Research outputs
Listing of Research outputs

An Architecture of Information: A Comparison of Wiener’s and Shannon’s Theories of Information
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Drawing the boundaries of HMRC’s discretion
Daly, S., 2020, Essays in honour of Judith Freedman. de la Feria, R. & Loutzenhiser, G. (eds.). Bloomsbury Publishing
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Rethinking Britain: ruptures and global connections
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Tony Harrison, Poet of Radical Classicism
Hall, E., 2020, Bloomsbury Academic.
Research output: Book/Report › Book

Vote and Voice: An experiment on the effects of inclusive governance rules
Research output: Contribution to journal › Article

What came between Liberalism and Neo-Liberalism? Rethinking Keynesianism, the welfare state and British Social Democracy
Research output: Chapter in Book/Report/Conference proceeding › Chapter

HLA Alleles Associated With Risk of Ankylosing Spondylitis and Rheumatoid Arthritis Influence the Gut Microbiome
Research output: Contribution to journal › Article

Sharing the Burden: The Armenian Question, Humanitarian Intervention, and Anglo-American Visions of Global Order
Laderman, C. M., 6 Dec 2019, Oxford University Press. 336 p. (Oxford Studies in International History)
Research output: Book/Report › Book

A metabolic profile of all-cause mortality risk identified in an observational study of 44,168 individuals
Research output: Contribution to journal › Article

Candidalysin: discovery and function in Candida albicans infections
Research output: Contribution to journal › Review article

Evaluating a scale of excessive mind wandering among males and females with and without attention-deficit/hyperactivity disorder from a population sample
Mowlem, F. D., Agnew-Blais, J., Pingault, J-B. & Asherson, P. J. E., 1 Dec 2019, In : Scientific Reports. 9, 1, 3071.
Research output: Contribution to journal › Article
Evaluation of algorithms for Multi-Modality Whole Heart Segmentation: An open-access grand challenge
Research output: Contribution to journal › Article

Left dorsolateral prefrontal cortex supports context-dependent prioritisation of off-task thought
Research output: Contribution to journal › Article

Metabolomics reveals a link between homocysteine and lipid metabolism and leukocyte telomere length: the ENGAGE consortium
Research output: Contribution to journal › Article

On-target and off-target effects of novel orthosteric and allosteric activators of GPR84
Research output: Contribution to journal › Article

Quantile regression analysis reveals widespread evidence for gene-environment or gene-gene interactions in myopia development
UK Biobank Eye and Vision Consortium, 1 Dec 2019
Research output: Other contribution

The schizophrenia genetics knowledgebase: a comprehensive update of findings from candidate gene studies
Research output: Contribution to journal › Article

Transcriptional profiling unveils type I and II interferon networks in blood and tissues across diseases
Research output: Contribution to journal › Article

The Laws of Medieval Scotland: Legal Compilations from the thirteenth and fourteenth centuries
Research output: Book/Report › Book

Adverse effect of catechol-O-methyltransferase (COMT) Val158Met met/met genotype in methamphetamine-related executive dysfunction
Research output: Contribution to journal › Article

Bismuth embedded silica nanoparticles loaded with autophagy suppressant to promote photothermal therapy
Potential public health impacts of medical cannabis availability on opioid-related harms? Urgent but un-answered questions from Canada
Research output: Contribution to journal › Article

Diet and exercise for preeclampsia prevention in overweight and obese pregnant women: systematic review and meta-analysis
Research output: Contribution to journal › Article

Using things as art: A Graphic Menagerie of Enchanting Curiosity
Research output: Book/Report › Book

Antipsychotic treatment failure in patients with psychosis and co-morbid cannabis use: A systematic review
Research output: Contribution to journal › Review article

Delayed peripheral treatment with neurotrophin-3 improves sensorimotor recovery after central nervous system injury
Research output: Contribution to journal › Article

Duration of use of proton pump inhibitors and the risk of gastric and oesophageal cancer
Research output: Contribution to journal › Article

