

Employment

Research Assistant

Psychological Medicine
King's College London
United Kingdom
8 Apr 2024 → present

2023 Clinical Research Practitioner in Major Trauma/Neurosurgery at Imperial College London
2022 Clinical Research Practitioner in Neuro/ENT Oncology, GSTT
2021 Laboratory Intern at the Centre for Stem Cells & Regenerative Medicine, KCL
2020 MSc Neuroscience Student

Prizes

1st Prize in the Francis Crick Innovation Challenge

Engstler, Elena (Recipient) & Hussain, Sarah (Recipient), Jul 2022

Student theses

Developing a multi scale cellular automata simulation model of a vascularised brain tumour environment to predict angiogenic potential of brain endothelial cells

Author: Engstler, E., 2020

Supervisor: Veschini, L. (Supervisor) & Chesnais, F. (Supervisor)

Research outputs

Risk Consciousness and Public Perceptions of Covid-19 Vaccine Passports

Ajana, B., Engstler, E., Ismail, A. & Kousta, M., 21 Jun 2023, In: SOCIAL SCIENCE INFORMATION. 62, 2, p. 233-258 26 p.

Perceptions and attitudes towards Covid-19 vaccines: Narratives from members of the UK public

Ajana, B., Ismail, A., Engstler, E. & Kousta, M., 30 Jun 2022, In: Journal of Public Health: From Theory to Practice.

A spatialised agent-based model of NOTCH signalling pathway in Endothelial Cells predicts emergent heterogeneity due to continual dynamic phenotypic adjustments

Engstler, E., Veschini, L., Chesnais, F., Battilocchi, M., Danovi, D., Sego, T.J. & Glazier, J., 2022.
