Inhibitor FK228 Resistance
Research output: Contribution to journal › Article

DOACS in women: pros and cons
Research output: Contribution to journal › Article

Danish study of Non-Invasive testing in Coronary Artery Disease 2 (Dan-NICAD 2): Study design for a controlled study of diagnostic accuracy
Design of a Variable-Mobility Linkage Using the Bohemian Dome

Development and validation of the EUROFORGEN NAME (North African and Middle Eastern) ancestry panel

Dissociative identity as a continuum from healthy mind to psychiatric disorders: Epistemological and neurophenomenological implications approached through hypnosis

Editorial: Trials and Tribulations in Early Autism Intervention Research

Effects of in-utero exposure to chemotherapy on fetal brain growth

Emotional outcomes in clinically isolated syndrome and early phase multiple sclerosis: a systematic review and meta-analysis

Enabling autocracy? Peacebuilding and post-conflict authoritarianism in the Democratic Republic of Congo

Enhanced CAR T cell expansion and prolonged persistence in pediatric patients with ALL treated with a low-affinity CD19 CAR

Establishing key criteria to define and compare models of specialist palliative care: A mixed-methods study using qualitative interviews and Delphi survey
Research output: Contribution to journal › Article

Ethics of limb disposal: Dignity and the medical waste stockpiling scandal
Research output: Contribution to journal › Comment/debate

European task force on atopic dermatitis position paper: treatment of parental atopic dermatitis during preconception, pregnancy and lactation period
Research output: Contribution to journal › Article

Evaluation of a real-time magnetic resonance imaging-guided electrophysiology system for structural and electrophysiological ventricular tachycardia substrate assessment
Research output: Contribution to journal › Article

Expressing Uncertainty in Dental Age Estimation: A Comparison between Two Methods of Calculating the *Average* Standard Deviation
Research output: Contribution to journal › Article

Fetal whole-heart 4D imaging using motion-corrected multi-planar real-time MRI
Research output: Contribution to journal › Article

Food Allergy: Challenges with the New Guidelines
Breslin, M. & Lack, G., 1 Sep 2019, In : Journal of Allergy and Clinical Immunology: In Practice. 7, 7, p. 2499-2501.e4
Research output: Contribution to journal › Short survey

From Garfinkel's 'Experiments in Miniature' to the Ethnomethodological Analysis of Interaction
Research output: Contribution to journal › Article

Gene Variants at Loci Related to Blood Pressure Account for Variation in Response to Antihypertensive Drugs Between Black and White Individuals: Genomic Precision Medicine May Dispense With Ethnicity
Research output: Contribution to journal › Article

Getting your research funded (and other tips for early career cardiovascular investigators)
Avkiran, M., 1 Sep 2019, In : Cardiovascular Research. 115, 11, p. e111-e112
Research output: Contribution to journal › Article

Global Consensus Position Statement on the Use of Testosterone Therapy for Women
HCN3 ion channels: roles in sensory neuronal excitability and pain
Research output: Contribution to journal › Article

Has the sun set for seasonal affective disorder and HPA axis studies? A systematic review and future prospects
Research output: Contribution to journal › Review article

High- versus low-intensity interventions for perinatal depression delivered by non-specialist primary maternal care providers in Nigeria: cluster randomised controlled trial (the EXPONATE trial)
Research output: Contribution to journal › Article

How much of the Solar System should we leave as Wilderness?
Research output: Contribution to journal › Article

Hungering for the past: Nostalgic food labels increase purchase intentions and actual consumption
Research output: Contribution to journal › Article

Imaging Features of Succinate Dehydrogenase-deficient Pheochromocytoma-Paraganglioma Syndromes
Research output: Contribution to journal › Article

Imaging modalities aiding nerve-sparing during radical prostatectomy
Research output: Contribution to journal › Article

Impairments in contractility and cytoskeletal organisation cause nuclear defects in nemaline myopathy
Research output: Contribution to journal › Article

In oceans we trust: Conservation, philanthropy, and the political economy of the Phoenix Islands Protected Area
Research output: Contribution to journal › Article