Early intervention for bipolar disorder – Do current treatment guidelines provide recommendations for the early stages of the disorder?
Research output: Contribution to journal › Review article

On the graded acceptability of arguments in abstract and instantiated argumentation
Research output: Contribution to journal › Article

Outcomes of emergency laparotomy in patients on extracorporeal membrane oxygenation for severe respiratory failure: A retrospective, observational cohort study
Research output: Contribution to journal › Article

Proteomic signatures of brain regions affected by tau pathology in early and late stages of Alzheimer's disease
Research output: Contribution to journal › Article

Rumination and problematic substance use among individuals with a long-term history of illicit drug use
Research output: Contribution to journal › Article
Effects of immunomodulatory drugs on depressive symptoms: A mega-analysis of randomized, placebo-controlled clinical trials in inflammatory disorders
Research output: Contribution to journal › Article

Consumer Safety Considerations of Skin and Oral Microbiome Perturbation
Research output: Contribution to journal › Review article

Pessimism and the Alt-Right: Knowledge, Power, Race and Time
Research output: Chapter in Book/Report/Conference proceeding › Chapter

A relational view of climate adaptation in the private sector: How do value chain interactions shape business perceptions of climate risk and adaptive behaviour
Research output: Contribution to journal › Article

Stories from physics booklet 2. Forces and motion
Brock, R. A., 10 Sep 2019, Institute of Physics.
Research output: Book/Report › Book

Supporting the wellbeing of science teachers
Research output: Contribution to journal › Article

The Role of Na+(v) channels in synaptic transmission after axotomy in a microfluidic culture platform
Vysokov, N., McMahon, S. B. & Raouf, R., 9 Sep 2019, In : Scientific Reports. 9, 12915
Research output: Contribution to journal › Article

Goal Multiplicity and Innovation: How Social and Economic Goals Affect Open Innovation and Innovation Performance
Research output: Contribution to journal › Article

Promotion of well-being for children of parents with mental illness: A model protocol for research and intervention
Research output: Contribution to journal › Article

Franco’s Internationalists: Social Experts and Spain’s Search for Legitimacy
Research output: Book/Report › Book

Cognitive behavioural therapy for irritable bowel syndrome): 24 month follow-up of ACTIB trial participants
Research output: Contribution to journal › Article
Determinant Monte Carlo for irreducible Feynman diagrams in the strongly correlated regime
Research output: Contribution to journal › Article

Digital Economy Report 2019 - Value Creation and Capture: Implications for Developing Countries
Research output: Other contribution

Enzymatic quantification of total serum bile acids as a monitoring strategy for women with intrahepatic cholestasis of pregnancy receiving ursodeoxycholic acid treatment: a cohort study
Research output: Contribution to journal › Article

Laughter and the Moral Guide: Dio Chrysostom and Plutarch
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Parallel weight 2 points on Hilbert modular eigenvarieties and the parity conjecture
Research output: Contribution to journal › Article

Reduced µ opioid receptor availability in schizophrenia revealed with [11C]-carfentanil Positron Emission Tomographic Imaging
Research output: Contribution to journal › Article

A systematic review of diabetes self-management education interventions for people with type 2 diabetes mellitus in the Asian Western Pacific (AWP) region
Mohamed, A., Staite, E., Ismail, K. & Winkley, K., 3 Sep 2019, In : Nursing Open. 00
Research output: Contribution to journal › Article

Co-creative approaches to knowledge production: what next for bridging the research to practice gap?
Research output: Contribution to journal › Editorial

Roles, responsibilities, and relationships: hearing the voices of Personal Assistants and Directly Employed Care Workers
Research output: Book/Report › Commissioned report

Safeguarding, homelessness and rough sleeping: An analysis of Safeguarding Adults Reviews
Research output: Book/Report › Commissioned report

