npj | Parkinson's Disease

Meet the Editors

npj Parkinson's Disease is an open access, online-only, international peer-reviewed journal. The journal is dedicated to highlighting the most important scientific advances in Parkinson's disease research, spanning the motor and non-motor disorders of Parkinson's disease.

Part of the [Nature Partner Journals](#) series, *npj Parkinson's Disease* is published in partnership between Nature Publishing Group and the [Parkinson's Disease Foundation](#). The journal is now [open for submissions](#) – visit the website to [explore the benefits](#) of submitting your next manuscript.

ABOUT THE PARTNER

The [Parkinson's Disease Foundation](#) (PDF) is a leading national presence in Parkinson's disease research, education and public advocacy. They are working for the nearly one million people in the US who live with Parkinson's by funding promising scientific research while supporting people living with Parkinson's through educational programs and services. Since its founding in 1957, PDF has dedicated over \$105 million to fund the work of leading scientists throughout the world and over \$44 million to support national education and advocacy initiatives.

ABOUT THE EDITORS

EDITOR-IN-CHIEF

David Sulzer, PhD, Columbia University, New York, USA

David Sulzer received a PhD in biology from Columbia University in 1988 and is a professor in the Departments of Psychiatry, Pharmacology, and Neurology at Columbia University. He is a member of the Parkinson's Disease Foundation Research Center at Columbia and is a member of the Foundation's Scientific Advisory Board, as well as the Founding Chair of the Gordon Research Conference on Parkinson's Disease.