Inhibition of Rho-associated kinases suppresses cardiac myofibroblast function in engineered connective and heart muscle tissues
Research output: Contribution to journal › Article
Interdisciplinary management of chronic breathlessness
Research output: Contribution to journal › Article

Kinematics and statics of eccentric soft bending actuators with external payloads
Research output: Contribution to journal › Article

King's Brief Interstitial Lung Disease questionnaire: responsiveness and minimum clinically important difference
Research output: Contribution to journal › Article

Left Atrial Effective Conducting Size Predicts Atrial Fibrillation Vulnerability in Persistent but not Paroxysmal Atrial Fibrillation: Left Atrial Effective Conducting Size
Research output: Contribution to journal › Article

Locally different proteome in aortas from patients with stenotic tricuspid and bicuspid aortic valves†
Research output: Contribution to journal › Article

Loss, transition and trust: perspectives of terminally ill patients and their oncologists when transferring care from the hospital into the community at the end of life
Research output: Contribution to journal › Article

Lost in Multidimensional Space: Epistemic Motivations Define and Distinguish Negative Affect
Research output: Contribution to journal › Article

Lung Recruitability In Severe Acute Respiratory Distress Syndrome Requiring Extracorporeal Membrane Oxygenation
Research output: Contribution to journal › Article

Machine learning classifiers can predict Gleason pattern 4 prostate cancer with greater accuracy than experienced radiologists
Research output: Contribution to journal › Article

Multicenter validation of automated trajectories for selective laser amygdalohippocampectomy
Research output: Contribution to journal › Article
Research output: Contribution to journal › Article

Protocolised non-invasive compared with invasive weaning from mechanical ventilation for adults in intensive care: the Breathe RCT
Research output: Contribution to journal › Article

Recollecting a lost dialogue: Structural realism meets neoclassical realism
Research output: Contribution to journal › Article

Reconfiguration-aimed and manifold-operation based type synthesis of metamorphic parallel mechanisms with motion between 1R2T and 2R1T
Research output: Contribution to journal › Article

Revisiting Jeanne Dielman: Autour de Jeanne Dielman (2004), Woman Sitting After Killing (2001), and Akerman's 'cinéma de ressassement'
Murray, R. J., 1 Sep 2019, In : Moving Image Review and Art Journal. 8, 1, p. 54 66 p.
Research output: Contribution to journal › Article

Risks and Benefits of Attention-Deficit/Hyperactivity Disorder Medication on Behavioral and Neuropsychiatric Outcomes: A Qualitative Review of Pharmacoepidemiology Studies Using Linked Prescription Databases
Research output: Contribution to journal › Review article

Sertraline and Mirtazapine Versus Placebo in Subgroups of Depression in Dementia: Findings From the HTA-SADD Randomized Controlled Trial
Research output: Contribution to journal › Article

Simple Schizophrenia: A Forgotten Diagnosis in Psychiatry
Research output: Contribution to journal › Review article

Sociodemographic, clinical and pharmacological profiles of medication misuse and dependence in hospitalised older patients in Norway: A prospective cross-sectional study
Research output: Contribution to journal › Article

Spiritual desire and religious practice
Research output: Contribution to journal › Article

Stereoelectroencephalography electrode placement: Detection of blood vessel conflicts
Research output: Contribution to journal › Article
The impact of 0.2% chlorhexidine gel on oral health and the incidence of pneumonia amongst adults with profound complex neurodisability
Research output: Contribution to journal › Article

The mechanical stability of proteins regulates their translocation rate into the cell nucleus
Research output: Contribution to journal › Article

The prose of passive revolution: Mobile experts, economic planning, and the developmental state in Singapore
Research output: Contribution to journal › Article

The role of medical smartphone apps in clinical decision-support: A literature review
Research output: Contribution to journal › Review article

The use of index teeth vs. full mouth in erosive tooth wear to assess risk factors in the diet: A cross-sectional epidemiological study
Research output: Contribution to journal › Article