Serine phosphorylation of L-selectin regulates ERM binding, clustering, and monocyte protrusion in transendothelial migration
Ivetic, A., 3 Sep 2019, In : Frontiers in Immunology.
Research output: Contribution to journal › Article
The Children and Young People's Health Partnership Evelina London Model of Care: process evaluation protocol
CYPHP team, 3 Sep 2019, In : BMJ open. 9, 8, p. e027302
Research output: Contribution to journal » Article

Dance and decolonisation in Africa: introduction
Research output: Contribution to journal » Editorial

Development of a training program for the ultrasound screening of placenta accreta spectrum disorders
Research output: Contribution to journal » Article

North-South dynamics in academia
Research output: Contribution to journal » Comment/debate

The forgotten monsoon raga
Schofield, K. R., 2 Sep 2019, India Currents.
Research output: Other contribution

A brief, patient- and proxy-reported outcome measure in advanced illness: Validity, reliability and responsiveness of the Integrated Palliative care Outcome Scale (IPOS)
Research output: Contribution to journal » Article

A class of global solutions to the Euler-Poisson system.
Research output: Contribution to journal » Article

A combined 32-channel receive-loops/8-channel transmit-dipoles coil array for whole-brain MR imaging at 7T
Research output: Contribution to journal » Article

A review of quantification methodologies for multi-hazard interrelationships
Research output: Contribution to journal » Review article

Assessing telephone-delivered cognitive-behavioural therapy (CBT) and web-delivered CBT versus treatment as usual in irritable bowel syndrome (ACTIB): a multicentre randomised trial
Research output: Contribution to journal » Article

Authors' reply
Research output: Contribution to journal » Letter

Authors' reply
Research output: Contribution to journal » Letter
Development and validation of the EUROFORGEN NAME (North African and Middle Eastern) ancestry panel

Dissociative identity as a continuum from healthy mind to psychiatric disorders: Epistemological and neurophenomenological implications approached through hypnosis

Editorial: Trials and Tribulations in Early Autism Intervention Research

Emotional outcomes in clinically isolated syndrome and early phase multiple sclerosis: a systematic review and meta-analysis

Enabling autocracy? Peacebuilding and post-conflict authoritarianism in the Democratic Republic of Congo

Establishing key criteria to define and compare models of specialist palliative care: A mixed-methods study using qualitative interviews and Delphi survey

Fetal whole-heart 4D imaging using motion-corrected multi-planar real-time MRI

Has the sun set for seasonal affective disorder and HPA axis studies? A systematic review and future prospects

How much of the Solar System should we leave as Wilderness?
Hungering for the past: Nostalgic food labels increase purchase intentions and actual consumption
Research output: Contribution to journal › Article

Impairments in contractility and cytoskeletal organisation cause nuclear defects in nemaline myopathy
Research output: Contribution to journal › Article

In oceans we trust: Conservation, philanthropy, and the political economy of the Phoenix Islands Protected Area
Research output: Contribution to journal › Article

Inhibition of Rho-associated kinases suppresses cardiac myofibroblast function in engineered connective and heart muscle tissues
Research output: Contribution to journal › Article

Interdisciplinary management of chronic breathlessness
Research output: Contribution to journal › Article

Kinematics and statics of eccentric soft bending actuators with external payloads
Research output: Contribution to journal › Article

Lost in Multidimensional Space: Epistemic Motivations Define and Distinguish Negative Affect
Research output: Contribution to journal › Article

Machine learning classifiers can predict Gleason pattern 4 prostate cancer with greater accuracy than experienced radiologists
Research output: Contribution to journal › Article

Multidimensional factor structure of unusual experiences: New measures of positive schizotypy
Research output: Contribution to journal › Article

Need to bleed? Clozapine haematological monitoring approaches a time for change
Research output: Contribution to journal › Article

Novel antipsychotics specificity profile: A clinically oriented review of lurasidone, brexpiprazole, cariprazine and lumateperone
Post-Traumatic Stress Disorder Symptoms are Associated with Incident Chronic Back Pain: A Longitudinal Twin Study of Older Male Veterans
Research output: Contribution to journal › Article