To What Extent Do the NRS and CRQ Capture Change in Patients’ Experience of Breathlessness in Advanced Disease? Findings From a Mixed-Methods Double-Blind Randomized Feasibility Trial
Lovell, N., Etkind, S. N., Bajwah, S., Maddocks, M. & Higginson, I. J., 1 Sep 2019, In : Journal of pain and symptom management. 58, 3, p. 369-381.e7
Research output: Contribution to journal › Article

Traffic-related air pollution, health, and allergy: The role of nitrogen dioxide
Research output: Contribution to journal › Editorial

Treatment failure in inflammatory arthritis: time to think about syndemics?
Research output: Contribution to journal › Review article

Traffic-related air pollution, health, and allergy: The role of nitrogen dioxide
Research output: Contribution to journal › Editorial

Treatment in thrombotic antiphospholipid syndrome: a review
Research output: Contribution to journal › Review article

Tumor angiogenesis is differentially regulated by phosphorylation of endothelial cell focal adhesion kinase tyrosines-397 and -861
Research output: Contribution to journal › Article

UK survey of less invasive surfactant administration
Research output: Contribution to journal › Letter
Understanding lactatemia in human sepsis potential impact for early management
Research output: Contribution to journal › Article

Vasopressor Therapy and Blood Pressure Management in the Setting of Acute Kidney Injury
Research output: Contribution to journal › Review article

Web-based decision aid tool for disclosure of a mental health condition in the workplace: a randomised controlled trial
Research output: Contribution to journal › Article

When Do Campaign Effects Persist for Years? Evidence from a Natural Experiment
Jager, K., 1 Sep 2019, 115th APSA Annual Meeting & Exhibition.
Research output: Chapter in Book/Report/Conference proceeding › Conference paper

Which outcome domains are important in palliative care and when? An international expert consensus workshop, using the nominal group technique
Research output: Contribution to journal › Article

"Watch it again and again, watch it a thousand times": Riffing off Appadurai’s views on repeat viewing
Research output: Contribution to journal › Article

A simple linearization method unveils hidden enzymatic assay interferences
Research output: Contribution to journal › Article

A time-varying parameter structural model of the UK economy
Research output: Contribution to journal › Article

Adaptive fuzzy control of a magnetorheological elastomer vibration isolation system with time-varying sinusoidal excitations
Research output: Contribution to journal › Article

Adult-onset psychogenic nonepileptic seizures: a multicenter international study
Research output: Contribution to journal › Article

Aiding the diagnosis of dissociative identity disorder: pattern recognition study of brain biomarkers
Research output: Contribution to journal › Article
CO2 Emissions and Economic Activity: a Short-to-Medium Run Perspective
Fosten, J., Sep 2019, In : ENERGY ECONOMICS. 83, p. 415-429
Research output: Contribution to journal › Article

Can the subaltern ‘speak’ science? An intersectional analysis of performances of ‘talking science through muscular intellect’ by ‘subaltern’ students in UK urban secondary science classrooms
Research output: Contribution to journal › Article

Caries classification and management in the context of the CariesCare International Consensus: Clinical case study
Research output: Contribution to journal › Article

CariesCare Practice Guide: Consensus on Evidence into Practice
Research output: Contribution to journal › Article

Diagnosis: From classification to prediction
Research output: Contribution to journal › Article

From pattern classification to stratification: towards conceptualizing the heterogeneity of Autism Spectrum Disorder
Research output: Contribution to journal › Review article

Generation of a Cohort of Whole-Torso Cardiac Models for Assessing the Utility of a Novel Computed Shock Vector Efficiency Metric for ICD Optimisation
Research output: Contribution to journal › Article

Intermediality - special Issue of Trends in Classics
Research output: Book/Report › Book

Introduction - Intermediality and Roman Literature
Research output: Contribution to journal › Article

Opioid users' willingness to receive prolonged-release buprenorphine depot injections for opioid use disorder
Research output: Contribution to journal › Article

Out of sight, out of mind: Plastic waste exports, psychological distance and consumer plastic purchasing