Pre-emptive intervention versus treatment as usual for infants showing early behavioural risk signs of autism spectrum disorder: a single-blind, randomised controlled trial
Research output: Contribution to journal › Article

Primary Selective Laser Trabeculoplasty for Open-Angle Glaucoma and Ocular Hypertension: Clinical Outcomes, Predictors of Success, and Safety from the Laser in Glaucoma and Ocular Hypertension Trial
Research output: Contribution to journal › Article

Reconfiguration-aimed and manifold-operation based type synthesis of metamorphic parallel mechanisms with motion between 1R2T and 2R1T
Research output: Contribution to journal › Article

Risks and Benefits of Attention-Deficit/Hyperactivity Disorder Medication on Behavioral and Neuropsychiatric Outcomes: A Qualitative Review of Pharmacoepidemiology Studies Using Linked Prescription Databases
Research output: Contribution to journal › Review article

Sertraline and Mirtazapine Versus Placebo in Subgroups of Depression in Dementia: Findings From the HTA-SADD Randomized Controlled Trial
Research output: Contribution to journal › Article

Spiritual desire and religious practice
Research output: Contribution to journal › Article

The Association Between Benign Fasciculations and Health Anxiety: A Report of Two Cases and a Systematic Review of the Literature
Research output: Contribution to journal › Review article

The C3a/C3aR axis mediates anti-inflammatory activity and protects against uropathogenic E colī-induced kidney injury in mice
Research output: Contribution to journal › Article
Diagnosis: From classification to prediction
Research output: Contribution to journal › Article

From pattern classification to stratification: towards conceptualizing the heterogeneity of Autism Spectrum Disorder
Research output: Contribution to journal › Review article

Generation of a Cohort of Whole-Torso Cardiac Models for Assessing the Utility of a Novel Computed Shock Vector Efficiency Metric for ICD Optimisation
Research output: Contribution to journal › Article

Lung Recruitability in Severe Acute Respiratory Distress Syndrome Requiring Extracorporeal Membrane Oxygenation
Research output: Contribution to journal › Article

Opioid users' willingness to receive prolonged-release buprenorphine depot injections for opioid use disorder
Research output: Contribution to journal › Article

Out of sight, out of mind: Plastic waste exports, psychological distance and consumer plastic purchasing
Research output: Contribution to journal › Article

Potential influence of physical, psychological and lifestyle factors on the association between television viewing and depressive symptoms: A cross-sectional study
Research output: Contribution to journal › Article

Precision, reproducibility and applicability of an undersampled multi-vene 4D flow MRI sequence for the assessment of cardiac hemodynamics
Research output: Contribution to journal › Article

Relationship between faecal microbiota and plasma metabolome in rats fed NK603 and MON810 GM maize from the GMO90+ study
Research output: Contribution to journal › Article

Resurrecting the interval of need concept to improve dialogue between researchers, policymakers, and social care practitioners
Research output: Contribution to journal › Article

Studying Mars and Clio: Or How Not to Write about the Ethics of Military Conduct and Military History
The quantitative neuroradiology initiative framework: application to dementia
Research output: Contribution to journal › Article

Which types of knowledge-intensive business services firms collaborate with universities for innovation?
Research output: Contribution to journal › Article

Youth self-reported exposure to and perceptions of vaping advertisements: Findings from the 2017 International Tobacco Control Youth Tobacco and Vaping Survey
Research output: Contribution to journal › Article

Efficacy, safety, and tolerability of rimegepant orally disintegrating tablet for the acute treatment of migraine: a randomised, phase 3, double-blind, placebo-controlled trial
Research output: Contribution to journal › Article

Serum Prolactin and Bone Mineral Density in Schizophrenia: A Systematic Review
Research output: Contribution to journal › Article

Is sentinel node biopsy necessary in the radiologically negative axilla in breast cancer?
Research output: Contribution to journal › Editorial

Mental health and work: what's next?
Research output: Contribution to journal › Article

‘The postman wears out fast’: Retiring Sick in London’s Victorian Post Office
Research output: Contribution to journal › Article

An integrated approach to determine interactive genotoxic and global gene expression effects of multiwalled carbon nanotubes (MWCNTs) and benzo[α]pyrene (BaP) on marine mussels evidence of reverse 'Trojan Horse' effects
Research output: Contribution to journal › Article

Chronic inflammation markers are associated with risk of pancreatic cancer in the Swedish AMORIS cohort study
Research output: Contribution to journal › Article

Warning about War: Conflict, Persuasion and Foreign Policy
Research output: Book/Report › Book
Stratified medicine in schizophrenia: how accurate would a test of drug response need to be to achieve cost-effective improvements in quality of life?
Research output: Contribution to journal › Article

Bodies in hunger: Literary representations of the Indian home-front during the Second World War
Research output: Contribution to journal › Article

Human metabolic rate measured in an air tight chamber
Formenti, F., 27 Aug 2019, In : ENERGY AND BUILDINGS.
Research output: Contribution to journal › Letter

Making Space for Art: A Spatial Perspective of Disruptive and Defensive Institutional Work in Venezuela’s Art World
Research output: Contribution to journal › Article

Physical activity and sedentary levels among people living with epilepsy: A systematic review and meta-analysis
Research output: Contribution to journal › Review article

The experiences of active participation in academic conferences for high school science students
Research output: Contribution to journal › Article

Analysis of overfitting in the regularized Cox model
Research output: Contribution to journal › Article

CSF1R inhibitor JNJ-40346527 attenuates microglial proliferation and neurodegeneration in P301S mice
Research output: Contribution to journal › Article

Inflammatory proteins are altered in chronic fatigue syndrome – a systematic review and meta-analysis
Research output: Contribution to journal › Article

Promiscuous G-protein coupled receptor inhibition of transient receptor potential melastatin 3 ion channels by Gβγ subunits
Research output: Contribution to journal › Article

Size matters: an analysis of UK higher education institution mission statements
Research output: Contribution to journal › Article

T2* weighted Placental MRI: Basic research tool or an emerging clinical test of placental dysfunction?
Research output: Contribution to journal › Article
The Houthi-Hezbollah Surrogate Nexus
Krieg, A., 26 Aug 2019
Research output: Non-textual form › Web publication/site

Effective Orchestration? The 1540 Committee and the WMD Terrorism Regime Complex
Research output: Contribution to journal › Article

'The Good Doctor': the making and unmaking of the physician self in contemporary South Africa
Research output: Contribution to journal › Article

Mapping of the binding site for FcμR in human IgM-Fc
Research output: Contribution to journal › Article

Physical activity of people with mental disorders compared to the general population: a systematic review of longitudinal cohort studies
Research output: Contribution to journal › Review article

Prospective qualification of early cerebral biomarkers in a randomised trial of treatment with xenon combined with moderate hypothermia after birth asphyxia.
Research output: Contribution to journal › Article

Serum immunoglobulin levels and the risk of bladder cancer in the AMORIS Cohort
Research output: Contribution to journal › Article

Time optimal control-based RF pulse design under gradient imperfections
Research output: Contribution to journal › Article

Trump, Populism, and American Foreign Policy
Research output: Contribution to journal › Article

Turning that shawl into a cape: Older never married women in their own words – The "Spinsters", the "Singletons", and the "Superheroes".
Research output: Contribution to journal › Article

"You Know What to Do": Proactive Detection of YouTube Videos Targeted by Coordinated Hate Attacks
Research output: Chapter in Book/Report/Conference proceeding › Conference paper

Asymmetric arms control and strategic stability: Scenarios for limiting hypersonic glide vehicles
Research output: Contribution to journal › Article
Correlates of physical activity among 142,118 adolescents aged 12-15 years from 48 low- and middle-income countries
Research output: Contribution to journal › Article

Futurology: how a group of visionaries looked beyond the possible a century ago and predicted today's world
Research output: Contribution to journal › Article

Global Justice and Climate Governance: Bridging Theory and Practice
Research output: Contribution to journal › Book/Film/Article review

How We Are Misinterpreting Physical Activity Intention – Behavior Relations and What to Do About It
Research output: Contribution to journal › Article

How we are misinterpreting physical activity intention - Behavior relations and what to do about it
Research output: Contribution to journal › Article

PCAST/SPCG-17 – A randomised trial of active surveillance in prostate cancer: rationale and design
Research output: Contribution to journal › Article

Plutarch and Cavafy
Research output: Chapter in Book/Report/Conference proceeding › Chapter

Retrieving how diplomacy writes subjects, space, and time: a methodological contribution
Research output: Contribution to journal › Article

The asymptotic growth of states of the 4d N=1 superconformal index
Research output: Contribution to journal › Article

The effect of repeated full immersion simulation training in ureterorenoscopy on mental workload of novice operators
Research output: Contribution to journal › Article

Two-degree-of-freedom internal model position control and fuzzy fractional force control of nonlinear parallel robot
Research output: Contribution to journal › Article

A Theory-Informed Digital Health Intervention in People with Severe Mental Health Problems
Research output: Contribution to journal › Article
An exploration of why health professionals seek to hold statutory powers in mental health services in England: considerations of the Approved Mental Health Professional role
Research output: Contribution to journal › Article

Energy and the European perspective: EU leadership vital as climate crisis intensifies
Research output: Other contribution

Identifying Suicidal Adolescents from Mental Health Records Using Natural Language Processing
Research output: Contribution to journal › Article

Associations between blood pressure across adulthood and late-life brain structure and pathology in the neuroscience substudy of the 1946 British birth cohort (Insight 46): an epidemiological study
Research output: Contribution to journal › Article

Cannabis use and leisure-time sedentary behavior among 94,035 adolescents aged 12-15 years from 24 low- and middle-income countries
Research output: Contribution to journal › Article

Designing the Healthy Eating and Active Lifestyles for Diabetes (HEAL-D) self-management and support programme for UK African and Caribbean communities: a culturally tailored, complex intervention underpinned by behaviour change theory
Research output: Contribution to journal › Article

Exploration of difficulty accessing the mouths of intubated and mechanically ventilated adults for oral care: A video and photographic elicitation study
Research output: Contribution to journal › Article

How to measure the need for transition to adult services among young people with Attention Deficit Hyperactivity Disorder (ADHD): a comparison of surveillance versus case note review methods
Research output: Contribution to journal › Review article

Physical activity and sedentary behavior patterns and sociodemographic correlates in 118,982 adults from six South American countries: The South American physical activity and sedentary behavior network (SAPASEN)
Research output: Contribution to journal › Article

Protocol for an outcome assessor-blinded pilot randomised controlled trial of an ion-exchange water softener for the prevention of atopic eczema in neonates, with an embedded mechanistic study: The SOFtened waTER for eczema prevention trial (SOFTER)
Research output: Contribution to journal › Article
The Landscape of Lexicography
Research output: Book/Report › Book

Wingless-type MMTV integration site family member 5a is a key inhibitor of islet stellate cells activation
Research output: Contribution to journal › Article

Effects of immunomodulatory drugs on depressive symptoms: A mega-analysis of randomized, placebo-controlled clinical trials in inflammatory disorders
Research output: Contribution to journal › Article

Forces and constraints controlling podosome assembly and disassembly
Research output: Contribution to journal › Article

Peripheral cytokine levels and response to antidepressant treatment in depression: a systematic review and meta-analysis
Research output: Contribution to journal › Review article

The 10-year impact of a ward-level quality improvement intervention in acute hospitals: a multiple methods study
Research output: Contribution to journal › Article

The exposome in atopic dermatitis
Research output: Contribution to journal › Review article

The fear of being compared: State-shadowing in the Himalayas, 1910–62
Research output: Contribution to journal › Article

A pilot mixed methods study to investigate the utility of a collaborative anaesthetic and surgical training package for emergency surgical cricothyroidotomy
Research output: Contribution to journal › Article

Should GPs have direct access to imaging for headache? A qualitative study of patients' views in the UK
Research output: Contribution to journal › Article

A Formalisation of Nominal Alpha-Equivalence with A, C, and AC Function Symbols
Research output: Contribution to journal › Article
Associations of brain pathology, cognitive and physical markers with age in cognitively normal individuals aged 60-102 years
Research output: Contribution to journal › Article

Designing high-quality implementation research: development, application, feasibility and preliminary evaluation of the implementation science research development (ImpRes) tool and guide
Research output: Contribution to journal › Article

Non-Orthogonal Unicast and Broadcast Transmission via Joint Beamforming and LDM in Cellular Networks
Research output: Contribution to journal › Article

Patient and public involvement in priority-setting decisions in England’s Transforming NHS: An interview study with Clinical Commissioning Groups in South London sustainability transformation partnerships
Research output: Contribution to journal › Article

TESSERACT: Eliminating Experimental Bias in Malware Classification across Space and Time
Research output: Chapter in Book/Report/Conference proceeding › Conference paper

The POU4F2/Brn-3b transcription factor is required for the hypertrophic response to angiotensin II in the heart
Research output: Contribution to journal › Article

Alternate Reality Games: Promotion and Participatory Culture
Research output: Book/Report › Book

Automatic Brain Tumor Segmentation Based on Cascaded Convolutional Neural Networks With Uncertainty Estimation
Research output: Contribution to journal › Article

Iron and Zinc Homeostasis and Interactions: Does Enteric Zinc Excretion Cross-Talk with Intestinal Iron Absorption?
Research output: Contribution to journal › Review article

Lateral optical force on linearly polarized dipoles near a magneto-optical surface based on polarization conversion
Research output: Contribution to journal › Article

The Renal Collecting Duct Rises to the Defence
Research output: Contribution to journal › Article

A Binary Quantifier for Definite Descriptions in Intuitionist Negative Free Logic: Natural Deduction and Normalisation
Kürbis, N., 12 Aug 2019, In : Bulletin of the Section of Logic. 48, 2, p. 81-97
Research output: Contribution to journal › Article
Body site-specific genetic effects influence naevus count distribution in women
Research output: Contribution to journal › Article

In Utero Gene Therapy (IUGT) Using GLOBE Lentiviral Vector Phenotypically Corrects the Heterozygous Humanised Mouse Model and Its Progress Can Be Monitored Using MRI Techniques
Research output: Contribution to journal › Article

John F. Kennedy und der Vietnamkrieg
Research output: Chapter in Book/Report/Conference proceeding › Chapter

More than Smart Speakers: Security and Privacy Perceptions of Smart Home Personal Assistants
Research output: Contribution to conference types › Paper

The Role of Exercise in Preventing and Treating Depression
Research output: Contribution to journal › Article

'A Secret, Melodramatic Sort of Conspiracy': The Disreputable Legacies of Fenian Violence in Nineteenth-Century London
Research output: Contribution to journal › Article

Comrades at War: Soviet radio broadcasting during the 1979 Sino-Vietnamese War
Research output: Contribution to journal › Article

Emerging role of cardiac computed tomography in heart failure
Research output: Contribution to journal › Review article

The role of different patterns of psychomotor symptoms in major depressive episode: pooled analysis of the BRIDGE and BRIDGE-II-MIX cohorts
Research output: Contribution to journal › Article

A comprehensive multi-index cardiac magnetic resonance-guided assessment of atrial fibrillation substrate prior to ablation: prediction of long-term outcomes
Research output: Contribution to journal › Article

Crossing of a different kind
Research output: Contribution to journal › Article
Gambling risks: Exploring social work practitioners’ experiences of clients presenting with risks of gambling-related harm
